B34	Investment objective and policy, including investment restrictions	<p>Each Company invests in a diversified portfolio of smaller companies in order to generate income and capital growth over the long-term.</p> <p>The principal investment objective of each Company is to maintain a diversified portfolio of Qualifying Investments, primarily being companies which are traded on AIM and have the potential for significant value appreciation.</p> <p>Both Companies have secondary objectives, to boost the performance of each Company through targeted investment in equities which are Non-Qualifying Investments on an opportunistic basis.</p> <p>The primary purpose of the investment strategy of each Company is to ensure that the</p>					

		<p>Companies maintain their status as VCTs. To achieve this, both Companies must have 70% of all net funds raised from the issue of shares invested in Qualifying Investments throughout accounting periods beginning no later than 3 years after the date on which those shares are issued. It is likely that the Investment Manager will target a higher threshold of approximately 80% in order to provide some element of protection against an inadvertent breach of the VCT rules. Each Company's maximum exposure to a single Qualifying Investment is limited to 15% of net assets.</p> <p>Both Companies have additional Non-Qualifying Investments in UK equities and international equities through targeted investments made on an opportunistic basis or through an investment into the Marlborough Special Situations Fund. This will vary in accordance with the Investment Manager's view of the equity markets and may fluctuate between nil and 30% of the net assets of that class of share. The Investment Manager will invest up to 75% of the net proceeds of any issue of new shares of both Companies into the Marlborough Special Situations Fund subject to a maximum of 20% of the gross assets of each Company. The allocation between asset classes in the non-qualifying portfolio will vary depending upon opportunities that arise with a maximum exposure of 100% of the non-qualifying portfolio to any individual asset class.</p> <p>Each Company is subject to the investment restrictions relating to a Venture Capital Trust in the Income Trust Act 2007 and in the Listing Rules which specify that (i) the Company must, at all times, invest and manage its assets in a way which is consistent with its object of spreading investment risk and in accordance with its published investment policy; (ii) the Company must not conduct any trading activity which is significant in the context of its group as a whole; and (iii) the Company may not invest more than 10%, in aggregate, of the value of the total assets of the issuer at the time an investment is made in other listed closed-ended investment funds.</p>
B35	Borrowing limits	The Articles of Association of each Company restrict borrowings to 15% of the aggregate total amount received from time to time on the subscription for Shares of each Company; the current policy however is that investments will normally be made using the shareholders' funds and it is not intended that either Company will take on any long-term borrowings. As at the date of this document neither Company has any borrowings.
B36	Regulatory status	Each Company is subject to the provisions of the Act and UK law generally. Each Company is also a small registered UK AIFM for purposes of the UK AIFM Regulations 2013 and subject to regulation as such by the FCA. Each Company's Ordinary Shares are listed on the premium segment of the Official List and, as a qualifying VCT, each Company is subject to regulation by HMRC in order to retain such a status.
B37	Typical investor	The typical investor for whom investment in the Companies is designed is an individual retail investor aged 18 or over who is resident and a tax payer in the UK.
B38	Investments of 20% or more in a single company	Not applicable. Neither Company has any investments which represent more than 20% of its gross assets in a single company or group.
B39	Investments of 40% or more in a single company	Not applicable. Neither Company has any investments which represent more than 40% of its gross assets in a single company or group.
B40	Service providers	Hargreave Hale Limited ("Hargreave Hale" or the "Investment Manager") is a fund manager with approximately £3.9 billion under management (<i>source: Hargreave Hale, 19 September 2014</i>). Hargreave Hale has been managing investments in UK Small & Micro Cap companies for 16 years and VCTs for 10 years. It has a long established reputation that stems from its management of the Marlborough Special Situations Fund and the Marlborough UK Micro Cap Growth Fund. It has won numerous awards for its

		<p>management of these funds, most recently the 2012 Quoted Company 'Investor of the Year' Award. The Marlborough Special Situations Fund, in which both Hargreave Hale AIM VCTs will invest, has returned 1,798.05%¹ since Giles Hargreave took responsibility for it in July 1998.</p> <p>Hargreave Hale provides discretionary investment management and advisory services to both Companies in respect of their portfolio of Qualifying Investments and Non-Qualifying Investments.</p> <p>For each Company, the Investment Manager receives investment management fees equal to 1.5% per annum of the Net Asset Value of the relevant Company as well as a Performance Incentive Fee. Such appointments may be terminated on 12 calendar months' notice by either party.</p> <p>In line with normal VCT practice, a performance related incentive fee will be payable subject to certain criteria. This will be payable at the rate of 20% of any dividends paid to Ordinary Shareholders in excess of 6p per Ordinary Share per annum, provided that the Net Asset Value per Ordinary Share is at least 95p, with any cumulative shortfalls below 6p per Ordinary Share having to be made up in subsequent years.</p> <p>A maximum of 75% of the Investment Manager's annual fee (plus irrecoverable VAT, but excluding any incentive fee) will be chargeable against capital reserves, with the remainder of the Investment Manager's annual fee being chargeable against revenue.</p>

B43	Umbrella collective investment scheme	Not applicable. Neither Company is part of an umbrella collective investment scheme.
B44	Absence of financial statements	Not applicable. Each Company has commenced operations and published financial statements.

D		Risks
D2	Key information on the risks specific to the Companies	<ul style="list-style-type: none"> • The Companies will invest principally in small companies with gross assets of less than £15 million prior to investment and this may limit the number of investment opportunities available to the Companies. In addition small companies generally have a higher risk profile than larger and they may not produce the anticipated returns. • Past performance of the Companies and their investments is no indication of their future performance. The return received by Investors will be dependent on the performance of the underlying investments of the Companies. The value of such investments, and interest income and dividends there from, may rise or fall. • Investments may be made in companies whose shares are not readily marketable and, therefore, may be difficult to realise. There may also be constraints imposed on the realisation of investments to maintain the VCT tax status of the Companies. • The Investment Manager's ability to obtain maximum value from the investments (for example, through sale) may be limited by the requirements imposed in order to maintain the VCT qualification status of the Companies. • Whilst it is the intention of the Directors that the Companies will continue to be managed so as to qualify as VCTs, there can be no guarantee that the VCT status will be maintained, which may result in adverse tax consequences. • Changes in legislation concerning VCTs in general, and Qualifying Investments and qualifying trades in particular, may restrict or adversely affect the ability of the Companies to meet their objectives and/or reduce the level of returns which would otherwise have been achievable. The levels and basis of, and relief from, taxation are those available for the 2014/15 tax year and are subject to change. Such changes could be retrospective. Those shown in this document are based upon current legislation, practice and interpretation. The tax reliefs for future tax years are subject to change. • The VCT legislation is subject to EU State Aid Risk Capital Guidelines. Renewal of the EU State Aid approval for VCT schemes is underway following publication of revised State Aid Risk Capital guidelines in May 2014. This may limit the number of Qualifying Investments available to the VCTs. • The maximum annual amount that can be invested in an individual company per year is £5 million. This investment limit extends beyond VCTs and includes all other sources of State-aided risk capital. A breach of this limit may lead to HMRC withdrawing the Companies' status as a VCT with potentially adverse tax consequences, including the claw back of the 30% income tax relief from those investors who have not held their shares for five years. • In April 2013, the FCA published a policy statement on payments to platform service providers and cash rebates from providers to consumers (PS 13/1). These rules came into force on 6 April 2014. The FCA has raised the possibility of applying similar restrictions on payments to non-platform service providers but has not published any firm proposals on this to date. If the FCA were to introduce rules restricting payments to non-platform firms, this could have an impact on the demand for shares in the Companies.
D3	Key information on the risks specific to the securities	<ul style="list-style-type: none"> • An investment into Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 should be for a minimum of five years. If a Shareholder disposes of their New Ordinary Shares within five years of issue they will be subject to claw back by HM Revenue & Customs of some or all of the 30% income tax relief originally claimed. • Since the value of a VCT depends on the performance of the underlying assets, prospective Investors should be aware that the value of New Ordinary Shares, and the income from them, may go down as well as up. An Investor may not get back the amount originally invested. • It is possible for Investors to lose their tax reliefs by themselves taking or not taking certain steps, and Investors are advised to take their own independent financial advice on the tax aspects of their investment. • Although the existing Shares are already listed on the premium segment of the Official List and are admitted to trading on the London Stock Exchange, and the New Ordinary Shares will be listed on the premium segment of the Official List and admitted to trading on the London Stock Exchange, the secondary market for VCT shares is generally illiquid and Shareholders may find it difficult to realise their investment. An investment in the Companies should, therefore, be considered as a long-term investment. • The Finance Act 2014 includes a number of changes to the rules affecting VCTs. In particular, there is a restriction on income tax relief available on a subscription for shares in a VCT on or after 6 April 2014, where, the subscription and sale are within six months of each other (regardless of whichever happens first) or either the subscription or sale of the shares was conditional on the other. The rules can also apply to subscriptions or sales in a successor or predecessor VCT following a merger. The amount on which income tax relief is available is reduced by the amount of the consideration given for the sale. • The Finance Act 2014 also limits a VCT's ability to return share capital to an investor that does not represent profits made on investments. The restriction applies until the third anniversary of the end of the accounting period in which investment funds are raised. If the VCT infringes the restriction, it will have its approved status withdrawn. The restriction does not apply to funds raised on or before 5 April 2014 and will not limit the VCT's ability to pay dividends from realised profits; nor will they apply to funds used to redeem or repurchase shares or to assets distributed in the course of a winding up.

RISK FACTORS

Although the significant tax benefits available to Investors in Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 reduce the risk of the investment, prospective Investors should consider carefully the following risk factors. If any of the risks described below were to occur, it could have a material effect on each of the Companies' businesses, financial condition or results of operations. The risks described below are those specific to the Companies and all the material risks in respect of the New Ordinary Shares. The value of the New Ordinary Shares could decline due to any of the risk factors described below and prospective investors could lose part or all of their investment. This document does not constitute financial advice and prospective investors are recommended to consult an independent financial adviser authorised under the FSMA before deciding whether to apply for New Ordinary Shares under the terms of the Offers.

- An investment into Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 should be for a minimum of five years. If a Shareholder disposes of their New Ordinary Shares within five years of issue they will be subject to claw back by HM Revenue & Customs of some or all of the 30% income tax relief originally claimed.
- Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 will invest principally in small companies with gross assets of less than £15 million prior to investment. This may limit the number of investment opportunities available to the Companies. Small companies generally have a higher risk profile than larger 'blue chip' companies on account of various factors such as greater reliance on fewer larger customers, less financial resilience, weak or negative cash flow from operations, less management resource, controlling shareholders and volatile share prices. They may not produce the anticipated returns.
- Since the value of a VCT depends on the performance of the underlying assets, prospective Investors should be aware that the value of New Ordinary Shares, and the income from them, may go down as well as up. An Investor may not get back the amount originally invested.
- Past performance of the Companies and their investments is no indication of their future performance. The return received by Investors will be dependent on the performance of the underlying investments of the Companies. The value of such investments, and interest income and dividends there from, may rise or fall.
- Investments may be made in companies whose shares are not readily marketable and, therefore, may be difficult to realise. ISDX (formally PLUS) markets are not regulated by either the UK Listing Authority or the London Stock Exchange. The fact that a share is quoted on ISDX, or on AIM, does not guarantee its liquidity, and an investment in such shares (in particular on ISDX) may be difficult to realise. There may also be constraints imposed on the realisation of investments to maintain the VCT tax status of the Companies.
- The Investment Manager's ability to obtain maximum value from the investments (for example, through sale) may be limited by the requirements imposed in order to maintain the VCT qualification status of the Companies.
- Whilst it is the intention of the Directors that the Companies will be managed so as to continue to qualify as a VCT, there can be no guarantee that the status will be maintained. A failure to maintain the qualifying status could result in the Companies losing the tax reliefs previously obtained, resulting in adverse tax consequences for Investors. Possible adverse consequences include: a requirement to repay the 30% income tax relief for those who have not held their shares for five years; loss of income tax relief on dividends paid (or subsequently payable) by the Companies; loss of tax relief previously obtained in relation to corporation tax on capital gains made by the Companies; a liability to capital gains tax on the disposal of New Ordinary Shares; and the potential cancellation of the shares from the London Stock Exchange's Official List, which would require shareholder approval.
- Changes in legislation concerning VCTs in general, and Qualifying Investments and qualifying trades in particular, may restrict or adversely affect the ability of the Companies to meet their objectives and/or reduce the level of returns which would otherwise have been achievable. The levels and basis of, and relief from, taxation are those available for the 2014/15 tax year and are subject to change. Such changes could be retrospective. Those shown in this document are based upon current legislation, practice and interpretation. The tax reliefs for future tax years are subject to change and Investors should seek their own tax advice appropriate to their

individual circumstances.

