B34	Investment objective and policy, including investment restrictions	<p>Each Company invests in a diversified portfolio of smaller companies in order to generate income and capital growth over the long-term.</p> <p>The principal investment objective of each Company is to maintain a diversified portfolio of Qualifying Investments, primarily being companies which are traded on AIM and have the potential for significant value appreciation.</p> <p>Both Companies have secondary objectives, to boost the performance of each Company through targeted investment in equities which are Non-Qualifying Investments on an opportunistic basis.</p> <p>The primary purpose of the investment strategy of each Company is to ensure that the Companies maintain their status as VCTs. To achieve this, both Companies must have 70% of all net funds raised from the issue of shares invested in Qualifying Investments throughout accounting periods beginning no later than 3 years after the date on which those shares are issued. It is likely that the Investment Manager will target a higher threshold of approximately 80% in order to provide some element of protection against an inadvertent breach of the VCT rules. Each Company's maximum exposure to a single Qualifying Investment is limited to 15% of net assets.</p> <p>Both Companies have additional Non-Qualifying Investments in UK equities and international equities through targeted investments made on an opportunistic basis or through an investment into the Marlborough Special Situations Fund. This will vary in accordance with the Investment Manager's view of the equity markets and may fluctuate between nil and 30% of the net assets of that class of share. The Investment Manager will invest up to 75% of the net proceeds of any issue of new shares of both Companies into the Marlborough Special Situations Fund subject to a maximum of 20% of the gross assets of each Company. The allocation between asset classes in the non-qualifying portfolio will vary depending upon opportunities that arise with a maximum exposure of 100% of the non-qualifying portfolio to any individual asset class.</p> <p>Each Company is subject to the investment restrictions relating to a venture capital trust in the Income Trust Act 2007 and in the Listing Rules which specify that (i) the Company must, at all times, invest and manage its assets in a way which is consistent with its object of spreading investment risk and in accordance with its published investment policy; (ii) the Company must not conduct any trading activity which is significant in the context of its group as a whole; and (iii) the Company may not invest more than 10%, in aggregate, of the value of the total assets of the issuer at the time an investment is made in other listed closed-ended investment funds.</p>
B35	Borrowing limits	<p>The Articles of Association of each Company restrict borrowings to 15% of the aggregate total amount received from time to time on the subscription for shares of each Company; the current policy however is that investments will normally be made using the shareholders' funds and it is not intended that either Company will take on any long-term borrowings. As at the date of this document neither Company has any borrowings.</p>
B36	Regulatory status	<p>Each Company is subject to the provisions of the Act and UK law generally. Each Company's Ordinary Shares are listed on the premium segment of the Official List and, as a qualifying VCT, each Company is subject to regulation by HMRC in order to retain such a status.</p>
B37	Typical investor	<p>The typical investor for whom investment in the Companies is designed is an individual retail investor aged 18 or over who is resident and a tax payer in the UK.</p>
B38	Investments of 20% or more in a single company	<p>Not applicable. Neither Company has any investments which represent more than 20% of its gross assets in a single company or group.</p>
B39	Investments of 40% or more in a	<p>Not applicable. Neither Company has any investments which represent more than 40% of its gross assets in a single company or group.</p>

It has won numerous awards for its management of these funds, most recently the 2012 Quoted Company 'Investor of the Year' Award. The Marlborough Special Situations Fund, in which both Hargreave Hale AIM VCTs will invest, has returned 1,589.02%¹ since Giles Hargreave took responsibility for it in July 1998.</p> <p>Hargreave Hale provides discretionary investment management and advisory services to both Companies in respect of their portfolio of Qualifying Investments and Non-Qualifying Investments.</p> <p>For each Company, the Investment Manager receives investment management fees (exclusive of VAT) equal to 1.5% per annum of the Net Asset Value of the relevant Company as well as a Performance Incentive Fee. Such appointments may be terminated on 12 calendar months' notice by either party.</p> <p>In line with normal VCT practice, a performance related incentive fee will be payable subject to certain criteria. This will be payable at the rate of 20% of any dividends paid to Ordinary Shareholders in excess of 6p per Ordinary Share per annum, provided that the Net Asset Value per Ordinary Share is at least 95p, with any cumulative shortfalls below 6p per Ordinary Share having to be made up in subsequent years.</p> <p>A maximum of 75% of the Investment Manager's annual fee (plus irrevocable VAT, but excluding any incentive fee) will be chargeable against capital reserves, with the remainder of the Investment Manager's annual fee being chargeable against revenue.</p>

The intention is to continue the existing policy of targeting a 5% distribution yield (referenced to the financial year end Net Asset Value per Share), although the ability to pay dividends will clearly be influenced by various factors, including performance.
D		Risks
D2	Key information on the risks specific to the Companies	<ul style="list-style-type: none"> • The Companies will invest principally in small companies with gross assets of less than £15 million prior to investment and this may limit the number of investment opportunities available to the Companies. In addition small companies generally have a higher risk profile than larger and they may not produce the anticipated returns. • Past performance of the Companies and their investments is no indication of their future performance. The return received by Investors will be dependent on the performance of the underlying investments of the Companies. The value of such investments, and interest income and dividends there from, may rise or fall. • Investments may be made in companies whose shares are not readily marketable and, therefore, may be difficult to realise. There may also be constraints imposed on the realisation of investments to maintain the VCT tax status of the Companies. • The Investment Manager's ability to obtain maximum value from the investments (for example, through sale) may be limited by the requirements imposed in order to maintain the VCT qualification status of the Companies. • Whilst it is the intention of the Directors that the Companies will continue to be managed so as to qualify as VCTs, there can be no guarantee that the VCT status will be maintained, which may result in adverse tax consequences. • The conditions determining whether an investment of the Companies is a Qualifying Investment under the VCT rules may change and such changes could limit the types of investments available to the Companies. • Changes in legislation concerning VCTs in general, and Qualifying Investments and qualifying trades in particular, may restrict or adversely affect the ability of the Companies to meet their objectives and/or reduce the level of returns which would otherwise have been achievable. The levels and basis of, and relief from, taxation are those available for the 2013/14 tax year and are subject to change. Such changes could be retrospective. Those shown in this document are based upon current legislation, practice and interpretation. The tax reliefs for future tax years are subject to change. • In April 2013, the FCA published a policy statement on payments to platform service providers and cash rebates from providers to consumers (PS 13/1). The Companies may operate in, what the FCA terms in PS13/1, an 'adjacent market'. These are essentially non-platform firms which act in a similar capacity to platforms but are not considered to be platforms under the FCA's rules. Due to the feedback that the FCA received to Consultation Paper CP12/12, the FCA has said that it will consider adjacent markets in the future as part of its ongoing work and intends to consult on rules in respect of rebates at a later date if necessary.

		<ul style="list-style-type: none"> The Finance Act 2012 excludes the use of VCT funds raised on or after 6 April 2012 for the purchase by Qualifying Companies of shares in another company. This may limit the number of Qualifying Investments available to the VCTs. The Finance Act 2012 has increased the maximum annual amount that can be invested in an individual company from £2 million to £5 million. This investment limit extends beyond VCTs and includes all other sources of State-aided risk capital. A breach of this limit may lead to HMRC withdrawing the Companies' status as a VCT with potentially adverse tax consequences, including the claw back of the 30% income tax relief from those investors who have not held their shares for five years.
D3	Key information on the risks specific to the securities	<ul style="list-style-type: none"> An investment into Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 should be for a minimum of five years. If a Shareholder disposes of their New Ordinary Shares within five years of issue they will be subject to claw back by HM Revenue & Customs of some or all of the 30% income tax relief originally claimed. Since the value of a VCT depends on the performance of the underlying assets, prospective Investors should be aware that the value of New Ordinary Shares, and the income from them, may go down as well as up. An Investor may not get back the amount originally invested. It is possible for Investors to lose their tax reliefs by themselves taking or not taking certain steps, and Investors are advised to take their own independent financial advice on the tax aspects of their investment. Although the existing Shares are already listed on the premium segment of the Official List and are admitted to trading on the London Stock Exchange, and the New Ordinary Shares will be listed on the premium segment of the Official List and admitted to trading on the London Stock Exchange, the secondary market for VCT shares is generally illiquid and Shareholders may find it difficult to realise their investment. An investment in the Companies should, therefore, be considered as a long-term investment. In July 2013 HMRC issued a consultation paper, "Venture Capital Trusts share buy-backs", which proposes restricting tax relief on subscription for shares in a VCT after 5 April 2014, where, within 6 months, the investor had disposed of shares in that VCT, or a VCT with the same or similar investment management. If introduced, such proposals may lead to a restriction on income tax relief available to an Investor for the issue of Ordinary Shares, if within 6 months the subscriber had disposed of shares in either of the Hargreave Hale AIM VCTs. The paper also suggests that limits may be placed on the amount of tax free dividends a VCT can pay and that such payments may even be restricted.

RISK FACTORS

Although the significant tax benefits available to Investors in Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 reduce the risk of the investment, prospective Investors should consider carefully the following risk factors. If any of the risks described below were to occur, it could have a material effect on each of the Companies' businesses, financial condition or results of operations. The risks described below are those specific to the Companies and all the material risks in respect of the New Ordinary Shares. The value of the New Ordinary Shares could decline due to any of the risk factors described below and prospective investors could lose part or all of their investment. This document does not constitute financial advice and prospective investors are recommended to consult an independent financial adviser authorised under the FSMA before deciding whether to apply for New Ordinary Shares under the terms of the Offers.

- An investment into Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 should be for a minimum of five years. If a Shareholder disposes of their New Ordinary Shares within five years of issue they will be subject to claw back by HM Revenue & Customs of some or all of the 30% income tax relief originally claimed.
- Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 will invest principally in small companies with gross assets of less than £15 million prior to investment. This may limit the number of investment opportunities available to the Companies. Small companies generally have a higher risk profile than larger 'blue chip' companies on account of various factors such as greater reliance on fewer larger customers, less financial resilience, weak or negative cash flow from operations, less management resource, controlling shareholders and volatile share prices. They may not produce the anticipated returns.
- Since the value of a VCT depends on the performance of the underlying assets, prospective Investors should be aware that the value of New Ordinary Shares, and the income from them, may go down as well as up. An Investor may not get back the amount originally invested.
- Past performance of the Companies and their investments is no indication of their future performance. The return received by Investors will be dependent on the performance of the underlying investments of the Companies. The value of such investments, and interest income and dividends there from, may rise or fall.
- Investments may be made in companies whose shares are not readily marketable and, therefore, may be difficult to realise. ISDX is not regulated by either the UK Listing Authority or the London Stock Exchange. The fact that a share is quoted on ISDX, or on AIM, does not guarantee its liquidity, and an investment in such shares (in particular on ISDX) may be difficult to realise. There may also be constraints imposed on the realisation of investments to maintain the VCT tax status of the Companies.
- The Investment Manager's ability to obtain maximum value from the investments (for example, through sale) may be limited by the requirements imposed in order to maintain the VCT qualification status of the Companies.
- Whilst it is the intention of the Directors that the Companies will be managed so as to continue to qualify as a VCT, there can be no guarantee that the status will be maintained. A failure to maintain the qualifying status could result in the Companies losing the tax reliefs previously obtained, resulting in adverse tax consequences for Investors. Possible adverse consequences include: a requirement to repay the 30% income tax relief for those who have not held their shares for five years; loss of income tax relief on dividends paid (or subsequently payable) by the Companies; loss of tax relief previously obtained in relation to corporation tax on capital gains made by the Companies; a liability to capital gains tax on the disposal of New Ordinary Shares; and the potential cancellation of the shares from the London Stock Exchange's Official List, which would require shareholder approval.
- Changes in legislation concerning VCTs in general, and Qualifying Investments and qualifying trades in particular, may restrict or adversely affect the ability of the Companies to meet their objectives and/or reduce the level of returns which would otherwise have been achievable. The levels and basis of, and relief from, taxation are those available for the 2013/14 tax year and are subject to change. Such changes could be retrospective. Those shown in this document are based upon current legislation, practice and interpretation. The tax reliefs for future tax years are subject to change and

Investors should seek their own tax advice appropriate to their individual circumstances.

