PART 1 - CHANGES RELATED TO THE SUB-FUNDS

1. Amendment of the Investment Objective and Strategy of “ACT Factors – Climate Equity Fund” (the “Sub-Fund”)

The Board has decided to replace the benchmark currently used by the Sub-Fund (i.e., MSCI AC World Climate Change Index) by the MSCI AC World Index, a more generic benchmark that does not qualify as an European Climate Transition Benchmark or an European Paris-Aligned Benchmark under Chapter 3a of Title III of Regulation (EU) 2016/101.

The Board has also decided to amend the Investment Strategy of the Sub-Fund in order to insert additional information on the decarbonization strategy implemented by the investment manager of the Sub-Fund.

Therefore, the Prospectus supplement, the pre-contractual disclosures of the Commission Delegated Regulation (EU) of 2022/1288 of 6 April 2022 supplementing Regulation (EU) 2019/2088 of 27 November 2019 on sustainability-related disclosures in the financial services sector (“SFDR”) (the “SFDR Annex”) and the KI(I)Ds of the Sub-Fund will be amended accordingly.

For clarification purposes, it should be noted that such amendments will not result in a change of objective or strategy of the Sub-Fund.

The above amendments will require a limited rebalancing of the portfolio of the Sub-Fund, which would entail estimated costs of approximately 0,01% of the NAV. Otherwise, it is not anticipated that these changes will have an impact on (i) the risk profile and (ii) the costs and fees of the Sub-Fund.

These changes will take effect on 2 July 2024, i.e., one month after the date of the present Notice.

Shareholders who do not agree with the changes may request the redemption of their shares free of charge until 2 July 2024.

2. Amendment of the Investment Strategy of “ACT Biodiversity” (the “Sub-Fund”)

While the Sub-Fund seeks to achieve its objective of acting positively for the biodiversity by investing in sustainable companies that support on the long run the United Nations Sustainable Development Goals (“SDGs”) with a focus on certain specific SDGs which are the most relevant in light of the Sub-Fund’s objective, the Board has decided to add the SDG relating to “Zero Hunger” (SDG 2) to the list of SDGs on which the Sub-Fund focuses.

Therefore, the Prospectus supplement, the SFDR Annex and the KI(I)Ds of the Sub-Fund will be amended accordingly.

It is not anticipated that these changes will have an impact on (i) the risk profile, (ii) the costs and fees, and (iii) the portfolio composition of the Sub-Fund.

This change will take effect on 2 July 2024, i.e., one month after the date of the present Notice.

Shareholders who do not agree with such change may request the redemption of their shares free of charge until 2 July 2024.

3. Amendment of the Investment Strategy and “Management Process” of “Metaverse” (the “Sub-Fund”) to be renamed “AI & Metaverse”

The Board has decided to (i) amend the Investment Strategy and the Management Process of the Sub-Fund to reflect the investment of the Sub-Fund in the sector of Artificial Intelligence (AI) and to (ii) consequently rename the Sub-Fund as “AI & Metaverse”.

Therefore, the Prospectus supplement, the SFDR Annex and the KI(I)Ds of the Sub-Fund will be amended accordingly.

The above amendments will require a limited rebalancing of the portfolio of the Sub-Fund, which would entail estimated costs of approximately 0.005% of the NAV. Otherwise It is not anticipated that these changes will have an impact on (i) the risk profile and (ii) the costs and fees, of the Sub-Fund.

These changes will take effect on 2 July 2024, i.e., one month after the date of the present Notice.

Shareholders who do not agree with such changes may request the redemption of their shares free of charge until 2 July 2024.

4. Amendment of the Investment Strategy of “Evolving Trends” (the “Sub-Fund”)

The Board has decided to amend the Investment Strategy of the Sub-Fund in order to (i) delete the exhaustive list of themes relating to equities and equity-related securities in which the Sub-Fund essentially invests and (ii) to reflect more accurately the actual Management Process implemented for the Sub-Fund.

Therefore, the Prospectus supplement and the KI(I)Ds of the Sub-Fund will be amended accordingly.

For clarification purposes, it should be noted that such amendments will not result in a change of objective or strategy of the Sub-Fund.

It is not anticipated that these changes will have an impact on (i) the risk profile, (ii) the costs and fees, and (iii) the portfolio composition of the Sub-Fund.

These changes will take effect on the date of the publication of the updated Prospectus.

5. Amendment of the Investment Strategy of “ACT Multi Asset Optimal Impact” (the “Sub-Fund”)

The Board has decided to amend the SFDR Annex of the Sub-Fund to specify a minimum limit of investments of 70% of the Sub-Fund’s net asset value in assets which have been assessed through AXA IM’s Impact approach for listed assets.

The Board has further decided to amend the Investment Strategy of the Sub-Fund in order to clarify that the Sub-Fund, when investing in equities, mainly (and not bindingly, as previously disclosed), applies at all times AXA IM’s Impact approach for listed assets, in order to avoid any confusion further to the above-mentioned clarification.

Therefore, the Prospectus supplement, the SFDR Annex and the KI(I)Ds of the Sub-Fund will be amended accordingly.

It is not anticipated that these changes will have an impact on (i) the risk profile, (ii) the costs and fees, and (iii) the portfolio composition of the Sub-Funds.

These changes will take effect on 2 July 2024, i.e., one month after the date of the present Notice.

Shareholders who do not agree with such changes may request the redemption of their shares free of charge until 2 July 2024.

6. Amendment of the Investment Strategy of “Global Responsible Aggregate” (the “Sub-Fund”)

Following recent developments in the Taiwanese regulation, where the Sub-Fund is registered, the

Board has decided to (i) insert an investment limit of maximum 10% of the Sub-Fund's net assets in 144A securities and to (ii) remove the possibility for the Sub-Fund to invest in equities and equity-related securities.

Therefore, the Prospectus supplement and the KI(I)Ds of the Sub-Fund will be amended accordingly.

It is not anticipated that these changes will have an impact on (i) the risk profile, (ii) the costs and fees, and (iii) the portfolio composition of the Sub-Funds.

These changes will take effect on 2 July 2024, i.e., one month after the date of the present Notice.

Shareholders who do not agree with such changes may request the redemption of their shares free of charge until 2 July 2024.

7. Amendment to the “Derivatives and Efficient Portfolio Management Techniques” section of “Euro Buy and Maintain Sustainable Credit” and “Global Buy and Maintain Credit” (the “Sub-Funds”)

The Sub-Funds may now invest in derivatives for investment purposes and therefore, the Prospectus supplements and the KI(I)Ds of the Sub-Funds will be amended accordingly.

It is not anticipated that these changes will have an impact on (i) the risk profile, (ii) the costs and fees, and (iii) the portfolio composition of the respective Sub-Funds.

These changes will take effect on 2 July 2024, i.e., one month after the date of the present Notice.

Shareholders who do not agree with such changes may request the redemption of their shares free of charge until 2 July 2024.