- The VCT legislation is subject to EU State Aid Risk Capital Guidelines. Renewal of the EU State Aid approval for VCT schemes is underway following publication of revised State Aid Risk Capital guidelines in May 2014. The conditions determining whether an investment of the Companies is a Qualifying Investment under the VCT rules may change and such changes could limit the types of investments available to the Companies.
- The Finance Act 2014 includes a number of changes to the rules affecting VCTs. In particular, there is a restriction on income tax relief available on a subscription for shares in a VCT on or after 6 April 2014, where, the subscription and sale are within six months of each other (regardless of whichever happens first) or either the subscription or sale of the shares was conditional on the other. The rules can also apply to subscriptions or sales in a successor or predecessor VCT following a merger. The amount on which income tax relief is available is reduced by the amount of the consideration given for the sale.
- The Finance Act 2014 also limits a VCT's ability to return share capital to an investor that does not represent profits made on investments. The restriction applies until the third anniversary of the end of the accounting period in which investment funds are raised. If the VCT infringes the restriction, it will have its approved status withdrawn. The restriction does not apply to funds raised on or before 5 April 2014 and will not limit the VCT's ability to pay dividends from realised profits; nor will they apply to funds used to redeem or repurchase shares or to assets distributed in the course of a winding up.
- The conditions determining whether an investment of the Companies is a Qualifying Investment under the VCT rules may change and such changes could limit the types of investments available to the Companies.
- VCT funds raised on or after 6 April 2012 cannot be used for the purchase by Qualifying Companies of shares in another company. This may limit the number of Qualifying Investments available to the VCTs.
- The maximum annual amount that can be invested in an individual company per year is £5 million. This investment limit extends beyond VCTs and includes all other sources of State-aided risk capital. A breach of this limit may lead to HMRC withdrawing the Companies' status as a VCT with potentially adverse tax consequences, including the claw back of the 30% income tax relief from those investors who have not held their shares for five years.
- In April 2013, the FCA published a policy statement on payments to platform service providers and cash rebates from providers to consumers (PS 13/1). These rules came into force on 6 April 2014. The FCA has raised the possibility of applying similar restrictions on payments to non-platform service providers but has not published any firm proposals on this to date. If the FCA were to introduce rules restricting payments to non-platform firms, this could have an impact on the demand for shares in the Companies.
- It is possible for Investors to lose their tax reliefs by themselves taking or not taking certain steps, and Investors are advised to take their own independent financial advice on the tax aspects of their investment.
- Although the Ordinary Shares are already listed on the premium segment of the Official List and are admitted to trading on the London Stock Exchange, and the New Ordinary Shares will be listed on the premium segment of the Official List and admitted to trading on the London Stock Exchange, it is likely that there may not be a liquid market in the New Ordinary Shares and Shareholders may have difficulty in selling them, primarily because the initial income tax relief is only available to those subscribing for newly issued shares. The Ordinary Shares usually trade at a discount to the Net Asset Value of the Companies. The Directors intend, subject to liquidity, the Listing Rules, the Prospectus Rules, the Act and VCT regulations, to pursue a policy of purchasing Ordinary Shares in the market in order to facilitate liquidity for Ordinary Shareholders and to manage the level of the discount to NAV at which the Ordinary Shares may be trading. The Companies will endeavour to facilitate such sales at a price which represents a discount of no more than 5% to the last published NAV of the relevant Company. However, the Directors reserve the right to suspend or amend the buy-back policy in certain circumstances.

OFFER STATISTICS

Offer Price per Ordinary Share in relation to the relevant Company

The price at which the Ordinary Shares in the relevant Company will be allotted will be calculated on the basis of the following formula (the "Pricing Formula"):

The last Net Asset Value (adjusted as necessary for dividends declared but not yet paid) of an existing Ordinary Share in issue in the relevant Company as published by the relevant Company prior to the date of allotment divided by 0.965 to allow for issue costs of 3.5% calculated, in pence, to two decimal places.

Therefore costs and expenses of 3.5% (and the Adviser Charge, if applicable) will be deducted from the Investor's subscription.

Minimum subscription per Investor

The overall minimum subscription per Investor is £5,000 (and from this amount no less than £2,500 may be invested in each Company if the subscription is to be split equally or otherwise between both Companies). Applications in respect of less than £5,000 in aggregate will not be accepted.

WHAT IS A VCT?

INTRODUCTION

A Venture Capital Trust is a company, broadly similar to an investment trust, which has been approved by HMRC and which subscribes for shares in, (or lends money to), small unquoted companies, including those quoted on AIM or certain ISDX (formally PLUS) markets. Under the VCT scheme, VCTs and their investors enjoy certain tax reliefs. The VCT scheme is designed to encourage investment in small unquoted companies. Individuals invest by holding shares in a VCT. The VCT invests in a spread of small unquoted companies, enabling investors to spread their risk, just as they do by holding shares in an ordinary investment trust.

A VCT has a number of tax advantages. The following is only a summary of the current law concerning the tax position of individual Investors in VCTs. Potential Investors who are in any doubt about the taxation consequences of investing in a VCT are recommended to consult their own independent financial adviser. A more detailed explanation of the tax implications relating to VCTs is set out in Part II.

TAX RELIEFS FOR INDIVIDUAL INVESTORS RESIDENT IN THE UK

The tax reliefs set out below are available to individuals aged 18 or over who subscribe under the Offers for New Ordinary Shares. Tax reliefs will only be given to the extent that an individual's total investments in VCTs in any tax year do not exceed the qualifying limit, which is currently £200,000. Investors who intend to invest more than £200,000 in VCTs in any one tax year should seek professional advice.

Relief from income tax

On investment

Income tax relief at the rate of 30% will be available on subscriptions for shares in VCTs up to a maximum of £200,000 in any tax year. Relief is limited to the amount which reduces the Investor's income tax liability to nil. This relief must be repaid should the shares be sold or otherwise disposed of within five years, other than in the event of death.

On dividends

An Investor who subscribes for or acquires up to a maximum of £200,000 of ordinary shares in VCTs in any given tax year will not be liable to UK income tax on dividends paid by the VCT on those shares.

Relief from capital gains tax

A disposal by an Investor of Shares (whether acquired by subscription for New Ordinary Shares or subsequent acquisition) in a VCT will give rise to neither a chargeable gain nor an allowable loss for the purposes of UK capital gains tax provided the sale is conducted at arms length. This relief is limited to disposals of shares acquired within the limit of £200,000 for any tax year. On the death of an Investor or a spouse who has acquired shares in a VCT within marriage, no capital gains tax or income tax will become payable by either the investor, their spouse or anyone inheriting the shares, as a result of the death.

OBTAINING TAX RELIEFS

Each Investor will be issued with a certificate which can be used to claim income tax relief, either immediately by obtaining an adjustment to their tax coding from HMRC or by waiting until the end of the tax year and using their tax return to claim relief.

INVESTORS NOT RESIDENT IN THE UK

Investors who are not resident in the UK, or who may cease to be resident in the UK, should seek their own professional advice as to the consequences of making an investment in VCTs.

PART I

A. INTRODUCTION

Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 are seeking to raise up to £10 million each through an offer for subscription of New Ordinary Shares. **This will give investors an opportunity to subscribe for New Ordinary Shares and, subject to the satisfaction of relevant criteria, receive income tax relief of up to 30 per cent. in the 2014/15 and/or 2015/16 tax years (as applicable).**

The new money will be invested by the award winning Hargreave Hale investment team which has a proven track record of investment in smaller companies. Most of the investments will be made in small Qualifying Companies which are listed on AIM.

Following the success of the 2013-14 offers in which £14.8 million was raised, the Companies have already invested £7.3 million in 22 Qualifying Companies. The Directors believe that in respect of both Companies, raising new capital will ensure that they have sufficient liquid funds to support their investment objectives of investing in both Qualifying Investment and Non-Qualifying Investment opportunities and reduce the Ongoing Expense Ratios whilst at the same time having sufficient resources to continue the Companies' dividend and share buy-back policies.

The two Companies have identical investment policies and are subject to the same VCT legislation. They have established investment portfolios of Qualifying Investments albeit with some minor differences. In particular, Hargreave Hale AIM VCT 1 has some larger companies in its portfolio and greater exposure to Qualifying Investments. Both Companies have the ability to invest in the Marlborough Special Situations Fund, which is run by the same team as the Companies, and has returned 1,798.05%¹ since Giles Hargreave took responsibility for it in July 1998.

Both Companies have a common dividend policy that targets a distribution of 5% of Net Asset Value annually. To improve liquidity, both Companies have established buy-back policies that have been buying-back Ordinary Shares at a 5% discount to the prevailing Net Asset Value per Share, thereby improving Shareholder returns on exit. The dividend and share buy-back policies are non-binding and are at each Board's discretion.

B. REASONS FOR THE OFFERS

The raising of further funds by way of the Offers is intended to create the following benefits:

- provide the Companies with new capital for investment into Qualifying Companies;
- attract new capital to both Companies that will help promote their long time viability, meet expenses and reduce the Ongoing Expense Ratios. The extent to which the Ongoing Expense Ratios are reduced will depend on the amount raised under the Offers; and
- provide existing and new investors with the opportunity to invest into small companies through a tax efficient structure and with an award winning Investment Manager that has a long track record of successful investment into small companies.

C. ABOUT THE COMPANIES

Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 are existing Venture Capital Trusts. Both Companies are small registered UK AIFMs for the purposes of the AIFM Regulations 2013 and subject to regulation as such by the FCA. Both Companies share a common objective, namely to make tax-free dividend distributions from capital gains and income generated through investment in a diversified portfolio of Qualifying Companies. The Investment Manager will seek to enhance this return through targeted Non-Qualifying Investments in equities and fixed income where appropriate.

In both cases, the Investment Manager has already built an existing and diversified portfolio of Qualifying Investments. Both Companies met the HMRC guidelines for VCTs by the required date and have continued to do so since. The existing portfolios have a strong bias towards companies with a quotation

on AIM, however, there are a limited number of investments in ISDX-quoted (formally PLUS) and private companies.

Hargreave Hale AIM VCT 1

Hargreave Hale AIM VCT 1 is an established VCT that was originally launched in August 2004 as the Keydata AIM VCT and on 30 September 2009 was renamed Hargreave Hale AIM VCT 1 plc. The fund raised £14.3 million through an Ordinary Share issue in 2004/5 and then a further £17.9 million in 2005/6 through a C share issue. The C shares were converted into Ordinary Shares on 8 October 2008 based on the audited Net Asset Value per Share on 30 September 2008. Hargreave Hale has been the appointed Investment Manager and custodian from the outset. £12.2 million was raised through subsequent offers between 2010 and 2014, whilst £5.2 million was raised through the 2012 enhanced share buy-back.

As at 31 August 2014 Hargreave Hale AIM VCT 1 was 95.72% invested in Qualifying Investments (as defined by the Income Tax Act 2007).

Hargreave Hale AIM VCT 2

Hargreave Hale AIM VCT 2 is an established VCT that was originally launched in September 2006 as the Keydata AIM VCT 2 and on 30 September 2009 was renamed Hargreave Hale AIM VCT 2 plc. The Company raised £4.6 million through an Ordinary Share issue in 2006/7. Hargreave Hale has been the appointed Investment Manager and custodian from the outset. £13.6 million was raised through subsequent offers between 2010 and 2014 whilst £1.7 million was raised through the 2012 enhanced share buy-back.

As at 31 August 2014 Hargreave Hale AIM VCT 2 was 88.10% invested in Qualifying Investments (as defined by the Income Tax Act 2007).

Custody Arrangements

Hargreave Hale Limited (a company incorporated with limited liability in England under the Act with registered number 03146580 having its registered office at 9-11 Neptune Court, Hallam Way, Blackpool FY4 5LZ and telephone number +44 (0) 1253 754700) acts as custodian to the Companies and, in that capacity, is responsible for ensuring safe custody and dealing with settlement arrangements. Hargreave Hale Limited is authorised and regulated by the FCA.

D. DIVIDEND HISTORY AND POLICY

Both Companies have well established track records of paying out tax free dividends to their Shareholders. The table below shows the cumulative dividend distributions paid to date to holders of Ordinary Shares. The yields listed are calculated with reference to the closing Net Asset Value per Share in the financial year to which the dividends relate.

1. Due to a change in accounting periods, Hargreave Hale AIM VCT 2 did not present a full set of accounts in February 2008. For ease of reference, this table assumes the VCT's accounting period end has been in February throughout the life of the company.