- In July 2013 HMRC issued a consultation paper, “Venture Capital Trusts share buy-backs”, which proposes restricting tax relief on subscription for shares in a VCT after 5 April 2014, where, within 6 months, the investor had disposed of shares in that VCT, or a VCT with the same or similar investment management. If introduced, such proposals may lead to a restriction on income tax relief available to an Investor for the issue of Ordinary Shares, if within 6 months the subscriber had disposed of shares in either of the Hargreave Hale AIM VCTs. The paper also suggests that limits may be placed on the amount of tax free dividends a VCT can pay and that such payments may even be restricted.
- In April 2013, the FCA published a policy statement on payments to platform service providers and cash rebates from providers to consumers (PS 13/1). The Companies may operate in, what the FCA terms in PS13/1, an ‘adjacent market’. These are essentially non-platform firms which act in a similar capacity to platforms but are not considered to be platforms under the FCA’s rules. Due to the feedback that the FCA received to Consultation Paper CP12/12, the FCA has said that it will consider adjacent markets in the future as part of its ongoing work and intends to consult on rules in respect of rebates at a later date if necessary.
- It is possible for Investors to lose their tax reliefs by themselves taking or not taking certain steps, and Investors are advised to take their own independent financial advice on the tax aspects of their investment.
- Although the Ordinary Shares are already listed on the premium segment of the Official List and are admitted to trading on the London Stock Exchange, and the New Ordinary Shares will be listed on the premium segment of the Official List and admitted to trading on the London Stock Exchange, it is possible that there may not be a liquid market in the New Ordinary Shares and Shareholders may have difficulty in selling them, primarily because the initial income tax relief is only available to those subscribing for newly issued shares. The Ordinary Shares usually trade at a discount to the Net Asset Value of the Companies. The Directors intend, subject to liquidity, the Listing Rules, the Prospectus Rules, the Act and VCT regulations, to pursue a policy of purchasing Ordinary Shares in the market in order to facilitate liquidity for Ordinary Shareholders and to manage the level of the discount to NAV at which the Ordinary Shares may be trading. The Companies will endeavour to facilitate such sales at a price which represents a discount of no more than 5% to the last published NAV of the relevant Company. However, the Directors reserve the right to suspend or amend the buy-back policy in certain circumstances.
- The conditions determining whether an investment of the Companies is a Qualifying Investment under the VCT rules may change and such changes could limit the types of investments available to the Companies.
- The Finance Act 2012 excludes the use of VCT funds raised on or after 6 April 2012 for the purchase by Qualifying Companies of shares in another company. This may limit the number of Qualifying Investments available to the VCTs.
- The Finance Act 2012 has increased the maximum annual amount that can be invested in an individual company from £2 million to £5 million. This investment limit extends beyond VCTs and includes all other sources of State-aided risk capital. A breach of this limit may lead to HMRC withdrawing the Companies’ status as a VCT with potentially adverse tax consequences, including the claw back of the 30% income tax relief from those investors who have not held their shares for five years.

OFFER STATISTICS

Offer Price per Ordinary Share in relation to the relevant Company

The price at which the Ordinary Shares in the relevant Company will be allotted will be calculated on the basis of the following formula (the "Pricing Formula"):

The last Net Asset Value of an existing Ordinary Share in issue in the relevant Company as published by the relevant Company prior to the date of allotment divided by 0.965 to allow for issue costs of 3.5% calculated, in pence, to two decimal places.

Therefore costs and expenses of 3.5% (and the Adviser Charge, if applicable) will be deducted from the Investor's subscription.

Minimum subscription per Investor

The minimum subscription per Investor is £5,000 (and from this amount no less than £2,500 may be invested in each Company if the subscription is to be split equally or otherwise between both Companies). Applications in respect of less than £5,000 in aggregate will not be accepted.

WHAT IS A VCT?

INTRODUCTION

A Venture Capital Trust is a company, broadly similar to an investment trust, which has been approved by HMRC and which subscribes for shares in, (or lends money to), small unquoted companies, including those quoted on AIM or certain ISDX markets. Under the VCT scheme, VCTs and their investors enjoy certain tax reliefs. The VCT scheme is designed to encourage investment in small unquoted companies. Individuals invest by holding shares in a VCT. The VCT invests in a spread of small unquoted companies, enabling investors to spread their risk, just as they do by holding shares in an ordinary investment trust.

A VCT has a number of tax advantages. The following is only a summary of the current law concerning the tax position of individual investors in VCTs. Potential Investors who are in any doubt about the taxation consequences of investing in a VCT are recommended to consult their own independent financial adviser. A more detailed explanation of the tax implications relating to VCT's is set out in Part II.

TAX RELIEFS FOR INDIVIDUAL INVESTORS RESIDENT IN THE UK

The tax reliefs set out below are available to individuals aged 18 or over who subscribe under the Offer for New Ordinary Shares. Tax reliefs will only be given to the extent that an individual's total investments in VCTs in any tax year do not exceed the qualifying limit, which is currently £200,000. Investors who intend to invest more than £200,000 in VCTs in any one tax year should seek professional advice.

Relief from income tax

On investment

Income tax relief at the rate of 30% will be available on subscriptions for shares in VCTs up to a maximum of £200,000 in any tax year. Relief is limited to the amount which reduces the investor's income tax liability to nil. This relief must be repaid should the shares be sold or otherwise disposed of within five years, other than in the event of death.

On dividends

An Investor who subscribes for or acquires up to a maximum of £200,000 of ordinary shares in VCTs in any given tax year will not be liable to UK income tax on dividends paid by the VCT on those shares.

Relief from capital gains tax

A disposal by an Investor of Shares (whether acquired by subscription for new shares or subsequent acquisition) in a VCT will give rise to neither a chargeable gain nor an allowable loss for the purposes of UK capital gains tax provided the sale is conducted at arms length. This relief is limited to disposals of shares acquired within the limit of £200,000 for any tax year. On the death of an Investor or a spouse who has acquired shares in a VCT within marriage, no capital gains tax or income tax will become payable by either the investor, their spouse or anyone inheriting the shares, as a result of the death.

OBTAINING TAX RELIEFS

Each Investor will be issued with a certificate which can be used to claim income tax relief, either immediately by obtaining an adjustment to their tax coding from HMRC or by waiting until the end of the tax year and using their tax return to claim relief.

INVESTORS NOT RESIDENT IN THE UK

Investors who are not resident in the UK, or who may cease to be resident in the UK, should seek their own professional advice as to the consequences of making an investment in VCTs.

PART I

A. INTRODUCTION

Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 are seeking to raise up to £10 million each through an offer for subscription of New Ordinary Shares. **This will give investors an opportunity to subscribe for New Ordinary Shares and, subject to the satisfaction of relevant criteria, receive income tax relief of up to 30 per cent. in the 2013/14 and/or 2014/15 tax years (as applicable).**

The new money will be invested by the award winning Hargreave Hale investment team which has a proven track record of investment in smaller companies. Most of the investments will be made in small Qualifying Companies which are listed on AIM.

The Directors believe that in respect of both Companies, raising new capital will ensure that they have sufficient liquid funds to support their investment objectives of investing in both Qualifying Investment and Non-Qualifying Investment opportunities and reduce the Total Expense Ratios whilst at the same time having sufficient resources to continue the Companies' dividend and share buy-back policies. Furthermore, the Directors would like to take advantage of the recently amended legislation which enables investment to be made by VCTs in larger companies with assets of up to £15 million and with up to 250 employees.

The two Companies have identical investment policies and are subject to the same VCT legislation. They have established investment portfolios of qualifying investments albeit with some minor differences. In particular, Hargreave Hale AIM VCT 1 has some larger companies on its portfolio and greater exposure to Qualifying Investments. Both Companies have the ability to invest in the Marlborough Special Situations Fund, which is run by the same team as the Companies, and has returned 1,589.02%² since Giles Hargreave took responsibility for it in July 1998.

Both Companies have a common dividend policy that targets a distribution of 5% of Net Asset Value annually. To improve liquidity, both Companies have established buy-back policies and, with effect from 6 April 2012, the Companies have been buying-back Ordinary Shares at a 5% discount to the prevailing Net Asset Value per Share, thereby improving Shareholder returns on exit. The dividend and share buy-back policies are non-binding and are at each Board's discretion.

B. REASONS FOR THE OFFERS

The raising of further funds by way of the Offers is intended to create the following benefits:

- provide the Companies with new capital for investment into Qualifying Companies under the amended and less onerous VCT legislation introduced through the Finance Act 2012 allows investment into more substantial companies than was previously the case;
- attract new capital to both Companies that will help promote their long time viability, meet expenses and reduce the Total Expense Ratios. The extent to which the Total Expense Ratios are reduced will depend on the amount raised under the Offers; and
- provide existing and new investors with the opportunity to invest into small companies through a tax efficient structure and with an award winning Investment Manager that has a long track record of successful investment into small companies.

C. ABOUT THE COMPANIES

Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 are existing Venture Capital Trusts. Both Companies share a common objective, namely to make tax-free dividend distributions from capital gains and income generated through investment in a diversified portfolio of Qualifying Companies. The Investment Manager will seek to enhance this return through targeted Non-Qualifying Investments in equities and fixed income where appropriate.

In both cases, the Investment Manager has already built an existing and diversified portfolio of Qualifying Investments. Both Companies met the HMRC guidelines for VCTs by the required date and have continued to

² 1 July 1997 to 18 October 2013, source: Marlborough Fund Managers.

do so since. The existing portfolios have a strong bias towards companies with a quotation on AIM, however, there are a limited number of investments in ISDX-quoted and private companies.

Hargreave Hale AIM VCT 1

Hargreave Hale AIM VCT 1 is an established VCT that was originally launched in August 2004 as the Keydata AIM VCT and on 30 September 2009 was renamed Hargreave Hale AIM VCT 1 plc. The fund raised £14.3 million through an Ordinary Share issue in 2004/5 and then a further £17.9 million in 2005/6 through a C share issue. The C shares were converted into Ordinary Shares on 8 October 2008 based on the audited Net Asset Value per Share on 30 September 2008. Hargreave Hale has been the appointed Investment Manager and custodian from the outset. £4.4 million was raised between 2010 and 2013 through further offers, whilst £5.2 million was raised through the 2012 enhanced share buy-back.

As at 30 September 2013 Hargreave Hale AIM VCT 1 was 94.20% invested in Qualifying Investments (as defined in the ITA).

Hargreave Hale AIM VCT 2

Hargreave Hale AIM VCT 2 is an established VCT that was originally launched in September 2006 as the Keydata AIM VCT 2 and on 30 September 2009 was renamed Hargreave Hale AIM VCT 2 plc. The Company raised £4.6 million through an Ordinary Share issue in 2006/7. Hargreave Hale has been the appointed Investment Manager and custodian from the outset. £6.5 million was raised between 2010 and 2013 through further offers, whilst £1.7 million was raised through the 2012 enhanced share buy-back.

As at 30 September 2013 Hargreave Hale AIM VCT 2 was 81.17% invested in Qualifying Investments (as defined in the ITA).

D. DIVIDEND HISTORY AND POLICY

Both Companies have well established track records of paying out tax free dividends to their Shareholders. The table below shows the cumulative dividend distributions paid to date to holders of Ordinary Shares. The yields listed are calculated with reference to the closing Net Asset Value per Share in the financial year to which the dividends relate.

1. Due to a change in accounting periods, Hargreave Hale AIM VCT 2 did not present a full set of accounts in February 2008. For ease of reference, this table assumes the VCT's accounting period end has been in February throughout the life of the company.

The intention is to continue the existing policy of targeting a 5% distribution yield (referenced to the Net Asset Value of each Company), although the ability to pay dividends will clearly be influenced by the underlying investment performance of the Ordinary Shares and the relevant Company's available reserves and cash resources, the Act and the Listing Rules. In good years, the Directors may consider a higher dividend payment; in poor years, the Directors may reduce or even pay no dividend.

E. RETURNS ON PREVIOUS OFFERS OF THE COMPANIES

Below is a table outlining returns as at 18 October 2013 to Shareholders of the Companies. The returns, which assume an initial investment of £10,000 are net of fees and assume a gross price paid of 100 pence per Ordinary Share in the financial year in which the relevant share was launched. When establishing the return net of tax relief, the calculation assumes a net cost to Shareholders of 60p per share for shares in Hargreave Hale AIM VCT 1 and 70 pence per share for shares in Hargreave Hale AIM VCT 2.

Tax Year	Company	NAV	Dividends	Total Return ¹	Return excl. Tax Relief	Return incl. Tax Relief	FTSE AIM All-Share ²

F. SHARE BUY-BACK HISTORY AND MANAGEMENT OF SHARE LIQUIDITY

In order to improve the liquidity in the Ordinary Shares of both Companies, each Board has established buy-back policies whereby each Company will purchase Ordinary Shares for cancellation. Over many years, Hargreave Hale AIM VCT 1 has consistently demonstrated its commitment to improving Shareholder liquidity through its regular share buy-back policy, which has seen it acquire 9,927,522 Ordinary Shares at a discount of approximately 10% to the prevailing Net Asset Value per share. In the case of Hargreave Hale AIM VCT 2, the early Shareholders only emerged from their five year lock-in in March 2012. As a result, Hargreave Hale AIM

VCT 2 has only acquired 917,649 Ordinary Shares through its regular share buy-back policy.

With effect from 6 April 2012, the Companies have been buying back Ordinary Shares at a 5% discount to the prevailing Net Asset Value per share. The Directors believe that the reduced discount between the share price and the Net Asset Value per share improves Shareholder returns on exit. They also believe the current policy is one of the most attractive in the AIM and generalist VCT sector and will help attract potential investors who previously viewed the 10% discount as a deterrent to investment.

The 5% buy-back discount is non-binding and at the Directors' discretion. The Directors reserve the right to return to the previous policies of purchasing shares at 10% below Net Asset Value per share, or in extremis to suspend share buy-backs, if the policy places the Companies' cash and liquid assets under undue pressure or leads to instability within the Shareholder base.

Share buy-backs are subject to the Listing Rules, which may restrict the Companies' ability to buy Shares back. For example, the price will be limited by the Listing Rules to a maximum of 105% of the average market value of the Ordinary Shares over the preceding five business days.

The Boards intend to continue to publish NAV on a weekly basis. Shareholders are reminded that to benefit from income tax relief on their Ordinary Shares they should hold their Ordinary Shares for at least five years and if they dispose of their Shares within that period they are likely to lose their income tax relief.

G. INVESTMENT POLICIES OF BOTH COMPANIES

The investment policies for each Company are as follows:

Investment Objectives

The Company's investment objectives are:

- to invest in a diversified portfolio of small UK based companies on a high risk, medium term capital growth basis, primarily being companies which are traded on AIM and which have the opportunity for significant value appreciation;
- to invest in smaller companies which may not be readily accessible to private individuals and which also tend to be more risky;
- to maximise distributions to shareholders from capital gains and income generated from the Company's funds; and
- targeted investment in equities which are non-qualifying investments on an opportunistic basis to boost the performance of the Company.
- to maintain the Company's exposure to small companies through an initial investment of new capital into the Marlborough Special Situations Fund pending investment into Qualifying Companies.

Asset Allocation

The Company will have a range of investments in three distinct asset classes:

- Equity investments in Qualifying Companies, referred to as "**Qualifying Investments**". Qualifying Investment will:
 - comprise qualifying holdings for a VCT as defined in Chapter 4 Part 6 of the Income Tax Act 2007;
 - primarily be made in AIM companies, but the Company's investment manager ("**Investment Manager**") will also consider ISDX-quoted companies and private companies that meet the investment criteria summarised below.
 - vary in size from £50,000 to £1 million.
- Sovereign debt, quasi-sovereign debt, bonds and other fixed income securities.
- Bank deposits that are readily realisable.
- Non-Qualifying equity exposure to UK and international equities through targeted investments made on an opportunistic basis to boost the performance of the company or through an investment into the

Marlborough Special Situations Fund.

Investment Strategy

Qualifying Investments

The Investment Manager will maintain a diversified and fully invested portfolio of Qualifying Investments, primarily in small UK companies with a quotation on AIM. The primary purpose of the investment strategy is to ensure the Company maintains its status as a VCT. To achieve this, the Company must have 70% of all funds raised from the issue of shares invested in Qualifying Investments throughout accounting periods of the VCT beginning no later than three years after the date on which those shares are issued.

Although VCTs are required to invest and maintain a minimum of 70% of their funds invested in Qualifying Investments as measured by the VCT rules, it is likely that the Investment Manager will target a higher threshold of approximately 80% in order to provide some element of protection against an inadvertent breach of the VCT rules. The Company's maximum exposure to a single Qualifying Investment is limited to 15% of net assets.

The key selection criteria used by the Investment Manager in deciding which Qualifying Investments to make include, inter alia:

- the strength and credibility of the management team;
- the business plan;
- the risk/reward profile of the investment opportunity;
- the quality of the finance function and budgetary process;
- the strength of the balance sheet relative to anticipated cash flow from operations; and
- the existing balance of investments within the portfolio of Qualifying Investments.

The Investment Manager will follow a stock specific, rather than sector specific, investment approach and is more likely to provide expansionary capital than seed capital.

The Investment Manager will primarily focus on investments in companies with a quotation on AIM or plans to trade on AIM. The Investment Manager prefers to participate in secondary issues of companies that are quoted on AIM as such companies have an established track record that can be more readily assessed and greater disclosure of financial performance. Secondary issues are often priced at an attractive discount to the market price.

Non-Qualifying Investments

The Companies will have non-qualifying equity exposure to UK and international equities through targeted investments made on an opportunistic basis to boost the performance of the Company. This will vary in accordance with the Investment Manager's view of the equity markets and may fluctuate between nil and 30% of the net assets of the Company. The Investment Manager will also invest in Gilts, other fixed income securities and cash. The Investment Manager will invest up to 75% of the net proceeds of any issue of new shares into the Marlborough Special Situations Fund subject to a maximum of 20% of the gross assets of the Company. This will enable the Companies to maintain their exposure to small companies indirectly, whilst the Investment Manager identifies opportunities to invest directly into small UK companies through a suitable number of Qualifying Investments.

The allocation between asset classes in the non-qualifying portfolio will vary depending upon opportunities that arise with a maximum exposure of 100% of the non-qualifying portfolio to any individual asset class.

Borrowings

It is not the Companies' intention to have any borrowings. The Companies do, however, have the ability to borrow a maximum amount up to 15% of the "Adjusted Capital and Reserves" amount (as such term is defined in the Articles of Association of each of the Companies), which is effectively the aggregate of the nominal capital of the Company issued and paid up and the amount standing to the credit of the consolidated reserves of the Company, less specified adjustments, exclusions and deductions. There are no plans to utilise this ability at the current time.

H. MANAGEMENT OF INVESTMENT POLICY

Deal Flow

Hargreave Hale manages in total approximately £2.83 billion. The fund management team has approximately £1.6 billion under management, of which approximately £1.4 billion is invested in small companies, many of which are quoted on AIM. The breadth of the investment team, the scale of investment in small companies and the Investment Manager's track record and many years of investing in AIM and ISDX-quoted (formerly OFEX) companies help attract deal flow.

The investment team has regular meetings, typically 14 per week, with small companies, a number of which would be suitable for investment by the Funds. These relationships, along with the ability to co-invest alongside the other funds managed by the Investment Manager, should increase the quality and quantity of the investment pipeline.

In the 12 months prior to 31 October 2013, Hargreave Hale AIM VCT 1 made 10 Qualifying Investments, whilst Hargreave Hale AIM VCT 2 made 12 Qualifying Investments.

Post-Investment Management

The Investment Manager monitors each investment closely and usually expects to meet with the management of Investee Companies twice a year.

As the values of underlying investments increase, the Investment Manager will monitor opportunities for the Funds to realise a proportion of the capital gain, and to make tax-free distributions to Shareholders.

Co-Investment Policy

The Investment Manager manages other funds that can invest in the same companies as Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2, including the Marlborough Special Situations Fund and the Marlborough UK Micro Cap Growth Fund. Therefore, in appropriate circumstances, the Companies will invest alongside other funds managed by the Investment Manager. When contemplating a co-investment, the Investment Manager will first consider factors such as the risk profiles and investment strategies of the participating funds, the size of the fund raising and anticipated allocations when deciding on how much each fund will subscribe for. Any scaling back of applications made by the Investment Manager for shares in investee companies, on behalf of the different funds it manages, will be pro rata to the amount originally applied for by each fund.

Where the Companies intend to invest in the same companies as other funds managed by the Investment Manager, any such investment must first be approved by those Directors of the Board who are independent of the Investment Manager, unless the investment is made either at the same time and on the same terms, or in accordance with a pre-existing agreement between the Companies and the Investment Manager. The Investment Manager will notify the Boards but will not require approval prior to the co-investment if circumstances prevent full consultation.

Valuation Policy

Investments in AIM and ISDX-quoted shares will be valued at the prevailing bid price.

All other investments will be valued in accordance with EVCA guidelines.

I. RISK MANAGEMENT

The design of the structure of the Companies' funds, and their investment strategies, has been developed to reduce risk as much as possible. The key risk management features are detailed below.

- **Broad portfolio of companies** – These help reduce stock specific risk, but not market risk. Whilst both Companies have stable and diversified portfolios, the Investment Manager may need to add to the portfolios of Qualifying Investments.
- **Significant proportion of investments in gilts, other fixed interest securities and bank deposits** – A significant proportion of funds will be invested by the Investment Manager in this way, although the level of the exposure will vary depending on the Investment Manager's view of the equity markets.
- **Close monitoring of investments** – The Investment Manager will closely monitor the performance

of all the investments made by the Companies in order to identify any problems and to enable it to take swift corrective action where possible.

- **Co-investment** – The Investment Manager manages other non-VCT funds that can invest in the same companies as the Companies. In appropriate circumstances, therefore, the Companies will invest alongside such other funds. Further details are set out the paragraph headed "Co-Investment Policy" at paragraph H (Management of Investment Policy) above.
- **Risk reports** - The Investment Manager prepares and distributes regular risk reports to the boards of directors of the Companies. These reports pay particular attention to the top ten investments and provide an oversight of potential vulnerabilities such as the concentration of balance sheet and earnings risk, free cash flow and valuation risk.