The intention is to continue the existing policy of targeting a 5% distribution yield (referenced to the Net Asset Value of each Company), although the ability to pay dividends will clearly be influenced by the underlying investment performance of the Ordinary Shares and the relevant Company's available reserves and cash resources, the Act and the Listing Rules. In good years, the Directors may consider a higher dividend payment; in poor years, the Directors may reduce or even pay no dividend.

E. RETURNS ON PREVIOUS OFFERS OF THE COMPANIES

Below is a table outlining returns as at 19 September 2014 to Shareholders of the Companies. The returns, which assume an initial investment of £10,000 are net of fees and assume a gross price paid of 100 pence per Ordinary Share in the financial year in which the relevant share was launched. When establishing the return net of tax relief, the calculation assumes a net cost to Shareholders of 60p per share for shares in Hargreave Hale AIM VCT 1 and 70 pence per share for shares in Hargreave Hale AIM VCT 2.

F. SHARE BUY-BACK HISTORY AND MANAGEMENT OF SHARE LIQUIDITY

In order to improve the liquidity in the Ordinary Shares of both Companies, each Board has established

buy-back policies whereby each Company will purchase Ordinary Shares for cancellation. Over many years, Hargreave Hale AIM VCT 1 has consistently demonstrated its commitment to improving Shareholder liquidity through its regular share buy-back policy, which has seen it acquire 10,458,374 Ordinary Shares at an average discount of approximately 8% to the prevailing Net Asset Value per share. In the case of Hargreave Hale AIM VCT 2, the early Shareholders emerged from their five year lock-in in March 2012. As a result, Hargreave Hale AIM VCT 2 has only acquired 1,094,602 Ordinary Shares through its regular share buy-back policy.

With effect from 6 April 2012, the Companies have been buying back Ordinary Shares at a 5% discount to the prevailing Net Asset Value per share. The Directors believe that the reduced discount between the share price and the Net Asset Value per share improves Shareholder returns on exit. They also believe the current policy is one of the most attractive in the AIM and generalist VCT sector and will help attract potential investors who previously viewed the 10% discount as a deterrent to investment.

The 5% buy-back discount is non-binding and at the Directors' discretion. The Directors reserve the right to return to the previous policies of purchasing shares at 10% below Net Asset Value per share, or in extremis to suspend share buy-backs, if the policy places the Companies' cash and liquid assets under undue pressure or leads to instability within the Shareholder base.

Share buy-backs are subject to the Listing Rules, which may restrict the Companies' ability to buy Shares back. For example, the price will be limited by the Listing Rules to a maximum of 105% of the average market value of the Ordinary Shares over the preceding five business days.

The Boards intend to continue to publish the NAVs on a weekly basis. Shareholders are reminded that to benefit from income tax relief on their Ordinary Shares they should hold their Ordinary Shares for at least five years and if they dispose of their Shares within that period they are likely to lose their income tax relief.

G. INVESTMENT POLICIES OF BOTH COMPANIES

The investment policies for each Company are as follows:

Investment Objectives

The Company's investment objectives are:

- to invest in a diversified portfolio of small UK based companies on a high risk, medium term capital growth basis, primarily being companies which are traded on AIM and which have the opportunity for significant value appreciation;
- to invest in smaller companies which may not be readily accessible to private individuals and which also tend to be more risky;
- to maximise distributions to shareholders from capital gains and income generated from the Company's funds;
- targeted investment in equities which are non-qualifying investments on an opportunistic basis to boost the performance of the Company; and
- to maintain the Company's exposure to small companies through an initial investment of new capital into the Marlborough Special Situations Fund pending investment into Qualifying Companies.

Asset Allocation

The Company will have a range of investments in three distinct asset classes:

- Equity investments in Qualifying Companies, referred to as "**Qualifying Investments**". Qualifying Investment will:
 - comprise qualifying holdings for a VCT as defined in Chapter 4 Part 6 of the Income Tax Act 2007;
 - primarily be made in AIM companies, but the Investment Manager will also consider ISDX-quoted (formally PLUS) companies and private companies that meet the investment criteria summarised below; and

- vary in size from £50,000 to £1 million.
- Sovereign debt, quasi-sovereign debt, bonds and other fixed income securities.
- Bank deposits that are readily realisable.
- Non-Qualifying Investments in the form of equity exposure to UK and international equities through targeted investments made on an opportunistic basis to boost the performance of the company or through an investment into the Marlborough Special Situations Fund.

Investment Strategy

Qualifying Investments

The Investment Manager will maintain a diversified and fully invested portfolio of Qualifying Investments, primarily in small UK companies with a quotation on AIM. The primary purpose of the investment strategy is to ensure the Company maintains its status as a VCT. To achieve this, the Company must have 70% of all funds raised from the issue of shares invested in Qualifying Investments throughout accounting periods of the VCT beginning no later than three years after the date on which those shares are issued.

Although VCTs are required to invest and maintain a minimum of 70% of their funds invested in Qualifying Investments as measured by the VCT rules, it is likely that the Investment Manager will target a higher threshold of approximately 80% in order to provide some element of protection against an inadvertent breach of the VCT rules. The Company's maximum exposure to a single Qualifying Investment is limited to 15% of net assets.

The key selection criteria used by the Investment Manager in deciding which Qualifying Investments to make include, inter alia:

- the strength and credibility of the management team;
- the business plan;
- the risk/reward profile of the investment opportunity;
- the quality of the finance function and budgetary process;
- the strength of the balance sheet relative to anticipated cash flow from operations; and
- the existing balance of investments within the portfolio of Qualifying Investments.

The Investment Manager will follow a stock specific, rather than sector specific, investment approach and is more likely to provide expansionary capital than seed capital.

The Investment Manager will primarily focus on investments in companies with a quotation on AIM or plans to trade on AIM. The Investment Manager prefers to participate in secondary issues of companies that are quoted on AIM as such companies have an established track record that can be more readily assessed and greater disclosure of financial performance. Secondary issues are often priced at an attractive discount to the market price.

Non-Qualifying Investments

The Companies will have non-qualifying equity exposure to UK and international equities through targeted investments made on an opportunistic basis to boost the performance of the Company. This will vary in accordance with the Investment Manager's view of the equity markets and may fluctuate between nil and 30% of the net assets of the Company. The Investment Manager will also invest in gilts, other fixed income securities and cash. The Investment Manager will invest up to 75% of the net proceeds of any issue of new shares into the Marlborough Special Situations Fund subject to a maximum of 20% of the gross assets of the Company. This will enable the Companies to maintain their exposure to small companies indirectly, whilst the Investment Manager identifies opportunities to invest directly into small UK companies through a suitable number of Qualifying Investments.

The allocation between asset classes in the non-qualifying portfolio will vary depending upon opportunities that arise with a maximum exposure of 100% of the non-qualifying portfolio to any individual asset class.

Borrowings

It is not the Companies' intention to have any borrowings. The Companies do, however, have the ability to borrow a maximum amount up to 15% of the "Adjusted Capital and Reserves" amount (as such term is

defined in the Articles of Association of each of the Companies), which is effectively the aggregate of the nominal capital of the Company issued and paid up and the amount standing to the credit of the consolidated reserves of the Company, less specified adjustments, exclusions and deductions. There are no plans to utilise this ability at the current time.

H. MANAGEMENT OF INVESTMENT POLICY

Deal Flow

Hargreave Hale manages in total approximately £3.9 billion. The fund management team has approximately £2.5 billion under management, of which approximately £1.9 billion is invested in small companies, many of which are quoted on AIM. The breadth of the investment team, the scale of investment in small companies and the Investment Manager's track record and many years of investing in AIM and ISDX-quoted (formerly PLUS) companies help attract deal flow.

The investment team has regular meetings, typically 20 per week, with small companies, a number of which would be suitable for investment by the Funds. These relationships, along with the ability to co-invest alongside the other funds managed by the Investment Manager, should increase the quality and quantity of the investment pipeline.

In the 12 months prior to 31 August 2014, Hargreave Hale AIM VCT 1 made 24 Qualifying Investments, whilst Hargreave Hale AIM VCT 2 made 25 Qualifying Investments.

Post-Investment Management

The Investment Manager monitors each investment closely and usually expects to meet with the management of investee companies twice a year.

As the values of underlying investments increase, the Investment Manager will monitor opportunities for the Companies to realise a proportion of the capital gain, and to make tax-free distributions to Shareholders.

Co-Investment Policy

The Investment Manager manages other funds that can invest in the same companies as Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2, including the Marlborough Special Situations Fund and the Marlborough UK Micro Cap Growth Fund. Therefore, in appropriate circumstances, the Companies will invest alongside other funds managed by the Investment Manager. When contemplating a co-investment, the Investment Manager will first consider factors such as the risk profiles and investment strategies of the participating funds, the size of the fund raising and anticipated allocations when deciding on how much each fund will subscribe for. Any scaling back of applications made by the Investment Manager for shares in investee companies, on behalf of the different funds it manages, will be pro rata to the amount originally applied for by each fund.

Where the Companies intend to invest in the same companies as other funds managed by the Investment Manager, any such investment must first be approved by those Directors of the Board who are independent of the Investment Manager, unless the investment is made either at the same time and on the same terms, or in accordance with a pre-existing agreement between the Companies and the Investment Manager. The Investment Manager will notify the Boards but will not require approval prior to the co-investment if circumstances prevent full consultation.

Valuation Policy

Investments in AIM and ISDX-quoted (formally PLUS) shares will be valued at the prevailing bid price.

All other investments will be valued in accordance with EVCA guidelines.

I. RISK MANAGEMENT

The design of the structure of the Companies' funds, and their investment strategies, has been developed to reduce risk as much as possible. The key risk management features are detailed below.

- **Broad portfolio of companies** – These help reduce stock specific risk, but not market risk. Whilst both Companies have stable and diversified portfolios, the Investment Manager may need to add to the portfolios of Qualifying Investments.
- **Investments in gilts, other fixed interest securities and bank deposits** – A proportion of the funds will be invested by the Investment Manager in this way, although the level of the exposure will vary depending on the Investment Manager's view of the equity markets.
- **Close monitoring of investments** – The Investment Manager will closely monitor the performance of all the investments made by the Companies in order to identify any problems and to enable it to take swift corrective action where possible.
- **Co-investment** – The Investment Manager manages other non-VCT funds that can invest in the same companies as the Companies. In appropriate circumstances, therefore, the Companies will invest alongside such other funds. Further details are set out the paragraph headed "Co-Investment Policy" at paragraph H (Management of Investment Policy) above.
- **Risk reports** - The Investment Manager prepares and distributes regular risk reports to the boards of directors of the Companies. These reports pay particular attention to the top ten investments and provide an oversight of potential vulnerabilities such as the concentration of balance sheet and earnings risk, free cash flow and valuation risk.

J. THE OFFERS

Terms and Conditions

The Offers are conditional on the Offer Agreement referred to in paragraph 9 of Part V becoming unconditional and not being terminated in relation to a Company in accordance with its terms. The Offers are not inter-conditional.

The Offers in respect of each Company are also subject to the passing of the Resolutions of the relevant Company. These include resolutions to give the Boards authority to allot Ordinary Shares under the Offers, including other than pro rata to existing Shareholders, and to extend the life of the Companies to 2021. If each of these Resolutions are not passed by the relevant Company then that Company's Offer will not proceed.

Investors are invited to subscribe an amount in pounds sterling rather than apply for a particular number of Ordinary Shares.

Personal Investment Levels

The minimum subscription per Investor is £5,000 in respect of the Offers (and from this amount no less than £2,500 may be invested in each Company if the subscription is to be split equally or otherwise between both Companies). Applications in respect of less than £5,000 in aggregate will not be accepted. The maximum investment which can be made in order to qualify for the personal tax reliefs available from a VCT is currently £200,000 per person per tax year. Applicants may make multiple applications under each of the Offers, provided that the investor guidelines for VCTs are followed. The Investor should take appropriate independent financial advice.

In the event that applications are received for New Ordinary Shares in excess of the Maximum Subscriptions under the Offers, the Directors reserve the right to exercise their discretion in the allocation of successful applications, although allocation will usually be on a first come first served basis.

Timetable

The Offers will open on 2 October 2014, subject to the conditions set out above. The first allotment under the Offers is expected to be on or before 11 November 2014. Thereafter, the Directors reserve the right to allot Ordinary Shares at any time whilst the Offers remain open. In relation to each allotment, an announcement will be released by each Company through a Regulatory Information Service, including

details of the number of New Ordinary Shares allotted in that Company and the relevant Offer Price for the allotment.