J. THE OFFERS

Terms and Conditions

The Offers are conditional on the Offer Agreement referred to in paragraph 9 of Part V becoming unconditional and not being terminated in relation to a Company in accordance with its terms. The Offers are not inter-conditional.

Investors are invited to subscribe an amount in pounds sterling rather than apply for a particular number of Ordinary Shares.

Personal Investment Levels

The minimum subscription per Investor is £5,000 in respect of the Offers (and from this amount no less than £2,500 may be invested in each Company if the subscription is to be split equally or otherwise between both Companies). Applications in respect of less than £5,000 in aggregate will not be accepted. The maximum investment which can be made in order to qualify for the personal tax reliefs available from a VCT is currently £200,000 per person per tax year. Applicants may make multiple applications under each of the Offers, provided that the investor guidelines for VCTs are followed. The Investor should take appropriate independent financial advice.

In the event that applications are received for New Ordinary Shares in excess of the Maximum Subscriptions under the Offers, the Directors reserve the right to exercise their discretion in the allocation of successful applications, although allocation will usually be on a first come first served basis.

Timetable

The Offers will open on 1 November 2013, subject to the conditions set out above. The first allotment under the Offers is expected to be on or before 18 November 2013. Thereafter, the Directors reserve the right to allot Ordinary Shares at any time whilst the Offers remain open.

The closing date for the Offers in respect of the 2013/14 tax year will be at 12.00 p.m. on 4 April 2014. If the Offers are not fully subscribed at that time, the Directors reserve the right to allow the Offers to remain open for at least part of the 2014/15 tax year, but not beyond 12.00 p.m. on 31 October 2014.

The results of the Offers will be announced through a regulatory information service within 3 business days of the closing of the Offers. Dealings in New Ordinary Shares are expected to commence within 10 business days of the relevant allotments.

Pricing Formula

The price of the New Ordinary Shares to be issued pursuant to the Offers will be calculated by reference to the last Net Asset Value of an existing Ordinary Share as published by the relevant Company prior to the date of allotment. The New Ordinary Shares will be priced according to the Pricing Formula:

$$\text{Price of New Ordinary Share} = \frac{\text{Last Net Asset Value per Ordinary Share}}{0.965}$$

The price will be calculated in pence to two decimal places. New Ordinary Shares will be issued at a 3.5% premium to the Net Asset Value per Share to make allowance for the costs of the Offers.

Monies which are not sufficient to buy one New Ordinary Share will not be returned to applicants but will be retained by the relevant Company and fractions of New Ordinary Shares will not be issued. The New Ordinary Shares to be issued pursuant to the Offers will rank pari passu with the existing Ordinary Shares of the relevant Company.

Worked Example:

As at 18 October 2013, the unaudited Net Asset Value per Ordinary Share of Hargreave Hale AIM VCT 1 was 74.28p, which would have resulted in an Offer Price of 76.97p per New Ordinary Share (74.28p divided by 0.965).

As at 18 October 2013, the unaudited Net Asset Value per Ordinary Share of Hargreave Hale AIM VCT 2 was 102.44p, which would have resulted in an Offer Price of 106.16p per New Ordinary Share (102.44p divided by 0.965).

Listing

Application will be made to the UK Listing Authority and the London Stock Exchange for the New Ordinary Shares to be admitted to the premium segment of the Official List of the UK Listing Authority and to trading on the London Stock Exchange. All New Ordinary Shares will be transferable and will rank pari passu in all respects with existing Ordinary Shares of the relevant Company.

In the case of Investors requesting share certificates, it is intended that definitive shares certificates will be despatched within 10 business days of allotment. Prior to despatch of definitive share certificates, transfers will be certified against the register. No temporary documents of title will be issued. Investors who wish to take advantage of the ability to trade New Ordinary Shares in uncertified form, and who have access to a CREST account, may arrange to have their New Ordinary Shares allotted directly to their CREST account, or subsequently to convert their holdings to dematerialised form in CREST. Share certificates may be registered directly to an Investor's nominee company and deposited to CREST, however, applications must be made in the name of the Investor, rather than that of the nominee company.

Category of Potential Investors

A typical investor for whom the Offers are designed is an individual who is a UK income taxpayer over 18 years of age with an investment range of between £5,000 and £200,000 per tax year who considers the investment policy as detailed in Part I of this document to be attractive and can accept the high level of risk associated with an investment into a VCT. Investment in a VCT will not be suitable for every type of investor and should be considered as a medium to long term investment with a minimum holding period of five years.

Before deciding whether to subscribe for New Ordinary Shares Investors are strongly encouraged to consult an independent adviser authorised under FSMA and to carefully consider the suitability of an investment into the Companies in light of their personal circumstances.

Adviser Charges and Commission

As a consequence of the FCA's Retail Distribution Review, commission is no longer payable to financial intermediaries in respect of advised sales of retail investment products sold to retail investors in the UK. Therefore if an Investor's financial intermediary provides him with advice in respect of his investment in New Ordinary Shares, neither Hargreave Hale nor the Companies will pay commission to his financial intermediary. Instead, the financial intermediary will need to agree an Adviser Charge with the Investor which the Investor will be responsible for paying. The Companies can, however, facilitate the payment of an Adviser Charge on behalf of an Investor so that the Investor does not have to make a separate payment to his financial intermediary. If Investors require the Companies to facilitate the payment of any such Adviser Charge on their behalf they should request a copy of the Adviser Charge Agreement from Hargreave Hale and complete the same in accordance with the terms and return it to Hargreave Hale. Investors should also complete the relevant parts of the Application Form.

If no advice has been provided by a financial intermediary to an Investor in respect of his application for New Ordinary Shares then commission will be paid by Hargreave Hale (which will be paid out of the 3.5% fee received by Hargreave Hale pursuant to the terms of the Offer Agreement). In this regard, introductory commission is being offered to authorised financial intermediaries at the rate of 1% on the value of successful applications submitted through them (or introductory commission of 0.5% plus trail commission). The introductory commission may be waived and reinvested through an additional allotment of New Ordinary Shares.

Platform Service Remuneration

Following a consultation process, the FCA has introduced new rules on the way in which platform service providers are remunerated in its policy statement on payments to platform service providers and cash rebates from providers to consumers (PS 13/1) which shall come into force with effect from 6 April 2014. This Prospectus has been prepared so as to be compliant with the new rules.

With effect from 6 April 2014, if an Investor makes an investment in the New Ordinary Shares via a platform service provider, neither Hargreave Hale nor the Companies will make any payment to such platform service provider unless such a payment is for pricing error corrections, administering corporate actions, research performed by the platform service provider and management information and/or advertising. The platform service provider will need to agree any Platform Charge with the Investor which the Investor will be responsible for paying. Neither Hargreave Hale nor the Companies will facilitate the payment of a Platform Charge on behalf of the Investor.

L. THE DIRECTORS

The Boards of each Company comprises three Directors, two of whom are independent of the Investment Manager. The Directors operate in a non-executive capacity and are responsible for overseeing the investment strategy of the Companies and ensuring high levels of corporate governance. Both Boards have a wide range of investment experience and are actively engaged in the management of VCTs. Whilst the Investment Manager operates under a discretionary fund management mandate, it will, where possible, disseminate an investment report for a proposed Qualifying Investment to the Boards for consideration before making an investment. The Investment Manager will not commit to an investment into a private company with no firm intention to float without the prior approval of the Boards.

N. MANAGEMENT REMUNERATION AND EXPENSES

Management Agreements

Hargreave Hale provides discretionary investment management and advisory services to both Companies in respect of their portfolio of Qualifying Investments and Non-Qualifying Investments.

For Hargreave Hale AIM VCT 1, the Investment Manager receives investment management fees (exclusive of VAT) equal to 1.5% per annum of the Net Asset Value of the relevant Company and a Performance Incentive Fee.

For Hargreave Hale AIM VCT 2, the Investment Manager receives investment management fees (exclusive of VAT) equal to 1.5% per annum of the Net Asset Value of the Company and a Performance Incentive Fee.

The appointment may be terminated on 12 calendar months' notice by either party.

In line with normal VCT practice, a performance related incentive fee will be payable subject to certain

criteria. This will be payable at the rate of 20% of any dividends paid to Ordinary Shareholders in excess of 6p per Ordinary Share per annum, provided that the Net Asset Value per Ordinary Share is at least 95p, with any cumulative shortfalls below 6p per Ordinary Share having to be made up in subsequent years.

Charging Expenses to Capital

A maximum of 75% of the Investment Manager's annual fee (plus irrecoverable VAT, but excluding any incentive fee) will be chargeable against capital reserves, with the remainder of the Investment Manager's annual fee being chargeable against revenue.

O. LIFE OF THE COMPANIES AND ANNUAL ACCOUNTS

Hargreave Hale AIM VCT 1

Hargreave Hale AIM VCT 1's annual report and accounts are made up to 30 September in each year and are normally sent to shareholders in December of each year. It is the current intention of the Directors that the first report to be sent to Investors after the close of the Offers will be the audited annual accounts for the year ending 30 September 2014.

It is intended that Hargreave Hale AIM VCT 1 should have an unlimited life, but the Directors consider that it is desirable for shareholders to have the opportunity to review the future of the Company at appropriate intervals. Hargreave Hale AIM VCT 1's Articles of Association require the Directors to put a proposal to shareholders concerning the continuation of that company at the annual general meeting in 2019 and, if passed, at every fifth anniversary thereafter. As there is a risk for new Shareholders under the Offers that if the continuation vote is passed in favour of discontinuance, they will thereby be deemed to have disposed within their five year holding period, it is a condition to the Offers therefore that prior Shareholder approval is granted to delay the continuation vote until 2020 and to adopt the new articles of association accordingly.

Hargreave Hale AIM VCT 2

Hargreave Hale AIM VCT 2's annual report and accounts are made up to 28 February in each year and are normally sent to Shareholders in June of each year. It is the current intention of the Directors that the first report to be sent to Investors after the close of the Offers will be the audited annual accounts for the year ending 28 February 2015.

It is intended that Hargreave Hale AIM VCT 2 should have an unlimited life, but the Directors consider that it is desirable for Shareholders to have the opportunity to review the future of the Company at appropriate intervals. Hargreave Hale AIM VCT 2's Articles of Association require the Directors to put a proposal to Shareholders concerning the continuation of the Company at the annual general meeting in 2019 and, if passed, at every fifth anniversary thereafter. As there is a risk for new Shareholders under the Offers that if the continuation vote is passed in favour of discontinuance, they will thereby be deemed to have disposed within their five year holding period, it is a condition to the Offers therefore that prior Shareholder approval is granted to delay the continuation vote until 2020 and to adopt the new articles of association accordingly.

P. VCT STATUS AND MONITORING

Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 have retained PricewaterhouseCoopers to advise on tax matters generally and, in particular, the maintenance of VCT status. HMRC has confirmed that both of the Companies qualify as VCTs, PricewaterhouseCoopers will assist the Investment Manager in establishing the status of investments as Qualifying Investments and monitoring these investments and will report directly to the Board. In order to continue to comply with VCT requirements, both Companies must have 70% of all net funds raised from the issue of shares invested in Qualifying Investments throughout accounting periods beginning no later than three years after the date on which those shares are issued.