The closing date for the Offers in respect of the 2014/15 tax year will be at 12.00 p.m. on 2 April 2015. If the Offers are not fully subscribed at that time, the Directors reserve the right to allow the Offers to remain open for at least part of the 2015/16 tax year, but not beyond 12.00 p.m. on 30 September 2015.

The results of the Offers will be announced through a regulatory information service within 3 business days of the closing of the Offers. Dealings in New Ordinary Shares are expected to commence within 10 business days of the relevant allotments.

Pricing Formula

The price of the New Ordinary Shares to be issued pursuant to the Offers will be calculated by reference to the last Net Asset Value of an existing Ordinary Share as published by the relevant Company prior to the date of allotment. The New Ordinary Shares will be priced according to the Pricing Formula:

$$\text{Price of New Ordinary Share} = \frac{\text{Last Net Asset Value per Ordinary Share}}{0.965}$$

The Net Asset Value per Ordinary Share will be adjusted as necessary for dividends declared but not yet paid if the allotment occurs whilst the Shares are classified as ex-dividend.

The price will be calculated in pence to two decimal places. New Ordinary Shares will be issued at a 3.5% premium to the Net Asset Value per Share to make allowance for the costs of the Offers.

Monies which are not sufficient to buy one New Ordinary Share will not be returned to applicants but will be retained by the relevant Company and fractions of New Ordinary Shares will not be issued. The New Ordinary Shares to be issued pursuant to the Offers will rank *pari passu* with the existing Ordinary Shares of the relevant Company.

Worked Example:

As at 19 September 2014, the unaudited Net Asset Value per Ordinary Share of Hargreave Hale AIM VCT 1 was 79.89p, which would have resulted in an Offer Price of 82.79p per New Ordinary Share (79.89p divided by 0.965).

As at 19 September 2014, the unaudited Net Asset Value per Ordinary Share of Hargreave Hale AIM VCT 2 was 110.96p, which would have resulted in an Offer Price of 114.98p per New Ordinary Share (110.96p divided by 0.965).

Listing

Application has been made to the UK Listing Authority and the London Stock Exchange for the New Ordinary Shares to be admitted to the premium segment of the Official List of the UK Listing Authority and to trading on the London Stock Exchange. All New Ordinary Shares will be transferable and will rank *pari passu* in all respects with existing Ordinary Shares of the relevant Company.

In the case of Investors requesting share certificates, it is intended that definitive shares certificates will be despatched within 15 business days of allotment. Prior to despatch of definitive share certificates, transfers will be certified against the register. No temporary documents of title will be issued. Investors who wish to take advantage of the ability to trade New Ordinary Shares in uncertified form, and who have access to a CREST account, may arrange to have their New Ordinary Shares allotted directly to their CREST account, or subsequently to convert their holdings to dematerialised form in CREST. Share certificates may be registered directly to an Investor's nominee company and deposited to CREST, however, applications must be made in the name of the Investor, rather than that of the nominee company.

Category of Potential Investors

A typical investor for whom the Offers are designed is an individual who is a UK income taxpayer over 18 years of age with an investment range of between £5,000 and £200,000 per tax year who considers the investment policy as detailed in Part I of this document to be attractive and can accept the high level of risk associated with an investment into a VCT. Investment in a VCT will not be suitable for every type of Investor and should be considered as a medium to long term investment with a minimum holding period of

five years.

Before deciding whether to subscribe for New Ordinary Shares, Investors are strongly encouraged to consult an independent adviser authorised under FSMA and to carefully consider the suitability of an investment into the Companies in light of their personal circumstances.

Adviser Charges and Commission

As a consequence of the FCA's Retail Distribution Review, commission is no longer payable to financial intermediaries in respect of advised sales of retail investment products sold to retail investors in the UK. Therefore if an Investor's financial intermediary provides him with advice in respect of his investment in New Ordinary Shares, neither Hargreave Hale Limited nor the Companies will pay commission to his financial intermediary. Instead, the financial intermediary will need to agree an Adviser Charge with the Investor, which the Investor will be responsible for paying. The Companies can, however, facilitate the payment of an Adviser Charge on behalf of an Investor so that the Investor does not have to make a separate payment to his financial intermediary. If Investors require the Companies to facilitate the payment of any such Adviser Charge on their behalf they should complete the relevant sections of the Application Form, which incorporates the Terms and Conditions of the Adviser Charge Agreement.

If no advice has been provided by a financial intermediary to an Investor in respect of his application for New Ordinary Shares then commission will be paid by Hargreave Hale Limited (which will be paid out of the 3.5% fee received by Hargreave Hale Limited pursuant to the terms of the Offer Agreement). In this regard, introductory commission is being offered to authorised financial intermediaries at the rate of 1% on the value of successful applications submitted through them (or introductory commission of 0.5% plus trail commission). The introductory commission may be waived and reinvested through an additional allotment of New Ordinary Shares.

Platform Service Remuneration

On 6 April 2014, the FCA introduced new rules on the way in which platform service providers are remunerated following its policy statement on payments to platform service providers and cash rebates from providers to consumers (PS 13/1). This Prospectus has been prepared so as to be compliant with the new rules.

From 6 April 2014, if an Investor makes an investment in the New Ordinary Shares via a platform service provider, neither Hargreave Hale nor the Companies will make any payment to such platform service provider unless such a payment is for pricing error corrections, administering corporate actions, research performed by the platform service provider and management information and/or advertising. The platform service provider will need to agree any Platform Charge with the Investor which the Investor will be responsible for paying. Neither Hargreave Hale nor the Companies will facilitate the payment of a Platform Charge on behalf of the Investor.

L. THE DIRECTORS

The Boards of each Company comprise three Directors, two of whom are independent of the Investment Manager. The Directors operate in a non-executive capacity and are responsible for overseeing the investment strategy of the Companies and ensuring high levels of corporate governance. Both Boards have a wide range of investment experience and are actively engaged in the management of VCTs. Whilst the Investment Manager operates under a discretionary fund management mandate, it will, where possible, disseminate an investment report for a proposed Qualifying Investment to the Boards for consideration before making an investment. The Investment Manager will not commit to an investment into a private company with no firm intention to float without the prior approval of the Boards.

N. MANAGEMENT REMUNERATION AND EXPENSES

Management Agreements

Hargreave Hale Limited provides discretionary investment management and advisory services to both Companies in respect of their portfolio of Qualifying Investments and Non-Qualifying Investments.

For Hargreave Hale AIM VCT 1, the Investment Manager receives investment management fees equal to 1.5% per annum of the Net Asset Value of the relevant Company and a Performance Incentive Fee.

For Hargreave Hale AIM VCT 2, the Investment Manager receives investment management fees equal to 1.5% per annum of the Net Asset Value of the Company and a Performance Incentive Fee.

The appointment may be terminated on 12 calendar months' notice by either party.

In line with normal VCT practice, a performance related incentive fee will be payable subject to certain criteria. This will be payable at the rate of 20% of any dividends paid to Ordinary Shareholders in excess of 6p per Ordinary Share per annum, provided that the Net Asset Value per Ordinary Share is at least 95p, with any cumulative shortfalls below 6p per Ordinary Share having to be made up in subsequent years.

Charging Expenses to Capital

A maximum of 75% of the Investment Manager's annual fee (plus irrecoverable VAT, but excluding any incentive fee) will be chargeable against capital reserves, with the remainder of the Investment Manager's annual fee being chargeable against revenue.

O. LIFE OF THE COMPANIES AND ANNUAL ACCOUNTS

Hargreave Hale AIM VCT 1

Hargreave Hale AIM VCT 1's annual report and accounts are made up to 30 September in each year and are normally sent to Shareholders in December of each year. It is the current intention of the Directors that the first report to be sent to Investors after the close of the Offers will be the audited annual accounts for the year ending 30 September 2015.

It is intended that Hargreave Hale AIM VCT 1 should have an unlimited life, but the Directors consider that it is desirable for Shareholders to have the opportunity to review the future of the Company at appropriate intervals. Hargreave Hale AIM VCT 1's Articles of Association require the Directors to put a proposal to Shareholders concerning the continuation of that company at the annual general meeting in 2020 and, if passed, at every fifth anniversary thereafter. As there is a risk for new Shareholders under the Offers that if the continuation vote is passed in favour of discontinuance, they will thereby be deemed to have disposed within their five year holding period, it is a condition to the Offers therefore that prior Shareholder approval is granted to delay the continuation vote until 2021 and to adopt the new articles of association accordingly.

Hargreave Hale AIM VCT 2

Hargreave Hale AIM VCT 2's annual report and accounts are made up to 28 February in each year and are normally sent to Shareholders in June of each year. It is the current intention of the Directors that the first report to be sent to Investors after the close of the Offers will be the audited annual accounts for the year ending 28 February 2016.

It is intended that Hargreave Hale AIM VCT 2 should have an unlimited life, but the Directors consider that it is desirable for Shareholders to have the opportunity to review the future of the Company at appropriate intervals. new articles of association accordingly.

P. VCT STATUS AND MONITORING

Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 have retained PricewaterhouseCoopers to advise on tax matters generally and, in particular, on the maintenance of VCT status. HMRC has confirmed that both of the Companies qualify as VCTs, PricewaterhouseCoopers will assist the Investment Manager in establishing the status of investments as Qualifying Investments and monitoring these investments and will report directly to the Board. In order to continue to comply with VCT requirements, both Companies must have 70% of all net funds raised from the issue of shares invested in Qualifying Investments throughout accounting periods beginning no later than three years after the date on which those shares are issued.

As at 31 August 2014 Hargreave Hale AIM VCT 1 was 95.72% invested in Qualifying Investments. As at 31 August 2014 Hargreave Hale AIM VCT 2 was 88.10% invested in Qualifying Investments (as defined in the Income Tax Act 2007).

PART II

TAXATION CONSIDERATIONS FOR INVESTORS

The following is only a summary of the law concerning the tax position of individual investors in VCTs. Potential investors who are in any doubt about the taxation consequences of investing in a VCT are recommended to consult a professional adviser.

Tax reliefs

The tax reliefs set out below are available to individuals aged 18 or over who subscribe for Ordinary Shares under the Offers. Whilst there is no specific limit on the amount of an individual's acquisition of shares in a VCT, tax reliefs will only be given to the extent that the total of an individual's subscriptions or other acquisitions of shares in VCTs in any tax year do not exceed £200,000. Investors who intend to invest more than £200,000 in VCTs in any one tax year should seek professional advice.

(a) *Income tax*

(i) *Relief from income tax on investment*

Income tax relief at the rate of 30% will be available on subscriptions for Ordinary Shares up to a maximum investment in VCTs of £200,000 in any tax year. This relief is limited to the amount that reduces the investor's income tax liability to nil.

The effect of this relief for an investor subscribing £10,000 for Ordinary Shares is shown below:

	Value £
Initial investment	10,000
Less income tax relief at 30%	(3,000)
Effective net cost to investor	7,000

Investments to be used as security for or financed by loans may not qualify for relief, depending on the circumstances.

Income tax relief is restricted if, within 6 months of the subscription for shares in a VCT (before or after), the investor has disposed of shares in that VCT.

(ii) *Dividend relief*

An investor who acquires in any tax year VCT shares having a value of up to £200,000 will not be liable to income tax on dividends paid by the VCT on those shares.

(iii) *Purchases made through the market*

An individual who purchases existing VCT shares through the secondary market will be entitled to claim dividend relief (as described in paragraph (ii) above) but not relief from income tax on investment (as described in paragraph (i) above).

(iv) *Withdrawal of relief*

Relief from income tax on a subscription for VCT shares will be withdrawn if the VCT shares are disposed of (other than between spouses or in the event of death) within five years of issue or if the VCT loses its approval within this period.

(b) *Capital gains tax*

(i) *Relief from capital gains tax on the disposal of shares*

A disposal by an Investor of Ordinary Shares will give rise to neither a chargeable gain nor an allowable loss for the purposes of UK capital gains tax. The relief is limited to the disposal of VCT shares acquired within the limit of £200,000 for any tax year.

(ii) *Purchases made through the market*

An individual who purchases existing VCT shares through the secondary market will be entitled to claim relief from capital gains tax on disposal (as described in paragraph (b)(i) above).

Illustrative example of effect of income tax relief

The following tables show what an Investor would need to earn on a gross basis from both bank interest and taxable income from investments in bonds and equities to achieve the same equivalent net yield from a dividend distribution by a VCT. The yields detailed below, which are for illustration purposes only, are calculated with reference to the cost of investment net of the initial 30% income tax relief. In these illustrative examples, the price of the new shares is taken to be 100 pence, this will not be the case under the Offers.

They are presented for:

(i) an additional rate taxpayer, with a marginal income tax rate on interest income of 45% and a marginal income tax rate on dividend income of 37.5%. After adjusting for the 10% tax credit, the effective tax rate on dividend income falls to 30.6%.

(ii) a higher rate taxpayer, with a marginal income tax rate on interest income of 40% and a marginal income tax rate on dividend income of 32.5%. After adjusting for the 10% tax credit, the effective tax rate on dividend income falls to 25.0%.

(iii) a basic rate taxpayer, with a marginal income tax rate on interest income of 20% and a marginal income tax rate on dividend income of 10%. After adjusting for the 10% tax credit, the effective tax rate on dividend income falls to nil.

Equivalent Gross Yields based on a dividend distribution of 5% of NAV p.a.

Income Tax Rate	Basic Rate (20%)	Higher Rate (40%)	Additional Rate (45%)
VCT Yield (assuming 30% income tax relief)	7.1%	7.1%	7.1%
Equivalent Gross Interest Yield	8.9%	11.9%	12.9%
Equivalent Gross Dividend Yield	7.1%	9.5%	10.2%

Obtaining tax reliefs

The Companies will provide to each Investor a certificate which the Investor may use to claim income tax relief, either by obtaining from HMRC an adjustment to his tax coding under the PAYE system or by waiting until the end of the tax year and using his tax return to claim relief.

Investors not resident in the UK

Investors not resident in the UK should seek professional advice as to the consequences of making an investment in a VCT as they may be subject to tax in other jurisdictions as well as in the UK.

Withholding taxation

No taxation will be withheld at source on any income arising from the Ordinary Shares and the Companies assume no responsibility for such withholding.

Withdrawal of approval

If a company which has been granted approval as a VCT subsequently fails to comply with the conditions for approval, approval as a VCT may be withdrawn or treated as never having been given. In these circumstances, relief from income tax on the initial investment is repayable unless loss of approval occurs more than five years after the issue of the relevant VCT shares. In addition, relief ceases to be available on any dividend paid in respect of profits or gains in any accounting period ending when VCT status has been lost and any gains on the VCT shares up to the date from which loss of VCT status is treated as taking effect will be exempt, but gains thereafter will be taxable.

PART III

CONDITIONS TO BE MET BY VENTURE CAPITAL TRUSTS

The Companies have to satisfy a number of tests to qualify as VCTs. A summary of these tests is set out below.

Qualification as a VCT

To qualify as a VCT, a company must be approved as such by HMRC. To obtain such approval it must:

- (a) not be a close company;
- (b) have each class of its ordinary share capital quoted on any regulated market in the EU or European Economic Area;
- (c) derive its income wholly or mainly from shares or securities;
- (d) have at least 70% by value of its investments in shares or securities in Qualifying Investments;
- (e) for funds raised after 5 April 2011, have at least 70% by value of Qualifying Investments in 'eligible shares', which are ordinary shares which carry no preferential rights to assets on a winding up and no rights to be redeemed, although they may have certain preferential rights to dividends. For funds raised before 6 April 2011, at least 30% by value of Qualifying Investments have to be in 'eligible shares', which are ordinary shares which carry no preferential rights to dividends or to assets on a winding up and no rights to be redeemed;
- (f) have at least 10% by value of each Qualifying Investment in any single company or group in 'eligible shares';
- (g) not have more than 15% by value of its investments in a single company or group (other than a VCT or a company which would, if its shares were listed, qualify as a VCT);
- (h) not retain more than 15% of its income derived from shares and securities in any accounting period;
- (i) not make an investment in any company which causes that company to receive more than £5 million from State Aid investment sources in the 12 month period ending on the date of the investment; and
- (j) not return capital to shareholders before the third anniversary of the end of the accounting period during which the subscription for shares occurs.

Qualifying Investments

A Qualifying Investment consists of shares or securities first issued to the VCT (and held by it ever since) by a company satisfying certain conditions. The conditions are detailed but include that the company must be a Qualifying Company, have gross assets not exceeding £15 million immediately before and £16 million immediately after the investment, apply the money raised for the purposes of a qualifying trade within a certain time period and not be controlled by another company. In any twelve month period the company can receive no more than £5 million from VCT funds and Enterprise Investment Schemes, and any other European State-aided risk capital source. The company must have fewer than 250 full time (or equivalent) employees at the time of making the investment. VCT funds raised after 5 April 2012 cannot be used by a Qualifying Company to fund the purchase of shares in another company.

There is also a 'no disqualifying arrangements' requirement under which an investment will not be a Qualifying Investment if the investee company has been set up for the purpose of accessing tax reliefs or is in substance a financing business, although the Boards believe that these measures are unlikely to affect the Companies.

Qualifying Companies

A Qualifying Company must be unquoted (for VCT purposes this includes companies whose shares are traded on certain ISDX (formally PLUS) markets and AIM) and must carry on a qualifying trade. For this purpose certain activities are excluded (such as dealing in land or shares or providing financial services). The qualifying trade must either be carried on by, or be intended to be carried on by, the Qualifying Company or by a relevant qualifying subsidiary (see below) at the time of the issue of shares or securities to the VCT (and at all times thereafter). A Qualifying Company must have a permanent establishment in the UK. A company intending to carry on a qualifying trade must begin to trade within two years of the issue of shares or securities to the VCT and continue it thereafter.

A Qualifying Company may have no subsidiaries other than qualifying subsidiaries, which must be more than 50% owned.

A relevant qualifying subsidiary must be a 90% directly held subsidiary of the company invested in, its wholly owned subsidiary, or a wholly owned subsidiary of a 90% directly held subsidiary.

Approval as a VCT

A VCT must be approved at all times by HMRC. Approval has effect from the time specified in the approval.

A VCT cannot be approved unless the tests detailed above are met throughout the most recent complete accounting period of the VCT and HMRC is satisfied that they will be met in relation to the accounting period of the VCT which is current when the application is made. However, in order to facilitate the launch of a VCT, HMRC may approve a VCT notwithstanding that certain of the tests are not met at the time of application, provided HMRC is satisfied that the tests will be met within certain time limits. In particular, in the case of the test described at (d) under the heading "Qualification as a VCT" above, approval may be given if HMRC is satisfied that this will be met throughout an accounting period of the VCT beginning no more than three years after the date on which approval takes effect.

The Directors intend to conduct the affairs of the Companies so that they satisfy the conditions for approval as VCTs and that such approval will be maintained. HMRC has granted the Companies approval under section 274 ITA as VCTs. The Companies intend to comply with section 274 ITA and have retained PricewaterhouseCoopers LLP to advise them on VCT taxation matters.

Withdrawal of Approval

Approval of a VCT may be withdrawn by HMRC if the various tests set out above are not satisfied. Withdrawal of approval generally has effect from the time when notice is given to the VCT but, in relation to capital gains of the VCT only, can be backdated to not earlier than the first day of the accounting period commencing immediately after the last accounting period of the VCT in which all of the tests were satisfied.

The above is only a summary of the conditions to be satisfied for a company to be treated as a VCT.

All transfers of Ordinary Shares must be effected by a transfer in writing in any usual form or any other form approved by the Directors. The instrument of transfer of an Ordinary Share shall be executed by or on behalf of the transferor and, in the case of a partly paid share by or on behalf of the transferee. The Directors may refuse to register any transfer of a partly paid Share, provided that such refusal does not prevent dealings taking place on an open and proper basis and may also refuse to register any instrument of transfer unless: it is in respect of a fully paid share; it is in respect of shares on which the relevant Company does not have a lien; it is in respect of only one class of share; and the transferees do not exceed four in number.

4.5 Dividends

Each Company may in general meeting declare dividends in accordance with the respective rights of the members, provided that no dividend shall be payable in excess of the amount recommended by the Directors. The Directors may pay such interim dividends as appear to them to be justified. No dividend or other monies payable in respect of an Ordinary Share shall bear interest as against the relevant Company. There are no fixed dates on which entitlement to a dividend arises.

All dividends unclaimed for a period of twelve years after being declared or becoming due for payment shall be forfeited and shall revert to the relevant Company.

4.6 Disclosure of Interest in Ordinary Shares

If any member or other person appearing to be interested in shares of either of the Companies is in default in supplying within 42 days (or 28 days where the shares represent at least 0.25% of the share capital) after the date of service of a notice requiring such member or other person to supply to the relevant Company in writing all or any such information as is referred to in section 793 of the Act, the Directors may, for such period as the default shall continue, impose restrictions upon the relevant shares.

The restrictions available are the suspension of voting or other rights conferred by membership in relation to meetings of the Companies in respect of the relevant shares and additionally in the case of a shareholder representing at least 0.25% by nominal value of any class of shares of the relevant Company then in issue, the withholding of payment of any dividends on, and the restriction of transfer of, the relevant shares.

4.7 Distribution of Assets on Liquidation

On a winding-up any surplus assets of each Company respectively will be divided amongst the holders of its Shares according to the respective numbers of Shares held by them in the relevant Company and in accordance with the provisions of the Act, subject to the rights of any shares which may be issued with special rights or privileges. The Articles of Association provide that the

liquidator may, with the sanction of a resolution and any other sanction required by the Act, divide amongst the members in specie the whole or any part of the assets of the relevant Company in such manner as he may determine.

4.8 Changes in Share Capital

4.8.1 Without prejudice to any rights attaching to any existing shares, any share may be issued with such rights or restrictions as each Company may by ordinary resolution determine or in the absence of such determination, as the Directors may determine.

4.8.2 Each Company may by ordinary resolution consolidate its share capital into shares of larger amount and cancel or reduce the nominal value of any shares which have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount so cancelled or the amount of the reduction. Each Company by special resolution may sub-divide its shares or any of them into shares of smaller amounts.

4.8.3 Subject to the Act, each Company may by special resolution reduce its share capital, any capital redemption reserve and any share premium account, and may also, subject to the Act (and by resolution of the holders of the shares repurchased where such shares are convertible shares), purchase its own shares.

4.9 Variation of Rights

Whenever the capital of either Company is divided into different classes of shares, the rights attached to any class may (unless otherwise provided by the terms of issue of that class) be varied or abrogated either with the consent in writing of the holders of not less than three-fourths of the nominal amount of the issued shares of the class or with the sanction of a special resolution passed at a separate meeting of such holders.

4.10 Directors

Unless and until otherwise determined by either Company in General Meeting pursuant to Article 120 the number of Directors shall not be less than two nor more than ten. The continuing Directors may act notwithstanding any vacancy in their body, provided that if the number of the Directors be less than the prescribed minimum the remaining Director or Directors shall forthwith appoint an additional Director or additional Directors to make up such minimum or shall convene a General Meeting of that Company for the purpose of making such appointment.

Any Director may in writing under his hand appoint (a) any other Director, or (b) any other person who is approved by the Board of Directors as hereinafter provided to be his alternate. A Director may at any time revoke the appointment of an alternate appointed by him. Every person acting as an alternate Director shall be an officer of the Company, and shall alone be responsible to the Company for his own acts and defaults, and he shall not be deemed to be the agent of or for the Director appointing him.

Subject to the provisions of the Act, the Directors may from time to time appoint one or more of their body to be Managing Director or Joint Managing Directors of either Company or to hold such other executive office in relation to the management of the business of that Company as they may decide.

A Director of a Company may continue or become a Director or other officer, servant or member or any company promoted by that Company or in which it may be interested as a vendor shareholder, or otherwise, and no such Director shall be accountable for any remuneration or other benefits derived as director or other officer, servant or member of such company.

The Directors may from time to time appoint a President of a Company (who need not be a Director of the Company) and may determine his duties and remuneration and the period for which he is to hold office.

The Directors may from time to time provide for the management and transaction of the affairs of the Company in any specified locality, whether at home or abroad, in such manner as they think fit.