As at 30 September 2013 Hargreave Hale AIM VCT 1 was 94.20% invested in Qualifying Investments. As at 30 September 2013 Hargreave Hale AIM VCT 2 was 81.17% invested in Qualifying Investments (as defined in the ITA).

PART II

TAXATION CONSIDERATIONS FOR INVESTORS

The following is only a summary of the law concerning the tax position of individual investors in VCTs. Potential investors who are in any doubt about the taxation consequences of investing in a VCT are recommended to consult a professional adviser.

Tax reliefs

The tax reliefs set out below are available to individuals aged 18 or over who subscribe for Ordinary Shares under the Offers. Whilst there is no specific limit on the amount of an individual's acquisition of shares in a VCT, tax reliefs will only be given to the extent that the total of an individual's subscriptions or other acquisitions of shares in VCTs in any tax year do not exceed £200,000. Investors who intend to invest more than £200,000 in VCTs in any one tax year should seek professional advice.

(a) *Income tax*

(i) *Relief from income tax on investment*

Income tax relief at the rate of 30% will be available on subscriptions for Ordinary Shares up to a maximum investment in VCTs of £200,000 in any tax year. This relief is limited to the amount that reduces the investor's income tax liability to nil.

The effect of this relief for an investor subscribing £10,000 for Ordinary Shares is shown below:

	Value £
Initial investment	10,000
Less income tax relief at 30%	(3,000)
Effective net cost to investor	7,000

To obtain the income tax relief an investor must subscribe on his own behalf although the Ordinary Shares may subsequently be transferred to a nominee. Investments to be used as security for or financed by loans may not qualify for relief, depending on the circumstances.

(ii) *Dividend relief*

An investor who acquires in any tax year VCT shares having a value of up to £200,000 will not be liable to income tax on dividends paid by the VCT on those shares.

(iii) *Purchases made through the market*

An individual who purchases existing VCT shares through the secondary market will be entitled to claim dividend relief (as described in paragraph (ii) above) but not relief from income tax on investment (as described in paragraph (i) above).

(iv) *Withdrawal of relief*

Relief from income tax on a subscription for VCT shares will be withdrawn if the VCT shares are disposed of (other than between spouses or in the event of death) within five years of issue or if the VCT loses its approval within this period.

(b) *Capital gains tax*

(i) *Relief from capital gains tax on the disposal of shares*

A disposal by an investor of Ordinary Shares will give rise to neither a chargeable gain nor an allowable loss for the purposes of UK capital gains tax. The relief is limited to the disposal of VCT shares acquired within the limit of £200,000 for any tax year.

(ii) *Purchases made through the market*

An individual who purchases existing VCT shares through the secondary market will be entitled to claim relief from capital gains tax on disposal (as described in paragraph (b)(i) above).

Illustrative example of effect of income tax relief

The following tables show what an Investor would need to earn on a gross basis from both bank interest and taxable income from investments in bonds and equities to achieve the same equivalent net yield from a dividend distribution by a VCT. The yields detailed below, which are for illustration purposes only, are calculated with reference to the cost of investment net of the initial 30% income tax relief. In these illustrative examples, the price of the new shares is taken to be 100 pence, this will not be the case under the Offers.

They are presented for:

(i) an additional rate taxpayer, with a marginal income tax rate on interest income of 45% and a marginal income tax rate on dividend income of 37.5%. After adjusting for the 10% tax credit, the effective tax rate on dividend income falls to 30.6%.

(ii) a higher rate taxpayer, with a marginal income tax rate on interest income of 40% and a marginal income tax rate on dividend income of 32.5%. After adjusting for the 10% tax credit, the effective tax rate on dividend income falls to 25.0%.

(iii) a basic rate taxpayer, with a marginal income tax rate on interest income of 20% and a marginal income tax rate on dividend income of 10%. After adjusting for the 10% tax credit, the effective tax rate on dividend income falls to nil.

Equivalent Gross Yields based on a dividend distribution of 5% of NAV p.a.

Income Tax Rate	Basic Rate (20%)	Higher Rate (40%)	Additional Rate (45%)
VCT Yield (assuming 30% income tax relief)	7.1%	7.1%	7.1%
Equivalent Gross Interest Yield	8.9%	11.9%	12.9%
Equivalent Gross Dividend Yield	7.1%	9.5%	10.2%

Obtaining tax reliefs

The Companies will provide to each investor a certificate which the investor may use to claim income tax relief, either by obtaining from HMRC an adjustment to his tax coding under the PAYE system or by waiting until the end of the tax year and using his tax return to claim relief.

Investors not resident in the UK

Investors not resident in the UK should seek professional advice as to the consequences of making an investment in a VCT as they may be subject to tax in other jurisdictions as well as in the UK.

Withholding taxation

No taxation will be withheld at source on any income arising from the Ordinary Shares and the Companies assume no responsibility for such withholding.

Withdrawal of approval

If a company which has been granted approval as a VCT subsequently fails to comply with the conditions for approval, approval as a VCT may be withdrawn or treated as never having been given. In these circumstances, relief from income tax on the initial investment is repayable unless loss of approval occurs more than five years after the issue of the relevant VCT shares. In addition, relief ceases to be available on any dividend paid in respect of profits or gains in any accounting period ending when VCT status has been lost and any gains on the VCT shares up to the date from which loss of VCT status is treated as taking effect will be exempt, but gains thereafter will be taxable.

PART III

CONDITIONS TO BE MET BY VENTURE CAPITAL TRUSTS

The Companies have to satisfy a number of tests to qualify as VCTs. A summary of these tests is set out below.

Qualification as a VCT

To qualify as a VCT, a company must be approved as such by HMRC. To obtain such approval it must:

- (a) not be a close company;
- (b) have each class of its ordinary share capital quoted on any regulated market in the EU or European Economic Area;
- (c) derive its income wholly or mainly from shares or securities;
- (d) have at least 70% by value of its investments in shares or securities in Qualifying Investments;
- (e) for funds raised after 5 April 2011, have at least 70% by value of Qualifying Investments in 'eligible shares', which are ordinary shares which carry no preferential rights to assets on a winding up and no rights to be redeemed, although they may have certain preferential rights to dividends. For funds raised before 6 April 2011, at least 30% by value of Qualifying Investments have to be in 'eligible shares', which are ordinary shares which carry no preferential rights to dividends or to assets on a winding up and no rights to be redeemed;
- (f) have at least 10% by value of each Qualifying Investment in any single company or group in 'eligible shares';
- (g) not have more than 15% by value of its investments in a single company or group (other than a VCT or a company which would, if its shares were listed, qualify as a VCT);
- (h) not retain more than 15% of its income derived from shares and securities in any accounting period; and
- (i) not make an investment in any company which causes that company to receive more than £5 million from State Aid investment sources in the 12 month period ending on the date of the investment.

Qualifying Investments

A Qualifying Investment consists of shares or securities first issued to the VCT (and held by it ever since) by a company satisfying certain conditions. The conditions are detailed but include that the company must be a Qualifying Company, have gross assets not exceeding £15 million immediately before and £16 million immediately after the investment, apply the money raised for the purposes of a qualifying trade within a certain time period and not be controlled by another company. In any twelve month period the company can receive no more than £5 million from VCT funds and Enterprise Investment Schemes, and any other European State-aided risk capital source. The company must have fewer than 250 full time (or equivalent) employees at the time of making the investment. VCT funds raised after 5 April 2012 cannot be used by a Qualifying Company to fund the purchase of shares in another company.

There is also a 'no disqualifying arrangements' requirement under which an investment will not be a Qualifying Investment if the investee company has been set up for the purpose of accessing tax reliefs or is in substance a financing business, although the Boards believe that these measures are unlikely to affect the Companies.

Qualifying Companies

A Qualifying Company must be unquoted (for VCT purposes this includes companies whose shares are traded on certain ISDX Markets and AIM) and must carry on a qualifying trade. For this purpose certain activities are excluded (such as dealing in land or shares or providing financial services). The qualifying trade must either be carried on by, or be intended to be carried on by, the Qualifying Company or by a Relevant Qualifying Subsidiary (see below) at the time of the issue of shares or securities to the VCT (and at

all times thereafter). A Qualifying Company must have a permanent establishment in the UK. A company intending to carry on a qualifying trade must begin to trade within two years of the issue of shares or securities to the VCT and continue it thereafter.

A Qualifying Company may have no subsidiaries other than Qualifying Subsidiaries, which must be more than 50% owned.

A Relevant Qualifying Subsidiary must be a 90% directly held subsidiary of the company invested in, its wholly owned subsidiary, or a wholly owned subsidiary of a 90% directly held subsidiary.

Approval as a VCT

A VCT must be approved at all times by HMRC. Approval has effect from the time specified in the approval.

A VCT cannot be approved unless the tests detailed above are met throughout the most recent complete accounting period of the VCT and HMRC is satisfied that they will be met in relation to the accounting period of the VCT which is current when the application is made. However, in order to facilitate the launch of a VCT, HMRC may approve a VCT notwithstanding that certain of the tests are not met at the time of application, provided HMRC is satisfied that the tests will be met within certain time limits. In particular, in the case of the test described at (d) under the heading "Qualification as a VCT" above, approval may be given if HMRC is satisfied that this will be met throughout an accounting period of the VCT beginning no more than three years after the date on which approval takes effect.

The Directors intend to conduct the affairs of the Companies so that they satisfy the conditions for approval as VCTs and that such approval will be maintained. HMRC has granted the Companies approval under section 274 ITA as VCTs. The Companies intend to comply with section 274 ITA and have retained PricewaterhouseCoopers LLP to advise them on VCT taxation matters.

Withdrawal of Approval

Approval of a VCT may be withdrawn by HMRC if the various tests set out above are not satisfied. Withdrawal of approval generally has effect from the time when notice is given to the VCT but, in relation to capital gains of the VCT only, can be backdated to not earlier than the first day of the accounting period commencing immediately after the last accounting period of the VCT in which all of the tests were satisfied.

The above is only a summary of the conditions to be satisfied for a company to be treated as a VCT.

8. The Companies and their subsidiaries

The Companies do not have any subsidiaries.

9. Offer Agreement

Under the Offer Agreement dated on or around 29 October 2013 and made between the Companies (1), the Directors (2), the Sponsor (3), and the Investment Manager (4), the Sponsor has agreed to act as sponsor to the Offers and the Investment Manager has undertaken as agent of the Companies to use its reasonable endeavours to procure subscribers under the Offers. Under the Offer Agreement, subject to Shareholder approval, the Companies will pay the Investment Manager a commission of 3.5% of the aggregate value of accepted applications for Ordinary Shares received pursuant to the Offers.

Out of this fee, the Investment Manager will pay all other costs and expenses of or incidental to the Offers.

Under the Offer Agreement, which may be terminated by the parties in certain circumstances, the Investment Manager, the Companies and the Directors have given certain warranties and indemnities to the Sponsor. Warranty claims must be made by no later than 3 months after the second annual general meeting of the relevant Company following the closing date of the Offers at which Shareholders approve the relevant Company's accounts or by the date the relevant Company is subject to a takeover. The warranties and indemnities are in usual form for a contract of this type and the warranties are subject to limits of the total proceeds of the Offers for the Investment Manager, and one year's director fees for each Director. The Companies have also agreed to indemnify the Sponsor in respect of its role as Sponsor and under the Offer Agreement. The Offer Agreement may be terminated, inter alia, if any statement in this Prospectus is untrue, any material omission from this Prospectus arises or any breach of warranty occurs.