4.11 Directors' Interests

- 4.11.2 Provided that he has declared his interest, a Director may be a party to or otherwise interested in any transaction or arrangement with the relevant Company or in which that Company is otherwise interested and may be a director or other officer or otherwise interested in any body corporate promoted by the Company or in which the Company is otherwise interested. No Director so interested shall be accountable to the Company, by reason of his being a Director, for any benefit that he derives from such office or interest or any such transaction or arrangement.
- 4.11.3 A Director shall not vote nor be counted in the quorum at a meeting of the Directors in respect of a matter in which he has any material interest otherwise than by virtue of his interest in shares, debentures or other securities of, or otherwise in or through either Company, unless his interest arises only because the case falls within one or more of the following paragraphs:
- (a) the giving to him of any security or indemnity in respect of money lent or an obligation incurred by him at the request of or for the benefit of the relevant Company or any of its subsidiary undertakings;
 - (b) the giving to a third party of any security or indemnity in respect of a debt or an obligation of the relevant Company or any of its subsidiary undertakings for which he has assumed responsibility in whole or in part under a guarantee or indemnity or by the giving of security;
 - (c) any proposal concerning the subscription by him of shares, debentures or other securities of the relevant Company or any of its subsidiary undertakings or by virtue of his participating in the underwriting or sub-underwriting of an offer of such shares, debentures or other securities;
 - (d) any proposal relating to an arrangement for the benefit of the employees of the relevant Company or any subsidiary undertaking which does not award to any Director as such any privilege or advantage not generally awarded to the employees to whom such arrangement relates; and
 - (e) any arrangement for purchasing or maintaining for any officer or auditor of the relevant Company or any of its subsidiaries insurance against any liability which by virtue of any rule of law would otherwise attach to him in respect of any negligence, breach of duty or breach of trust for which he may be guilty in relation to the relevant Company or any of its subsidiaries of which he is a director, officer or auditor.
- 4.11.4 When proposals are under consideration concerning the appointment of two or more Directors to offices or employment with either Company or any company in which that Company is interested the proposals may be divided and considered in relation to each Director separately and (if not otherwise precluded from voting) each of the Directors concerned shall be entitled to vote and be counted in the quorum in respect of each resolution except that concerning his own appointment.

4.12 Remuneration of Directors

- 4.12.1 The ordinary remuneration of the Directors shall be such amount as the Directors shall from time to time determine (provided that unless otherwise approved by the relevant Company in general meeting the aggregate ordinary remuneration of such Directors, including fees from both Companies, shall not exceed £200,000 per year) to be divided among them in such proportion and manner as the Directors may determine. The Directors shall also be paid by that Company all reasonable travelling, hotel and other expenses they may incur in attending meetings of the Directors or general meetings or otherwise in connection with the discharge of their duties.
- 4.12.2 Any Director who, by request of the Directors, performs special services for any purposes of either Company may be paid such reasonable extra remuneration as the Directors may determine.
- 4.12.3 The emoluments and benefits of any executive director for his services as such shall be determined by the Directors and may be of any description, including membership of any

pension or life assurance scheme for employees or their dependants or, apart from membership of any such scheme, the payment of a pension or other benefits to him or his dependants on or after retirement or death.

4.13 Retirement of Director

A Director shall also retire from office at or before the third annual general meeting following the annual general meeting at which he last retired and was re-elected. A retiring Director shall be eligible for re-election. A Director shall be capable of being appointed or re-appointed a Director despite having attained any particular age.

4.14 Borrowing powers

Subject as provided below, the Directors may exercise all the powers of each Company to borrow money and to mortgage or charge its undertaking, property and uncalled capital.

The Directors shall restrict the borrowings of each Company and exercise all voting and other rights or powers of control over its subsidiary undertakings (if any) so as to secure that the aggregate amount at any time outstanding in respect of money borrowed by the group, being that Company and its subsidiary undertakings for the time being (excluding intra-group borrowings), shall not without the previous sanction of an ordinary resolution of the Company exceed a sum equal to 15% of the aggregate total amount received from time to time on the subscription of shares of that Company.

4.15 Distribution of Realised Capital Profits

At any time when either Company has given notice in the prescribed form (which has not been revoked) to the Registrar of Companies of its intention to carry on business as an investment company ("a Relevant Period") the distribution of that Company's capital profits (within the meaning of section 833 of the Act) shall be prohibited. The Board shall establish a reserve to be called the capital reserve. During a Relevant Period, all surpluses arising from the realisation or revaluation of investments and all other monies realised on or derived from the realisation, payment or other dealing with any capital asset in excess of the book value thereof and all other monies which are considered by the Board to be in the nature of accretion to capital shall be credited to the capital reserve. Subject to the Act, the Board may determine whether any amount received by the relevant Company is to be dealt with as income or capital or partly one way and partly the other. During a Relevant Period, any loss realised on the realisation or payment or other dealing with investments, or other capital losses, and, subject to the Act, any expenses, loss or liability (subscription therefore) which the Board considers to relate to a capital item or which the Board otherwise considers appropriate to be debited to the capital reserve shall be carried to the debit of the capital reserve. During a Relevant Period, all sums carried and standing to the credit of the capital reserve may be applied for any of the purposes for which sums standing to any revenue reserve are applicable except and provided that during a Relevant Period no part of the capital reserve or any other money in the nature of accretion to capital shall be transferred to the revenue reserves of the relevant Company or be regarded or treated as profits of that Company available for distribution (as defined in section 829 of the Act) or be applied in paying dividends on any shares in that Company. In periods other than a Relevant Period, any amount standing to the credit of the capital reserve may be transferred to the revenue reserves of the relevant Company or be regarded or treated as profits of the Company available for distribution (as defined by section 829 of the Act) or applied in paying dividends on any shares in the Company.

4.16 General Meetings

Annual general meetings shall be held at such time and place as may be determined by the Directors and within a period of six months beginning on the day following the relevant Company's accounting reference date.

The Directors may, whenever they think fit, convene a general meeting of a Company, and general meetings shall also be convened on such requisition or in default may be convened by such requisitionists as are provided by the Act. Any meeting convened under this Article by requisitionists shall be convened in the same manner as near to as possible as that in which meetings are to be convened by the Directors.

An annual general meeting shall be called by not less than twenty-one days notice in writing, and all other general meetings of a Company shall be called by not less than fourteen days notice in

writing. The notice shall be exclusive of the day on which it is given and of the day of the meeting and shall specify the place, the day and hour of meeting, and in case of special business the general nature of such business. The notice shall be given to the members, other than those who, under the provisions of the articles or the terms of issue of the shares they hold, are not entitled to receive notice from the Company, to the Directors and to the Auditors. A notice calling an annual general meeting shall specify the meeting as such and the notice convening a meeting to pass a special resolution or an ordinary resolution as the case may be shall specify the intention to propose the resolution as such.

In every notice calling a meeting of a Company or any class of the members of a Company there shall appear with reasonable prominence a statement that a member entitled to attend and vote is entitled to appoint one or more proxies to attend and, on a poll, vote instead of him, and that a proxy need not also be a member.

If within half an hour from the time appointed for the meeting a quorum is not present, the meeting, if convened by or upon the requisition of members, shall be dissolved. In any other case it shall stand adjourned to such time and at such place as the Chairman shall appoint. At any such adjourned meeting the member or members present in person or by proxy and entitled to vote shall have power to decide upon all matters which could properly have been disposed of at the meeting from which the adjournment took place. A Company shall give not less than seven clear days notice of any meeting adjourned for the want of a quorum and the notice shall state that the member or members present as aforesaid shall form a quorum.

The Chairman may, with the consent of the meeting (and shall, if so directed by the meeting) adjourn any meeting from time to time and from place to place. No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

4.17 Duration of the Company

The Directors shall put an ordinary resolution to the annual general meeting of the Company in 2020 and, if passed, to every fifth subsequent annual general meeting, proposing that the Company should continue as a Venture Capital Trust for a further five year period. As set out in the Circular, a resolution is proposed to be considered at the Hargreave Hale AIM VCT 1 GM and the Hargreave Hale AIM VCT 2 GM that the continuation resolution to be put to Shareholders at the annual general meeting of the Company in 2020 is instead put to Shareholders at the annual general meeting of the Company to be held in 2021 and, if passed, to every fifth subsequent annual general meeting, proposing that the Company should continue as a Venture Capital Trust for a further five year period. If any such resolution is not passed, the Directors shall draw up proposals for the reorganisation, reconstruction or voluntary winding up of the Company for submission to the members of the Company at an extraordinary general meeting to be convened by the Directors on a date not more than 9 months after such annual general meeting. The Directors shall use all reasonable endeavours to ensure that the proposals for the reorganisation, reconstruction or voluntary winding up of the Company as are approved by special resolution are implemented as soon as is reasonably practicable after passing of such a resolution.

For the purposes of this, an ordinary resolution will not have been carried only if those members in person or by proxy who vote against such resolution hold in aggregate not less than twenty five per cent. of the issued share capital of the Company at such time entitled to attend and vote at such a meeting.

The Offer Agreement may be terminated, inter alia, if any statement in this Prospectus is untrue, any material omission from this Prospectus arises or any breach of warranty occurs.

10. **The City Code**

10.1 *Mandatory takeover bids*

The City Code on Takeovers and Mergers (the "Code") applies to all takeover and merger transactions in relation to the Companies, and operates principally to ensure that shareholders are treated fairly and are not denied an opportunity to decide on the merits of a takeover, and that shareholders of the same class are afforded equivalent treatment. The Code provides an orderly framework within which takeovers are conducted and the Panel on Takeovers and Mergers has now been placed on a statutory footing. The Takeovers Directive was implemented in the UK in May 2006 and since 6 April 2007 has effect through the Act. The Directive applies, inter alia, to takeovers of companies which have their securities admitted to trading on a regulated market in the EU or EEA.

The Code is based upon a number of General Principles which are essentially statements of standards of commercial behaviour. General Principle One states that all holders of securities of

an offeree company of the same class must be afforded equivalent treatment and if a person acquires control of a company the other holders of securities must be protected. This is reinforced by Rule 9 of the Code which requires a person, together with persons acting in concert with him, who acquires shares carrying voting rights which amount to 30% or more of the voting rights to make a general offer. "Voting rights" for these purposes means all the voting rights attributable to the share capital of a company which are currently exercisable at a general meeting. A general offer will also be required where a person who, together with persons acting in concert with him, holds not less than 30% but not more than 50% of the voting rights, acquires additional shares which increase his percentage of the voting rights. Unless the Panel consents, the offer must be made to all other shareholders, be in cash (or have a cash alternative) and cannot be conditional on anything other than the securing of acceptances which will result in the offeror and persons acting in concert with him holding shares carrying more than 50% of the voting rights.

There are not in existence any current mandatory takeover bids in relation to the Companies.

10.2 *Squeeze out*

Section 979 of the Act provides that if, within certain time limits, an offer is made for the share capital of either Company, the offeror is entitled to acquire compulsorily any remaining shares if it has, by virtue of acceptances of the offer, acquired or unconditionally contracted to acquire not less than 90% in value of the shares to which the offer relates and in a case where the shares to which the offer relates are voting shares, not less than 90%, of the voting rights carried by those shares. The offeror would effect the compulsory acquisition by sending a notice to outstanding shareholders telling them that it will compulsorily acquire their shares and then, six weeks from the date of the notice, pay the consideration for the shares to the relevant Company to hold on trust for the outstanding shareholders. The consideration offered to shareholders whose shares are compulsorily acquired under the Act must, in general, be the same as the consideration available under the takeover offer.

10.3 *Sell out*

Certain time limits apply to this entitlement. If a shareholder exercises its rights under these provisions, the offeror is bound to acquire those shares on the terms of the offer or on such other terms as may be agreed.

11. **Notifications of shareholdings**

The provisions of DTR 5 will apply to the Companies and their shareholders. DTR 5 sets out the notification requirements for shareholders and the Companies where the voting rights of a shareholder exceed, reach or fall below the threshold of 3% and each 1% thereafter up to 100%. DTR 5 provides that disclosure by a shareholder to the relevant Company must be made within two trading days of the event giving rise to the notification requirement and the relevant Company must release details to a regulatory information service as soon as possible following receipt of a notification and by no later than the end of the trading day following such receipt.