10. **The City Code**

10.1 *Mandatory takeover bids*

The City Code on Takeovers and Mergers (the "Code") applies to all takeover and merger transactions in relation to the Companies, and operates principally to ensure that shareholders are treated fairly and are not denied an opportunity to decide on the merits of a takeover, and that shareholders of the same class are afforded equivalent treatment. The Code provides an orderly framework within which takeovers are conducted and the Panel on Takeovers and Mergers has now been placed on a statutory footing. The Takeovers Directive was implemented in the UK in May 2006 and since 6 April 2007 has effect through the Act. The Directive applies to takeovers of companies registered in an EU member state and admitted to trading on a regulated market in the EU or EEA.

The Code is based upon a number of General Principles which are essentially statements of standards of commercial behaviour. General Principle One states that all holders of securities of an offeree company of the same class must be afforded equivalent treatment and if a person acquires control of a company the other holders of securities must be protected. This is reinforced by Rule 9 of the Code which requires a person, together with persons acting in concert with him, who acquires shares carrying voting rights which amount to 30% or more of the voting rights to make a general offer. "Voting rights" for these purposes means all the voting rights attributable to the share capital of a company which are currently exercisable at a general meeting. A general offer will also be required where a person who, together with persons acting in concert with him, holds not less than 30% but not more than 50% of the voting rights, acquires additional shares which increase his percentage of the voting rights. Unless the Panel consents, the offer must be made to all other shareholders, be in cash (or have a cash alternative) and cannot be conditional on anything other than the securing of acceptances which will result in the offeror and persons acting in concert with him holding shares carrying more than 50% of the voting rights.

There are not in existence any current mandatory takeover bids in relation to the Companies.

10.2 *Squeeze out*

Section 979 of the Act provides that if, within certain time limits, an offer is made for the share capital of either Company, the offeror is entitled to acquire compulsorily any remaining shares if it has, by virtue of acceptances of the offer, acquired or unconditionally contracted to acquire not less than 90% in value of the shares to which the offer relates and in a case where the shares to which the offer relates are voting shares, not less than 90%, of the voting rights carried by those shares. The offeror would effect the compulsory acquisition by sending a notice to outstanding shareholders telling them that it will compulsorily acquire their shares and then, six weeks from the date of the notice, pay the consideration for the shares to the relevant Company to hold on trust for the outstanding shareholders. The consideration offered to shareholders whose shares are compulsorily acquired under the Act must, in general, be the same as the consideration available under the takeover offer.

10.3 *Sell out*

Section 983 of the Act permits a minority shareholder to require an offeror to acquire its shares if the offeror has acquired or contracted to acquire shares in either Company which amount to not less than 90%, in value of all the voting shares in the relevant Company and carry not less than

90%, of the voting rights. Certain time limits apply to this entitlement. If a shareholder exercises its rights under these provisions, the offeror is bound to acquire those shares on the terms of the offer or on such other terms as may be agreed.

11. Notifications of shareholdings

The provisions of DTR 5 will apply to the Companies and their shareholders. DTR 5 sets out the notification requirements for shareholders and the Companies where the voting rights of a shareholder exceed, reach or fall below the threshold of 3% and each 1% thereafter up to 100%. DTR 5 provides that disclosure by a shareholder to the relevant Company must be made within two trading days of the event giving rise to the notification requirement and the relevant Company must release details to a regulatory information service as soon as possible following receipt of a notification and by no later than the end of the trading day following such receipt.

12. Material contracts

The following are the only contracts (not being contracts entered into in the ordinary course of business) which have been entered into by the Companies in the two years immediately preceding the date of this document or which are expected to be entered into prior to Admission and which are, or may be, material or which have been entered into at any time by the Companies and which contain any provision under which either Company has any obligation or entitlement which is, or may be, material to the relevant Company as at the date of this document:

Hargreave Hale AIM VCT 1

12.1 The Offer Agreement, details of which are set out in paragraph 9 above.

12.2 Under an offer agreement dated 5 November 2012 (the "2012 Offer Agreement" and made between the Companies (1), the Directors (2), the Sponsor (3), and the Investment Manager (4), the Sponsor agreed to act as sponsor to the 2012 Offers and the Investment Manager undertook as agent of the Companies to use its reasonable endeavours to procure subscribers under the 2012 Offer. Under the 2012 Offer Agreement, the Companies each paid the Investment Manager a commission of 3% of the aggregate value of accepted applications for Ordinary Shares received by that Company pursuant to the 2012 Offers.

Out of this fee, the Investment Manager paid all other costs and expenses of or incidental to the 2012 Offers.

Under the 2012 Offer Agreement, the Investment Manager, the Companies and the Directors gave certain warranties and indemnities to the Sponsor. Warranty claims must be made by no later than 3 months after the second annual general meeting of the relevant Company following the closing date of the 2012 Offers at which Shareholders approved the relevant Company's accounts or by the date the company is subject to a takeover. The warranties and indemnities were in usual form for a contract of this type and the warranties were subject to limits of the total proceeds of the 2012 Offer for the Investment Manager, and one year's director fees for each of the Directors. The Companies also agreed to indemnify the Sponsor in respect of its role as Sponsor and under the 2012 Offer Agreement.

12.3 An agreement (the "HH1 Investment Management Agreement") dated 10 September 2004 (as amended) between Hargreave Hale AIM VCT 1 (1) and the Investment Manager (2) under which the Investment Manager agreed to provide discretionary investment management and advisory services to the Company in respect of its portfolio of Qualifying Investments and Non-Qualifying Investments. This was amended by a deed of variation dated 13 October 2005 in relation to the previous offer of C shares (which have since converted into Ordinary Shares).

Under the agreement, the Investment Manager received fees (exclusive of VAT) equal to 0.9% per annum of the net asset value of the Company until the termination of the HH1 Investment Management Agreement, payable quarterly in arrears. The Investment Manager is also entitled to receive the Performance Incentive Fees and reimbursement of expenses incurred in performing its obligations. In respect of investments made in companies that are not quoted on AIM, the Investment Manager is entitled to charge expenses and initial management fees to investee companies that, without the Board's consent, will not exceed 1% of the value of the total investment by the Company (and any other investor to whom the Company syndicates any part of its investment) plus, in the case of periodical fees, £10,000 per annum (plus VAT, if applicable).

In line with normal VCT practice, a performance related incentive fee will be payable to the Investment Manager. This annual performance related incentive fee will payable at the rate of 20% of any dividends paid to Shareholders in excess of 6p per Ordinary Share per annum, provided that the Net Asset Value per Ordinary Share is at least 95p. The first payment of the performance related incentive fee was payable after 30 September 2007 and would be payable provided cumulative distributions in the first three accounting periods exceeded 18p per Ordinary Share. Thereafter, a performance related incentive fee will be payable annually, provided the hurdles have been exceeded, with any cumulative shortfalls below 6p per Ordinary Share having to be made up in subsequent years before the incentive fee becomes payable. No performance related incentive fee will be payable unless the NAV per Ordinary Share is at least 95p.

The appointment may be terminated on 12 calendar months' notice by either party. No benefits are payable on termination.

- 12.4 Under supplemental management agreements between Hargreave Hale AIM VCT 1 (1) and the Investment Manager (2) dated 10 September 2009, Hargreave Hale agreed to provide administrative and custodian services to that company and the services of Stuart Brookes, as company secretary and Giles Hargreave, as a non-executive director for an annual fee of £77,000 (plus VAT) terminable on 3 months' notice either side. Giles Hargreave is interested in this agreement as a director and shareholder of the Investment Manager.
- 12.5 Further to Keydata Investment Services Limited (the former administrator of the Companies) going into administration on 8 June 2009, under an agreement between Hargreave Hale AIM VCT 1 (1), the directors of Hargreave Hale AIM VCT 1 at the time of its 2004 and 2005 offers for subscription (Sir Aubrey Brocklebank Bt., Stewart Ford and David Hurst-Brown) (2), the Investment Manager (3), Williams De Broe Plc (4) and Keydata Investment Services Limited (In Administration) (the promoter of those offers) ("KIS")(5), dated 29 September 2010, the Company agreed to the variation of the offer agreements entered into between those parties in relation to the above offers (the "2004 and 2005 Offer Agreements") whereby the company agreed to (i) pay to KIS the sum of £60,000 in relation to compensation to KIS for the loss of any annual commissions and performance incentive fees that would have become due to KIS under the 2004 and 2005 Offer Agreements, (ii) discharge all obligations of KIS to pay trail commissions that became due on or before 29 September 2010 (iii) compensate KIS in full and final settlement of all sums due to be paid to KIS by the Company as at 8 June 2009 (being the date of the appointment of the administrator of KIS) under an administration agreement between KIS and Hargreave Hale AIM VCT 1 dated 10 September 2004, notwithstanding that that agreement was terminated by reason of the appointment of the administrator. KIS and Hargreave Hale AIM VCT 1 also agreed that the Company shall, out of the £60,000 due to KIS referred to above, assume responsibility to pay the trail commissions referred to above in this paragraph on behalf of KIS, and to pay to Hargreave Hale AIM VCT 2 £20,000 due to be paid to KIS in relation to the agreement referred to in paragraph 12.12 below. The Company also agreed to assume liability for all trail commissions payable after 29 September 2010, with KIS undertaking to indemnify the Hargreave Hale AIM VCT 1 and the directors against all claims resulting from inaccuracy of information provided by KIS to the Company, with the waiver of certain obligations of KIS under the 2004 and 2005 Offer Agreements (including the giving of an indemnity provided to the Company by KIS in relation to Annual Running Costs exceeding 3.5% of the company's net asset value).
- 12.6 Under an agreement between Hargreave Hale AIM VCT 1 (1), and the Investment Manager (2), dated 15 December 2010, the Company agreed to the variation of the terms of the HH1 Investment Management Agreement referred to in paragraph 12.3 above with (i) the Investment Manager providing an indemnity in relation to Annual Running Costs of the company exceeding 3.5% of the net assets of the Company with effect from 1 October 2010 and (ii) the annual management fee payable to the Investment Manager increasing to 1.5% of the net asset of the Company.
- 12.7 Under an agreement between Hargreave Hale AIM VCT 1 (1), and the Investment Manager (2), dated 27 February 2012, the Company agreed, subject to Shareholder approval, to the variation of the terms of the HH1 Investment Management Agreement referred to in paragraph 12.2 whereby that agreement was varied so as to extend the rights and obligations of the Managers to the assets attributable to the New Ordinary Shares and the C shares in Hargreave Hale AIM VCT 2. Under the relevant Deed of Variation, the Investment Manager will receive an annual investment management fee of 1.5% of the net assets attributable to the New Ordinary Shares and the C

shares and a Performance Incentive Fee in respect of the New Ordinary Shares and the C shares.

Hargreave Hale AIM VCT 2

- 12.8 The Offer Agreement, details of which are set out in paragraph 9 above.
- 12.9 An agreement ("the HH2 Investment Management Agreement") dated 8 December 2006 between the Hargreave Hale AIM VCT 2 (1) and the Investment Manager (2) under which the Investment Manager agreed to provide discretionary investment management and advisory services to the Company in respect of its portfolio of Qualifying Investments and Non-Qualifying Investments.