14. **Specific Disclosures in respect of Closed Ended Funds**

- 14.1 The Investment Manager intends to structure the investments of the Hargreave Hale AIM VCT 1 and the Hargreave Hale AIM VCT 2 Ordinary Share funds in accordance with the Companies' objects of spreading investment risk and in accordance with their respective published investment policies as set out in the sections of Part I entitled "About The Companies" and "Investment Policies of both Companies". These investment policies are in line with the VCT rules and neither of the Companies will deviate from them, in any material respect. Further, in accordance with the VCT rules, the Companies will invest in ordinary shares, in some cases a small number of preference shares where applicable, and always in accordance with such rules.
- 14.2 The Companies are not authorised by the FCA (or equivalent overseas regulator) although VCTs need to meet a number of conditions set out in tax legislation in order for the VCT tax reliefs to apply, and comply with the continuing obligations of listed companies under the Listing Rules and the Disclosure and Transparency Rules.
- 14.3 Each of the Companies is regulated by the VCT rules in respect of the investments they make as described in Part III of this document. Each of the Companies has appointed PricewaterhouseCoopers LLP as its VCT status monitor. PricewaterhouseCoopers LLP will report twice yearly to the Companies as a part of their annual and interim reporting obligations. In respect of any breach of the VCT rules, the relevant Company, together with PricewaterhouseCoopers LLP, will report directly and immediately to HMRC to rectify the breach and announce the same immediately to the relevant Company's shareholders via a Regulatory News Service provider. In addition, the Companies intend to maintain the investment approach as detailed in the section entitled "Investment Policies of both Companies" in Part I of this document.
- 14.4 The Companies will not conduct any trading activity which is significant in the context of their groups (if any) as a whole. No more than 10%, in aggregate, of the value of the total assets of the Companies at the time an investment is made may be invested in other listed closed-ended investment funds, except where those funds themselves have published investment policies which permit them to invest no more than 15% of their total assets in other listed closed-ended investment funds. The Companies will, at all times, invest and manage their assets in a way which is consistent with their objective of spreading investment risk and in accordance with their published investment policies. The Companies will also invest and manage their assets to ensure compliance with the Listing Rules, the Prospectus Rules and the VCT rules and restrictions.
- 14.5 Each Board must be able to demonstrate that they will act independently of the Investment Manager. A majority of the Boards (including the Chairman) must not be directors, employees, partners, officers, or professional advisors of or to, the Investment Manager or any company in the Investment Manager's group or any other investment entity which they manage.

- 14.6 Neither Company will:
- 14.6.1 invest more than 15% of its gross assets in any single company, in accordance with the VCT legislation, nor will either Company control the companies in which it invests in such a way as to render them subsidiary undertakings until it has obtained approval as a VCT from HMRC;
 - 14.6.2 invest directly in physical commodities;
 - 14.6.3 invest in any property collective investment undertaking; or
 - 14.6.4 invest in any derivatives, financial instruments, money market instruments or currencies other than for the purposes of efficient portfolio management (i.e. solely for the purpose of reducing, transferring or eliminating investment risk in the underlying investments of the collective investment undertaking, including any technique or instrument used to provide protection against exchange and credit risks).
- 14.7 The Investment Manager is responsible for the determination and calculation of the Net Asset Value of the Companies on a weekly basis. The value of investments will be determined according to their listing status. Quoted securities will be valued at bid price unless the investment is subject to restrictions or the holding is significant in relation to the share capital of a small quoted company, in which case a discount may be appropriate as per the EVCA guidelines. Unquoted investments will be valued on a cost basis in the first year and reviewed subsequently on the basis of the progression of the business. The Net Asset Value of the Companies will be communicated to Investors in Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 through a Regulatory News Service provider at the same frequency as the determinations. In the event of any suspension, valuations are held at the suspended price and a view is taken with consideration to best market practice and information from advisers. The Directors do not anticipate any circumstances arising under which the valuations may be suspended. Should the determination of Net Asset Value differ from that set out above then this will be communicated to investors in Hargreave Hale AIM VCT 1 and Hargreave Hale AIM VCT 2 through a Regulatory News Service provider.

Subject to the level of subscription of the Offers, an increase in net assets would have certain consequences, potentially including a reduction in the Ongoing Expense ratio of each Company, increasing the size and range of investments which each Company could undertake and increasing the number of investments each Company would be required to make in order to meet the VCT eligibility rules.
- 20.11 If the Offers were fully subscribed, the existing 36,473,134 Shares of Hargreave Hale AIM VCT 1 would represent 67.8% of the enlarged issued share capital of Hargreave Hale AIM VCT 1 and the existing 16,202,640 Shares of Hargreave Hale AIM VCT 2 would represent 56.6% of the enlarged issued share capital of Hargreave Hale AIM VCT 2.
- 20.12 All third party information in this Prospectus has been identified as such by reference to its source and in each instance has been accurately reproduced and, so far as the Companies are aware and able to ascertain from information published by the relevant party, no facts have been omitted which would render the reproduced information inaccurate or misleading.
- 20.13 There are no material potential conflicts of interest which any of the service providers to the Companies, including the Investment Manager, may have as between their duty to the Companies and the duties owed to third parties and their other interests, provided that the Investment Manager may be involved in other financial, investment or professional activities that may on occasion give rise to conflicts of interest with the Companies. In particular, the Investment Manager currently does, and may continue to, provide investment management, investment advice or other services

in relation to a number of other funds or accounts that may have similar investment objectives and/or policies to that of the Companies and may receive ad valorem and/or performance-related fees for doing so. As a result, the Investment Manager may have conflicts of interest in allocating investments among the Companies and other clients and in effecting transactions between the Companies and other clients. The Investment Manager may give advice or take action with respect to such other clients that differs from the advice given or actions taken with respect to the Companies.

20.14 The Directors of each of the Companies have noted that the Investment Manager has other clients and have satisfied themselves that the Investment Manager has procedures in place to address potential conflicts of interest.

- (d) The right is reserved by the Companies to present all cheques and bankers' drafts for payment on receipt and to retain surplus application monies pending clearance of successful applicants' cheques. The Companies also reserve the right to reject, in whole or in part, any application. If any application is not accepted in full or if any contract created by acceptance does not become unconditional, the application monies or, as the case may be, the balance thereof will be returned by crossed cheque in favour of the applicant through the post at the risk of the person entitled thereto. The Directors reserve the right to withdraw an Offer at any time prior to satisfaction of the applicable conditions set out in paragraphs (a) and (b) above.

- (ix) agree that all applications, acceptances of applications and contracts resulting there from under the Offers shall be governed by and construed in accordance with English law, and that you submit to the jurisdiction of the English Courts and agree that nothing shall limit the right of the Companies to bring any action, suit or proceedings arising out of or in connection with any such applications, acceptances of applications and contracts in any other manner permitted by law or in any court of competent jurisdiction;
- (x) confirm that in making such application you are not relying on any information or representation in relation to the Companies other than the information contained in this document and accordingly you agree that no person responsible solely or jointly for this document or any part thereof or involved in the preparation thereof shall have any liability for any such other information or representation;
- (xi) authorise Hargreave Hale Limited, or any persons authorised by either of them, as your agent, to do all things necessary to effect registration of any Ordinary Shares subscribed by you into your name or into the name of any person in whose favour the entitlement to any such Ordinary Shares has been transferred and authorise any representative of Hargreave Hale Limited to execute any document required therefor;
- (xii) agree that, having had the opportunity to read this document, you shall be deemed to have had notice of all information and representations concerning the Companies contained herein;
- (xiii) confirm and warrant that you have read and complied with paragraph (f) below;
- (xiv) confirm that you have read the restrictions contained in paragraph (g) below and warrant as provided therein;
- (xv) warrant that you are not under the age of 18; and

- (xvi) agree that all documents and cheques sent by post to, by or on behalf of the Companies or Hargreave Hale Limited, will be sent at the risk of the person(s) entitled thereto.
- (f) No person receiving a copy of this document or an Application Form in any territory other than the United Kingdom may treat the same as constituting an invitation or offer to him, nor should he in any event use such Application Form unless, in the relevant territory, such an invitation or offer could lawfully be made to him or such Application Form could lawfully be used without contravention of any registration or other legal requirements. It is the responsibility of any person outside the United Kingdom wishing to make an application hereunder to satisfy himself as to full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities requiring to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory.
- (g) The Ordinary Shares have not been and will not be registered under the United States Securities Act 1933 (as amended) and, subject to certain exceptions, the Ordinary Shares may not be offered, sold, renounced, transferred or delivered, directly or indirectly, in the United States or to any person in the United States. Persons subscribing for Ordinary Shares shall be deemed, and (unless the Companies are satisfied that their respective Ordinary Shares can be allotted without breach of United States securities laws) shall be required, to represent and warrant to the Companies that they are not a person in the United States and that they are not subscribing for such Ordinary Shares for the account of any such person and will not offer, sell, renounce, transfer or deliver, directly or indirectly, such Ordinary Shares in the United States or to any such person. As used herein, "United States" means the United States of America (including each of the States and the District of Columbia), its territories or possessions or other areas subject to its jurisdiction. In addition, the Companies have not been and will not be registered under the United States Investment Company Act of 1940, as amended. The Investment Manager is not registered under the United States Investment Advisers Act of 1940, as amended.
- (h) Investors will be separately liable for any Adviser Charges that they have agreed with their financial intermediary and no Company shall have any responsibility to any Investor or financial intermediary in respect of any such Adviser Charge. Any facilitation of the payment of such Adviser Charge by a Company shall be subject to the Application Form and in particular to the Terms and Conditions of the Adviser Charge Agreement. To the extent that an Investor wishes the Company to facilitate the payment of any Adviser Charge, such Investor should complete the relevant sections of the Application Form, in which case the Terms and Conditions of the Adviser Charge Agreement shall apply.
- (i) If no advice has been provided by an authorised financial intermediary to an Investor in respect of his application for New Ordinary Shares, Hargreave Hale is offering to pay introductory commission to authorised financial intermediaries at the rate of 1% on the value of successful applications submitted through them or introductory commission of 0.5% plus trail commission (as agreed between the intermediary and Hargreave Hale). The introductory commission may be waived by joint agreement between Hargreave Hale and the financial intermediaries and reinvested by them on behalf of their clients through an additional allotment of New Ordinary Shares (the waiver may be in part or in whole). If financial intermediaries and Hargreave Hale agree to waive and reinvest introductory commission on behalf of their clients through an additional allotment of New Ordinary Shares then the application for New Ordinary Shares pursuant to the Offers will be increased by the amount of introductory commission waived and the enlarged application will be applied in subscribing for New Ordinary Shares at the relevant Offer Price through the Offers. No further fees or commission will be paid in respect of such additional New Ordinary Shares.
- (j) The Companies (after consultation with Hargreave Hale) may change their arrangements in respect of Adviser Charges and the availability and terms of commission payable through an announcement to the London Stock Exchange through a Regulatory Information Service Provider authorised by the FCA applicable to applications received on or after a specified date. The Company may also provide or publish one or more amended application forms to the Application Form set out in this document pursuant to which applications under the Offers will be accepted.

- (k) Where commission is payable, Hargreave Hale will collate the Application Forms bearing the financial intermediaries' stamps and full address details and calculate and pay the introductory commission payable, and also calculate the trail commission payable by Hargreave Hale.
- (l) If the Companies are required to publish a supplementary prospectus, subscribers who have yet to be entered on to the Companies' register of members will be given two working days to withdraw from their application. In the event that notification of withdrawal is given by post, such notification will be effected at the time the subscriber posts such notification rather than at the time of receipt by the Companies.
- (m) In the event that applications are received for an amount in excess of the Maximum Subscription, the Directors reserve the right to exercise their discretion in the allocation of successful applications although the allocation will usually be on a first come first served basis. The right is also reserved to reject in whole or in part any application or any part thereof and to treat as valid any application not in all respects completed in accordance with the instructions relating to the Application Form.
- (n) Save where the context otherwise requires, words and expressions defined in this document have the same meaning when used in the Application Form and any explanatory notes in relation thereto.

Lodging of Application Forms and Dealing Arrangements

The Offers will open on 2 October 2014, subject to the conditions set out above. The first allotment under the Offers is expected to be on or before 11 November 2014. Thereafter, the Directors reserve the right to allot Ordinary Shares at any time whilst the Offers remain open.

The closing date for the Offers in respect of the 2014/15 tax year will be at 12.00 p.m. on 2 April 2015. If the Offers are not fully subscribed at that time, the Directors reserve the right to allow the Offers to remain open for at least part of the 2015/16 tax year, but not beyond 12.00 p.m. on 30 September 2015.

The results of the Offers will be announced through a regulatory information service within 3 business days of the closing of the Offers. Dealings in New Ordinary Shares are expected to commence within 10 business days of the relevant allotments.

Completed Application Forms together with the appropriate remittance must be posted or delivered by hand to Hargreave Hale Limited, 9-11 Neptune Court, Hallam Way, Blackpool, Lancashire FY4 5LZ.

The minimum subscription per Investor is £5,000 in respect of the Offers (and from this amount no less than £2,500 may be invested in each Company if the subscription is to be split equally or otherwise between both Companies). Applications in respect of less than £5,000 in aggregate will not be accepted. The Offer Price will be calculated by reference to the Pricing Formula (calculated in pence to two decimal places). Monies which are not sufficient to buy one New Ordinary Share will not be returned to applicants but will be retained by the relevant Company and fractions of New Ordinary Shares will not be issued. The New Ordinary Shares to be issued pursuant to the Offers will rank *pari passu* with the existing Ordinary Shares of the relevant Company.

In the case of Investors requesting share certificates, it is intended that definitive share certificates will be despatched within 15 business days of allotment. Prior to despatch of definitive share certificates, transfers will be certified against the register. No temporary documents of title will be issued. Dealings prior to receipt of share certificates will be at the risk of applicants. A person so dealing must recognise the risk that an application may not have been accepted to the extent anticipated or at all.

Investors who wish to take advantage of the ability to trade in New Ordinary Shares in uncertificated form, and who have access to a CREST account, may arrange to have their shares allotted directly to their CREST account, or subsequently to convert their holdings into dematerialised form in CREST. Share certificates may be registered directly to an Investor's nominee company and deposited to CREST, however, applications must be made in the name of the Investor, rather than that of the nominee company. Investors should be aware that New Ordinary Shares delivered in certificated form are likely to incur higher dealing costs than those in respect of New Ordinary Shares held in CREST. The Company's share register will be kept by Equiniti, Aspect House, Spencer Road, Lancing, West Sussex BN99 6DA.

Money Laundering Notice

To ensure compliance with the Money Laundering Regulations 2007, Hargreave Hale may at their absolute discretion require verification of identity from any person lodging an Application Form in an amount greater than £11,000 (or if the application is one of a series of linked applications, the value of which exceeds that amount). If within a reasonable period of time following a request for verification of identity and in any case by no later than 12.00 p.m. on the relevant date of allotment Hargreave Hale have not received evidence satisfactory to them as aforesaid, the Companies with the agreement of Hargreave Hale may, at their absolute discretion, reject any such application in which event the remittance submitted in respect of that application will be returned to the applicant at the risk of the person entitled thereto (without prejudice to the rights of the Companies to undertake proceedings to recover any loss suffered by them as a result of the failure to produce satisfactory evidence of identity). Applicants warrant that any information supplied to Hargreave Hale for the purpose of the Money Laundering Regulations 2007 is true and accurate.

SECTION 6: FINANCIAL ADVICE

Please indicate whether you have received financial advice in connection with your application for New Ordinary Shares and proceed to Section 7 (in which case you will need to ask your financial adviser to complete Section 11 or 8 accordingly).

SECTION 7: ADVISER CHARGES

Commission is no longer able to be paid to financial intermediaries in respect of advised sales of retail investment products sold to retail investors in the UK. Therefore if your Financial Intermediary provides you with advice in respect of this application for New Ordinary Shares, neither Hargreave Hale nor the Companies will pay commission to your Financial Intermediary. Instead, your Financial Intermediary will need to agree an Adviser Charge with you which you will be responsible for paying. Hargreave Hale can, however, facilitate the payment of an Adviser Charge on your behalf so that you do not have to make a separate payment to your Financial Intermediary. The remuneration will be an Adviser Charge for advice provided to you in relation to the Companies and this charge will be withdrawn from the funds the Companies receive from you. This is what is meant by facilitating the payment of this charge from the Company and the facilitation service is subject to the terms and conditions set out in the Terms and Conditions of the Adviser Charge Agreement. You will need to discuss and agree the amount and method of

paying any Adviser Charge with your Financial Intermediary.

The Adviser Charge is treated separately to your investment and will not attract any income tax relief. By way of example, you can apply to make an investment of £10,000 (Box A of Section 3) and pay an Adviser Charge of £200 (Box B at Section 7), which will require a cheque from you for £10,200 (Box C at Section 8).

Alternatively, you can submit a cheque for £10,000 (Box C at Section 8), of which £9,800 (Box A at Section 3) will be invested in new Ordinary Shares (and therefore attract income tax relief) and £200 (Box B at Section 7) will be paid to your Financial Intermediary as an Adviser Charge.

Payments of Adviser Charges on behalf of Investors will be paid by the Companies only in respect of the amount stated in Box B in Section 7. The Terms and Conditions of the Adviser Charge Agreement will apply. In addition, no payment will be made by the Companies unless the relevant application is successful and the Companies are in receipt of sufficient cleared funds from Investors in the amount set out in Box C in Section 8 (which must comprise an aggregate of the amounts set out in Box A and Box B in Sections 3 and 7).

If you require Hargreave Hale to facilitate the payment of any such Adviser Charge on your behalf please complete the third box in this Section 7 and specify the amount (in pounds sterling) of the Adviser Charge that you require the Companies to pay on your behalf in Box B in this Section 7. The Terms and Conditions of the Adviser Charge Agreement will apply and, by completing the third Box of Section 7 and signing the Application Form you are agreeing to the Terms and Conditions of the Adviser Charge Agreement. You will also need to ask your Financial Intermediary to complete the relevant parts of Section 11.

Please note that the Adviser Charge that you are instructing Hargreave Hale to pay should relate to such advice or services provided to you by your Financial Intermediary in connection with the relevant Company only. Hargreave Hale will only accept instructions from you to facilitate the payment of the Adviser Charge from the Company to your Financial Intermediary by using Application Form unless it agrees otherwise at its absolute discretion.

The Terms and Conditions of the Adviser Charge Agreement are set out below and are important. You should take time to read them before you sign and complete Section 7 of the Application Form. If you are uncertain about any aspect of the Terms and Conditions of the Adviser Charge Agreement or how to complete the Application Form, you should discuss this with your Financial Intermediary or any other professional adviser acting on your behalf.

SECTION 8: FINAL CONSIDERATION

The total amount payable by you will be the aggregate of the amounts set out in Box A in Section 3 and (if applicable) the amounts set out in Box B in Section 7. Please complete this total amount in pounds sterling in Box C in Section 8. Payment by you must be in respect of this amount.

SECTION 9: PAYMENT OPTIONS

Your cheque or bankers' draft must be payable to "Joint Offer Account of the HH AIM VCTs" and should be crossed "A/C Payee". Receipt of your application will be acknowledged within a day of its having been received. Your cheque or bankers' draft must be drawn in sterling on an account at a bank, and must bear the appropriate sort code number in the top right hand corner. The right is reserved to reject any application.

Please quote your surname as a reference when making any electronic payment.

Money Laundering Regulations

It is a term of the Offers that, to ensure compliance with the Money Laundering Regulations 2007, Hargreave Hale may at their absolute discretion require verification of identity from any person lodging an Application Form in an amount greater than £11,000 (or if the application is one of a series of linked applications, the value of which exceeds that amount).

If within a reasonable period of time following a request for verification of identity and in any case by no later than 12.00 p.m. on the relevant date of allotment Hargreave Hale have not received evidence satisfactory to them as aforesaid, the Companies with the agreement of Hargreave Hale may, at their absolute discretion, reject any such application in which event the remittance submitted in respect of that application will be returned to the applicant (without prejudice to the rights of the Companies to undertake proceedings to recover any loss suffered by them as a result of the failure to produce satisfactory evidence of identity). Hargreave Hale reserves the right to undertake electronic identity checks on applicants.

Applicants should make payment by their own cheque, banker's draft or by electronic transfer. Third party

payments will not be accepted.

The above information is provided by way of guidance to reduce the likelihood of difficulties, delays and potential rejection of an Application Form (but without limiting Hargreave Hale's right to require verification of identity as indicated above).

SECTION 10: SIGNATURE

Please sign and date the Application Form in Section 10. The Application Form may be signed by someone else on your behalf, if duly authorised by power of attorney to do so. Any power of attorney pursuant to which the Application Form is signed (or a duly certified copy thereof) must be enclosed for inspection.

SECTION 11: AUTHORISED FINANCIAL INTERMEDIARIES

Intermediaries who wish to receive payment for applications from the Companies in accordance with this section should complete Section 11a and stamp it, giving their full name and address, telephone number and FCA number. Intermediaries will also need to arrange for signature by an authorised signatory at Section 11g to confirm that (i) the information provided by the intermediary is correct (ii) it acknowledges and agrees to the Terms and Conditions of the Adviser Charge Agreement (to the extent applicable) and (iii) if applicable, it agrees to the rebate of commission as indicated by it at Section 11d of the Application Form.

The right is reserved to withhold payment to any financial adviser if Hargreave Hale is not, in its sole discretion, satisfied that the agent is so authorised.

Intermediaries should keep a record of Application Forms submitted bearing their stamp to substantiate any claim for payment. Claims for payment must be made and substantiated on submission of an Application Form.

Adviser Charges

If an Investor's Financial Intermediary provides him with advice in respect of his investment in New Ordinary Shares, the Investor may have agreed to pay an Adviser Charge to such Financial Intermediary, which the Investor will be responsible for paying. If this applies Financial Intermediaries should complete the second box in this Section 11b. The Companies may facilitate the payment of an Adviser Charge by paying it direct to authorised Financial Intermediaries on behalf of Investors. The remuneration will be an Adviser Charge for advice provided to the Investor in relation to the Companies and this charge will be withdrawn from the funds the Companies receive from the Investor. This is what is meant by facilitating the payment of this charge from the Company and the facilitation service is subject to the Terms and Conditions of the Adviser Charge Agreement. Further details are set out at Section 7 above.

Commission

If no advice has been provided by a financial intermediary to an Investor in respect of his application for New Ordinary Shares then authorised Financial Intermediaries should complete the first box in Section 11b.

If this applies Hargreave Hale is offering to pay introductory commission to authorised Financial Intermediaries at the rate of 1% on the value of successful applications submitted through them or introductory commission of 0.5% plus trail commission (as agreed between the intermediary and Hargreave Hale). Introductory commission will only be paid in respect of successful applications and only on the amounts set out in Box A in Section 3.

If Financial Intermediaries choose to receive introductory commission at the rate of 1% on the value of successful applications submitted through them they should complete the relevant box in Section 11c.

If Financial Intermediaries choose to receive introductory commission at the rate of 0.5% on the value of successful applications submitted through them plus trail commission they should complete the relevant box in Section 11c.

The introductory commission may be rebated by Financial Intermediaries and reinvested by them on behalf of their clients through an additional allotment of New Ordinary Shares (the rebate in each case may be in part or in whole in 25 per cent. increments).

If Financial Intermediaries choose to rebate introductory commission and have it reinvested in New Ordinary Shares on behalf of their client they should complete Section 11d as appropriate.

Financial Intermediaries will need to specify the percentage amount of introductory commission that they require to be rebated in Section 11d.

 - 1.2.3 that your Financial Intermediary will accept payment through the Adviser Charge Agreement.
- 1.3 The Company will only pay an Adviser Charge to your Financial Intermediary in respect of New Ordinary Shares subscribed by you in that Company.
- 1.4 When the Company pays the Adviser Charge to your Financial Intermediary, this is a payment that is made at your direction and on your behalf. The Adviser Charge is not a payment for any services provided by your Financial Intermediary to Hargreave Hale or the Company.

These circumstances include the following:

- 2.1.1 if the Company or its agent reasonably believes that the payment of the Adviser Charge would be in breach of any relevant laws or regulations; or

- 2.1.3 if your Financial Intermediary ceases to trade; or
- 2.1.4 if the Company or its agent believes your Financial Intermediary may be insolvent; or
- 2.1.5 if services to facilitate payment of Adviser Charges are terminated.

3. **CHANGE OF FINANCIAL INTERMEDIARY**

You should let Hargreave Hale know as soon as possible if you change your Financial Intermediary. In such circumstances, the Company will continue to pay any outstanding Adviser Charges to your Financial Intermediary unless you advise Hargreave Hale otherwise. If you wish the Company to pay the Adviser Charge to a new Financial Intermediary, you will need to contact Hargreave Hale to obtain a new Application Form. Hargreave Hale will only accept one Application Form for each new Financial Intermediary. Any such Application form will replace any existing adviser charge agreement which you have in place in relation to the Offers and the Company will no longer facilitate the Adviser Charge to your previous Financial Intermediary. On a change of Financial Intermediary, Hargreave Hale and/or the Company may provide details of the Adviser Charge paid under the Application Form to your new Financial Intermediary to the extent required to enable your new Financial Intermediary to provide you with advice and services in connection with your Shares and signing the Application Form is your consent to allow it to do so. **However, you may still be liable to pay the Adviser Charge to your previous Financial Intermediary under the terms of your agreement or arrangement with them.**

- 4.2 Hargreave Hale may ask you to check the information that it provides to you and bring it to its attention if you believe there are any errors or omissions.

These Terms and Conditions of the Adviser Charge Agreement do not give any rights to any person other than you, the Companies and Hargreave Hale. No other person (including any Financial Intermediary) shall have any rights to rely on any of these Terms and Conditions. The Companies may amend or cancel these Terms and Conditions without reference to, or the consent of, any other person.

7. **VARIATION**

The Company or its agent may change these Terms and Conditions of the Adviser Charge Agreement if it has a valid reason for doing so, by giving you 30 days' notice in writing in advance.