Under the agreement, the Investment Manager received fees (exclusive of VAT) equal to 0.9% per annum of the net asset value of the Company until the termination of the HH2 Investment Management Agreement, payable quarterly in arrears. The Investment Manager is also entitled to receive Performance Incentive Fees and reimbursement of expenses incurred in performing its obligations. In respect of investments made in companies that are not quoted on AIM, the Investment Manager is entitled to charge expenses and initial management fees to investee companies that, without the Board's consent, will not exceed 1% of the value of the total investment by the Company (and any other investor to whom the Company syndicates any part of its investment) plus, in the case of periodical fees, £10,000 per annum (plus VAT, if applicable).

In line with normal VCT practice, a performance related incentive fee will be payable to the Investment Manager. This annual performance related incentive fee will be payable at the rate of 20% of any dividends paid to Shareholders in excess of 6 pence per Ordinary Share per annum, provided that the Net Asset Value per Ordinary Share is at least 95p. The first payment of the performance related incentive fee was payable after 28 February 2010 and would be payable provided cumulative distributions in the first three accounting periods exceeded 18 pence per Ordinary Share. Thereafter, a performance related incentive fee will be payable annually, provided the hurdles have been exceeded, with any cumulative shortfalls below 6 pence per Ordinary Share having to be made up in subsequent years before the incentive fee becomes payable. No performance related incentive fee will be payable unless the NAV per Ordinary Share is at least 95p.

The appointment may be terminated on 12 calendar months' notice by either party. No benefits are payable on termination.

13. **Related party transactions**

Other than the agreements, deeds and shareholdings referred to in paragraphs 12.1, 12.2, 12.6, 12.7 (in the case of Hargreave Hale AIM VCT 1) and 12.8, 12.12, 12.13 (in the case of Hargreave Hale AIM VCT 2), there have been no related party transactions relating to the Companies between 1 October 2008 (in the case of Hargreave Hale AIM VCT 1) and 1 March 2009 (in the case of Hargreave Hale AIM VCT 2) and the date of this document.

14. **Specific Disclosures in respect of Closed Ended Funds**

14.1 The Investment Manager intends to structure the investments of the Hargreave Hale AIM VCT 1 and the Hargreave Hale AIM VCT 2 Ordinary Share funds in accordance with the Companies' objects of spreading investment risk and in accordance with their respective published investment policies as set out in the sections of Part I entitled "About The Hargreave Hale AIM VCTs" and "Investment and Borrowing Policy". These investment policies are in line with the VCT rules and neither of the Companies will deviate from them, in any material respect. Further, in accordance with the VCT rules, the Companies will invest in ordinary shares, in some cases a small number of preference shares where applicable, and always in accordance with such rules.

14.2 The Companies are not regulated by the FCA (or equivalent overseas regulator) although VCTs need to meet a number of conditions set out in tax legislation in order for the VCT tax reliefs to apply, and comply with the continuing obligations of listed companies under the Listing Rules and the Disclosure and Transparency Rules.

14.3 Each of the Companies is regulated by the VCT rules in respect of the investments they make as described in Part III of this document. Each of the Companies has appointed PricewaterhouseCoopers LLP as its VCT status monitor. PricewaterhouseCoopers LLP will report twice yearly to the Companies as a part of their annual and interim reporting obligations. In respect of any breach of the VCT rules, the relevant Company, together with PricewaterhouseCoopers LLP, will report directly and immediately to HMRC to rectify the breach and announce the same immediately to the relevant Company's shareholders via a Regulatory News Service provider. In addition, the Companies intend to maintain the investment approach as detailed in the section entitled "Investment Policy" in Part I of this document.

14.4 The Companies will not conduct any trading activity which is significant in the context of their groups (if any) as a whole. No more than 10%, in aggregate, of the value of the total assets of the Companies at the time an investment is made may be invested in other listed closed-ended investment funds, except where those funds themselves have published investment policies which permit them to invest no more than 15% of their total assets in other listed closed-ended investment funds. The Companies will, at all times, invest and manage their assets in a way which is consistent with their objective of spreading investment risk and in accordance with their published investment policies. The Companies will also invest and manage their assets to ensure

compliance with the Listing Rules, the Prospectus Rules and the VCT rules and restrictions.

14.5 Each Board must be able to demonstrate that they will act independently of the Investment Manager. A majority of the Boards (including the Chairman) must not be directors, employees, partners, officers, or professional advisors of or to, the Investment Manager or any company in the Investment Manager's group or any other investment entity which they manage.

14.6 Neither Company will:

14.6.1 invest more than 15% of its gross assets in any single company, in accordance with the VCT legislation, nor will either Company control the companies in which it invests in such a way as to render them subsidiary undertakings until it has obtained approval as a VCT from HMRC;

14.6.2 invest directly in physical commodities;

14.6.3 invest in any property collective investment undertaking; or

14.6.4 invest in any derivatives, financial instruments, money market instruments or currencies other than for the purposes of efficient portfolio management (i.e. solely for the purpose of reducing, transferring or eliminating investment risk in the underlying investments of the collective investment undertaking, including any technique or instrument used to provide protection against exchange and credit risks).

14.7 The Investment Manager is responsible for the determination and calculation of the Net Asset Value of the Companies on a weekly basis. The value of investments will be determined according to their listing status. Quoted securities will be valued at bid price unless the investment is subject to restrictions or the holding is significant in relation to the share capital of a small quoted company, in which case a discount may be appropriate as per the EVCA guidelines. Unquoted investments will be valued on a cost basis in the first year and reviewed subsequently on the basis of the progression of the business. The Net Asset Value of the Companies will be communicated to Investors in Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 through a Regulatory News Service provider at the same frequency as the determinations. In the event of any suspension, valuations are held at the suspended price and a view is taken with consideration to best market practice and information from advisers. The Directors do not anticipate any circumstances arising under which the valuations may be suspended. Should the determination of Net Asset Value differ from that set out above then this will be communicated to investors in Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 through a Regulatory News Service provider.

- (f) No person receiving a copy of this document or an Application Form in any territory other than the United Kingdom may treat the same as constituting an invitation or offer to him, nor should he in any event use such Application Form unless, in the relevant territory, such an invitation or offer could lawfully be made to him or such Application Form could lawfully be used without contravention of any registration or other legal requirements. It is the responsibility of any person outside the United Kingdom wishing to make an application hereunder to satisfy himself as to full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities requiring to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory.
- (g) The Ordinary Shares have not been and will not be registered under the United States Securities Act 1933 (as amended) and, subject to certain exceptions, the Ordinary Shares may not be offered, sold, renounced, transferred or delivered, directly or indirectly, in the United States or to any person in the United States. Persons subscribing for Ordinary Shares shall be deemed, and (unless the Companies are satisfied that their respective Ordinary Shares can be allotted without breach of United States securities laws) shall be required, to represent and warrant to the Companies that they are not a person in the United States and that they are not subscribing for such Ordinary Shares for the account of any such person and will not offer, sell, renounce, transfer or deliver, directly or indirectly, such Ordinary Shares in the United States or to any such person. As used herein, "United States" means the United States of America (including each of the States and the District of Columbia), its territories or possessions or other areas subject to its jurisdiction. In addition, the Companies have not been and will not be registered under the United States Investment Company Act of 1940, as amended. The Investment Manager is not registered under the United States Investment Advisers Act of 1940, as amended.
- (h) Investors will be separately liable for any Adviser Charges that they have agreed with their financial intermediary and no Company shall have any responsibility to any Investor or financial intermediary in respect of any such Adviser Charge. Any facilitation of the payment of such Adviser Charge by a Company shall be subject to the terms of a separate Adviser Charge Agreement between the relevant Company and Investor. To the extent that an Investor wishes the Company to facilitate the payment of any Adviser Charge, such Investor should request a copy of the Adviser Charge Agreement from Hargreave Hale and complete the same in accordance with its terms and they should complete the relevant part of the Application Form.
- (i) If no advice has been provided by an authorised financial intermediary to an Investor in respect of his application for New Ordinary Shares, Hargreave Hale is offering to pay introductory commission to authorised financial intermediaries at the rate of 1% on the value of successful applications submitted through them or introductory commission of 0.5% plus trail commission (as agreed between the intermediary and Hargreave Hale). The introductory commission may be waived by financial intermediaries and reinvested by them on behalf of their clients through an additional allotment of New Ordinary Shares (the waiver may be in part or in whole). If financial intermediaries choose to waive and reinvest introductory commission on behalf of their clients through an additional allotment of New Ordinary Shares then the application for New Ordinary Shares pursuant to the Offers will be increased by the amount of introductory commission waived and the enlarged application will be applied in subscribing for New Ordinary Shares at the relevant Offer Price through the Offers. No further fees or commission will be paid in respect of such additional New Ordinary Shares.
- (j) The Companies (after consultation with Hargreave Hale) may change their arrangements in respect of Adviser Charges and the availability and terms of commission payable through an announcement to the London Stock Exchange through a Regulatory Information Service Provider authorised by the FCA applicable to applications received on or after a specified date. The Company may also provide or publish one or more amended application forms to the Application Form set out in this document pursuant to which applications under the Offers will be accepted.
- (k) Where commission is payable, Hargreave Hale will collate the Application Forms bearing the financial intermediaries' stamps and full address details and calculate and pay the introductory commission payable, and also calculate the trail commission payable by Hargreave Hale.
- (l) If the Companies are required to publish a supplementary prospectus, subscribers who have yet to be entered on to the Companies' register of members will be given two working days to withdraw from their application. In the event that notification of withdrawal is given by post, such notification

will be effected at the time the subscriber posts such notification rather than at the time of receipt by the Companies.

- (m) In the event that applications are received for an amount in excess of the Maximum Subscription, the Directors reserve the right to exercise their discretion in the allocation of successful applications although the allocation will usually be on a first come first served basis. The right is also reserved to reject in whole or in part any application or any part thereof and to treat as valid any application not in all respects completed in accordance with the instructions relating to the Application Form.
- (n) Save where the context otherwise requires, words and expressions defined in this document have the same meaning when used in the Application Form and any explanatory notes in relation thereto.

Lodging of Application Forms and Dealing Arrangements

The Offers will open on 1 November 2013, subject to the conditions set out above. The first allotment under the Offers is expected to be on or before 18 November 2013. Thereafter, the Directors reserve the right to allot Ordinary Shares at any time whilst the Offers remain open.

The closing date for the Offers in respect of the 2013/14 tax year will be at 12.00 p.m. on 4 April 2014. If the Offers are not fully subscribed at that time, the Directors reserve the right to allow the Offers to remain open for at least part of the 2014/15 tax year, but not beyond 12.00 p.m. on 31 October 2014.

The results of the Offers will be announced through a regulatory information service within 3 business days of the closing of the Offers. Dealings in New Ordinary Shares are expected to commence within 10 business days of the relevant allotments.

Completed Application Forms together with the appropriate remittance must be posted or delivered by hand to Hargreave Hale Limited, 9-11 Neptune Court, Hallam Way, Blackpool, Lancashire FY4 5LZ.

The minimum subscription per Investor is £5,000 in respect of the Offers (and from this amount no less than £2,500 may be invested in each Company if the subscription is to be split equally or otherwise between both Companies). Applications in respect of less than £5,000 in aggregate will not be accepted. Applications may be made for any higher amount in multiples of £1,000. The Offer Price will be calculated by reference to the Pricing Formula (calculated in pence to two decimal places). Monies which are not sufficient to buy one New Ordinary Share will not be returned to applicants but will be retained by the relevant Company and fractions of New Ordinary Shares will not be issued. The New Ordinary Shares to be issued pursuant to the Offers will rank *pari passu* with the existing Ordinary Shares of the relevant Company.

In the case of Investors requesting share certificates, it is intended that definitive share certificates will be despatched within 10 business days of allotment. Prior to despatch of definitive share certificates, transfers will be certified against the register. No temporary documents of title will be issued. Dealings prior to receipt of share certificates will be at the risk of applicants. A person so dealing must recognise the risk that an application may not have been accepted to the extent anticipated or at all.

Investors who wish to take advantage of the ability to trade in New Ordinary Shares in uncertificated form, and who have access to a CREST account, may arrange to have their shares allotted directly to their CREST account, or subsequently to convert their holdings into dematerialised form in CREST. Share certificates may be registered directly to an Investor's nominee company and deposited to CREST, however, applications must be made in the name of the Investor, rather than that of the nominee company. Investors should be aware that New Ordinary Shares delivered in certificated form are likely to incur higher dealing costs than those in respect of New Ordinary Shares held in CREST. The Company's share register will be kept by Equiniti, Aspect House, Spencer Road, Lancing, West Sussex BN99 6DA.

Money Laundering Notice

To ensure compliance with the Money Laundering Regulations 2007, Hargreave Hale may at their absolute discretion require verification of identity from any person lodging an Application Form in an amount greater than £11,000 (or if the application is one of a series of linked applications, the value of which exceeds that amount). If within a reasonable period of time following a request for verification of identity and in any case by no later than 12.00 p.m. on the relevant date of allotment Hargreave Hale have not received evidence satisfactory to them as aforesaid, the Companies with the agreement of Hargreave Hale may, at their absolute discretion, reject any such application in which event the remittance submitted in respect of that

application will be returned to the applicant at the risk of the person entitled thereto (without prejudice to the rights of the Companies to undertake proceedings to recover any loss suffered by them as a result of the failure to produce satisfactory evidence of identity). Applicants warrant that any information supplied to Hargreave Hale for the purpose of the Money Laundering Regulations 2007 is true and accurate.

Copies of this document and the Application Form are available until the Offers close from Hargreave Hale Limited, 9-11 Neptune Court, Hallam Way, Blackpool FY4 5LZ; and Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 (at www.hargreave-hale.co.uk/fund-management/venture-capital-trusts/).

GUIDE TO THE APPLICATION FORM

The following instructions should be read in conjunction with the Application Form (and shall be construed as being terms of the Offers). References in these instructions to Sections or Parts are references to Sections or Parts of the Application Form.

1. SECTION 1: PERSONAL DETAILS

Insert your full name, address and date of birth and national insurance number in Block Capitals in Section 1. No joint applications are permitted. Applications may only be made by persons aged 18 or over.

2. SECTION 2: APPLICATION AND PAYMENT

2.1 Part One: Application Amounts

Insert the sums you are subscribing in Part One of Section 2. The minimum subscription per Investor is £5,000 in respect of the Offers (and from this amount no less than £2,500 may be invested in each Company if the subscription is to be split equally or otherwise between both Companies). Applications in respect of less than £5,000 in aggregate will not be accepted. Applications may be made for any higher amount in multiples of £1,000.

Please complete Column (1) if you require your application amount for New Ordinary Shares to be split equally on a 50:50 basis between each Company. Please complete Columns (2) and (3) if you wish your application monies to be applied other than on a 50:50 basis. In the event that all Columns (1), (2) and (3) are completed, Columns (2) and (3) shall be disregarded and you shall be deemed to have only completed Column (1).

2.2 Part Two: Adviser Charges

As a consequence of the FCA's Retail Distribution Review, with effect from 31 December 2012, commission is no longer able to be paid to financial intermediaries in respect of advised sales of retail investment products sold to retail investors in the UK. Therefore if your financial intermediary provides you with advice in respect of this application for New Ordinary Shares, neither Hargreave Hale nor the Companies will pay commission to your financial intermediary. Instead, your financial intermediary will need to agree an Adviser Charge with you which you will be responsible for paying. The Companies can, however, facilitate the payment of an Adviser Charge on your behalf so that you do not have to make a separate payment to your financial intermediary. You will need to discuss and agree the amount and method of paying any Adviser Charge with your financial intermediary.

If you require the Companies to facilitate the payment of any such Adviser Charge on your behalf you should request a copy of the Adviser Charge Agreement from Hargreave Hale and complete the same in accordance with its terms and return it to Hargreave Hale. You should also complete the relevant boxes in Part Two (Adviser Charges).

If you have not received any advice in respect of your application please complete the first box in Part Two of Section 2 and move on to Part Three of Section 2 (Payment).

If you require the Companies to facilitate payment of an Adviser Charge on your behalf please complete the second box in this Part Two and specify the amount (in pounds sterling) of Adviser Charge that you require the Companies to pay on your behalf in Box B in this Part Two.

Alternatively if you have received advice in respect of your application but you do not require the Companies to facilitate payment of any Adviser Charge on your behalf please complete the second box in this Part Two and move on to Part Three of Section 2 (Payment).

2.3 Part Three: Payment

The total amount payable by you will be the aggregate of the amounts set out in Box A in Part One of Section 2 and (if applicable) the amounts set out in Box B in Part Two of Section 2. Please complete this total amount in pounds sterling in Box C in Part Three of Section 2. Payment by you must be in respect of this amount.

Your cheque or bankers' draft must be payable to "Joint Offer Account of the HH AIM VCTs" and should be crossed "A/C Payee". Receipt of your application will be acknowledged within a day of its having been received. Your cheque or bankers' draft must be drawn in sterling on an account at a bank, and must bear the appropriate sort code number in the top right hand corner. The right is reserved to reject any application.

Money Laundering Regulations

It is a term of the Offers that, to ensure compliance with the Money Laundering Regulations 2007, Hargreave Hale may at their absolute discretion require verification of identity from any person lodging an Application Form in an amount greater than £11,000 (or if the application is one of a series of linked applications, the value of which exceeds that amount).

If within a reasonable period of time following a request for verification of identity and in any case by no later than 12.00 p.m. on the relevant date of allotment Hargreave Hale have not received evidence satisfactory to them as aforesaid, the Companies with the agreement of Hargreave Hale may, at their absolute discretion, reject any such application in which event the remittance submitted in respect of that application will be returned to the applicant (without prejudice to the rights of the Companies to undertake proceedings to recover any loss suffered by them as a result of the failure to produce satisfactory evidence of identity). Hargreave Hale reserves the right to undertake electronic identity checks on applicants.

Applicants should make payment by their own cheque, banker's draft or by electronic transfer. Third party payments will not be accepted.

The above information is provided by way of guidance to reduce the likelihood of difficulties, delays and potential rejection of an Application Form (but without limiting Hargreave Hale's right to require verification of identity as indicated above).

3. SECTION 3: SIGNATURE

Please sign and date the Application Form in Section 3. The Application Form may be signed by someone else on your behalf, if duly authorised by power of attorney to do so. Any power of attorney pursuant to which the Application Form is signed (or a duly certified copy thereof) must be enclosed for inspection.

4. SECTION 4: AUTHORISED FINANCIAL INTERMEDIARIES

Intermediaries who wish to receive payment for applications from the Companies in accordance with this section should complete Section 4 and stamp it, giving their full name and address, telephone number and details of their authorisation under FSMA.

The right is reserved to withhold payment to any financial adviser if Hargreave Hale are not, in their sole discretion, satisfied that the agent is so authorised.

Intermediaries should keep a record of Application Forms submitted bearing their stamp to substantiate any claim for payment. Claims for payment must be made and substantiated on submission of an Application Form.

Adviser Charges

If an Investor's financial intermediary provides him with advice in respect of his investment in New Ordinary Shares, the Investor may have agreed to pay an Adviser Charge to such financial intermediary, which the Investor will be responsible for paying. If this applies financial intermediaries should complete the first box in this Section 4.

The Companies may facilitate the payment of an Adviser Charge by paying it direct to authorised financial intermediaries on behalf of Investors. Payments of Adviser Charges on behalf of Investors will be paid by the Companies only in respect of the amount stated in Box B in Part Two of Section 2. No payment will be made by the Companies unless the Investor has completed a separate Adviser Charge Agreement (which is available on request from Hargreave Hale) and has returned it to Hargreave Hale. In addition, no payment will be made by the Companies unless the relevant application is successful and the Companies are in receipt of sufficient cleared funds from Investors in the amount set out in Box C in Part Three of Section 2 (which must comprise an aggregate of the amounts set out in Box A and Box B in Section 2).

Commission

If no advice has been provided by a financial intermediary to an Investor in respect of his application for New Ordinary Shares then authorised financial intermediaries should complete the second box in this Section 4.

If this applies Hargreave Hale is offering to pay introductory commission to authorised financial intermediaries at the rate of 1% on the value of successful applications submitted through them or introductory commission of 0.5% plus trail commission (as agreed between the intermediary and Hargreave Hale). Introductory commission will only be paid in respect of successful applications and only on the amounts set out in Box A in Part One of Section 2.

If financial intermediaries choose to receive introductory commission at the rate of 1% on the value of successful applications submitted through them they should complete box (A1) in the sub-section headed "Commission Options" in this Section 4.

If financial intermediaries choose to receive introductory commission at the rate of 0.5% on the value of successful applications submitted through them plus trail commission they should complete box (B1) in the sub-section headed "Commission Options" in this Section 4.

The introductory commission may be waived by financial intermediaries and reinvested by them on behalf of their clients through an additional allotment of New Ordinary Shares (the waiver in each case may be in part or in whole).

If financial intermediaries choose to waive introductory commission and have it reinvested in New Ordinary Shares on behalf of their client they should complete box (A2) or box (B2) (as appropriate) in the sub-section headed "Commission Options" in this Section 4.

Financial intermediaries will need to specify the percentage amount of introductory commission that they require to be waived in box (A3) or box (B3) (as appropriate) in the sub-section headed "Commission Options" in this Section 4.

5. SECTION 5: ALTERNATE ADDRESS

If you wish to have your share and income tax relief certificates sent to someone other than yourself, please complete Section 5. Copy certificates will not be sent to you.

6. SECTION 6: CREST DETAILS (IF ANY)

Any New Ordinary Shares allotted to you will be in a registered form capable of being transferred by means of the CREST system. Investors who wish to take advantage of the ability to trade in New Ordinary Shares in uncertificated form, and who have access to a CREST account, may arrange to have their shares allotted directly to their CREST account, or subsequently to convert their holdings into dematerialised form in CREST. Investors should be aware that New Ordinary Shares delivered in certificated form are likely to incur higher dealing costs than those in respect of New Ordinary Shares held in CREST. The Company's share register will be kept by Equiniti, Aspect House, Spencer Road, Lancing, West Sussex BN99 6DA.

7. SECTION 7: DIVIDEND INSTRUCTION

If you would like all future dividends to be paid directly into your bank or building society account, please complete the mandate instruction form in Section 7.

If you have any queries on the procedure for application and payment, you should contact Hargreave Hale Limited (telephone 0207 009 4937) or your normal financial adviser.

8. DELIVERY OF APPLICATION FORM

Send the completed Application Form together with your cheque or bankers' draft by post, or deliver it by hand (during normal business hours only), to Hargreave Hale Limited, 9-11 Neptune Court, Blackpool, FY4 5LZ so as to be received no later than 12.00 p.m. on 4 April 2014 for investment in the 2013/14 tax year and no later than 12.00 p.m. on 31 October 2014 for investment in the 2014/15 tax year (unless the Offers are closed prior to that date).
