What are the key risks that are specific to the issuer?

The following are brief descriptions of what the Directors believe, at the time of publication of this document, to be the key material risks specific to the Company.

- There can be no guarantee that the Company's investment objectives will be achieved or that suitable investment opportunities will be available. The performance of the Company (and the ability to achieve returns for Shareholders) will be dependent on the investment opportunities sourced by the Investment Manager and the performance of those investments.
- Any change of governmental, economic, fiscal, monetary or political policy, in particular any changes to taxation, tax reliefs and changes to the VCT Rules, could materially affect, directly or indirectly, the operation and/or the performance of the Company (and the portfolio companies in which it invests), the number of Qualifying Investment opportunities available, the value of and returns from Ordinary Shares and/or the ability of the Company to achieve or maintain VCT status.
- While it is the intention of the Directors that the Company will be managed so as to continue to qualify as a VCT, there can be no guarantee that the Company will maintain VCT status. A failure to meet the qualifying requirements could result in the loss of tax reliefs previously obtained, resulting in adverse tax consequences for investors, including a requirement to repay the income tax relief obtained, and could also cause the Company to lose its exemption from corporation tax on capital gains.
- The Company's investments may be difficult to realise. The fact that a share is traded on AIM does not guarantee its liquidity. The spread between the buying and selling price of such shares may be wide and thus the price used for valuation may not be achievable. The valuation of the Company's portfolio and opportunities for realisation of the investments will vary with stock market conditions. In addition, the value of unlisted stock is often more difficult to determine than the value of stock in listed companies and may be based on unaudited information and/or be subject to limited verification or other due diligence. Opportunities to realise unlisted stock may also be limited.
- The primary focus of the Company's qualifying portfolio is on investments in AIM-traded companies. The Company also invests in unquoted private companies. Investment in AIM-traded companies and unquoted companies, by its nature, may involve a higher degree of risk than investment in companies traded on the main market of the London Stock Exchange. In particular, AIM-traded companies and unlisted companies are often smaller companies which may have limited product and service lines, markets or financial resources and may be dependent for their management on a smaller number of key individuals.
- Geopolitical and economic uncertainty resulting from, among other things, the continuing impact of Brexit, ongoing supply chain disruption, high levels of inflation and associated policy responses by the Bank of England and other central banks have reduced expectations for global economic growth, and may lead to recession in the UK and elsewhere. Such conditions present significant challenges and are to varying degrees adversely affecting, and may continue to adversely affect, the performance of companies in which the Company has invested or may invest, which in turn may adversely affect the performance of the Company. This may also negatively impact the number or quality of investment opportunities available to the Company, all of which could have a material adverse impact on the future investment returns of the Company, the price of the Ordinary Shares and the ability of the Investment Manager to find and realise suitable investments.

Key information on the securities

What are the main features of the securities?

Description and class of securities

The Ordinary Shares have a nominal value of 1 penny each and are denominated in Sterling. The ISIN of the Ordinary Shares is GB00B02WHS05 and the SEDOL number is B02WHS0. The ticker code for the Ordinary Shares is HHV.

As at 31 August 2022 (being the latest practicable date prior to the publication of this document) the issued share capital of the Company comprised 266,944,719 Ordinary Shares and no Ordinary Shares were held in treasury.

Rights attaching to the securities

The Offer Shares will rank *pari passu* in all respects with the existing issued Ordinary Shares (save for any dividends or other distributions declared, made or paid on the Ordinary Shares by reference to a record date prior to the relevant allotment of Offer Shares). Subject to any special rights, restrictions or prohibitions as regards voting for the time being attached to any Ordinary Shares, Shareholders have the right to receive notice of, attend and vote at general meetings of the Company. Each Shareholder present in person or by proxy or by a duly authorised representative (if a company) at a general meeting shall upon a show of hands have one vote and upon a poll all Shareholders have one vote for every Ordinary Share held. Subject to the provisions of the Act, the Company may from time to time declare dividends and make other distributions on the Ordinary Shares. Shareholders are entitled to participate in the net assets of the Company attributable to their Ordinary Shares on a winding up of the Company or other return of capital.

There are no restrictions on the transferability of the Ordinary Shares, subject to compliance with applicable securities laws and the Articles.

Dividend policy

The Company's dividend policy is to target a tax free dividend yield equivalent to 5 per cent. of the year end Net Asset Value. The Company has a well-established track record of paying out tax free dividends to Shareholders. Whether a Shareholder qualifies to receive tax free dividends from the Company or not will depend on the personal circumstances of each individual Shareholder. If an Investor is uncertain as to their tax position they should consult their accountant or financial adviser.

The Company aims to pay an interim dividend in July each year and a final dividend in February. Special dividends may also be paid by the Company following significant realisations of investments.

The ability to pay dividends is dependent on the Company's available distributable reserves and cash resources, the Act, the Listing Rules and the VCT Rules. The policy is non-binding and at the discretion of the Board.

Dividend payments may vary from year to year in both quantum and timing. The level of dividend paid each year will depend on the performance of the Company's portfolio. In years where there is strong investment performance, the Directors may consider a higher dividend payment, including the payment of special dividends. In years where investment performance is not as strong, the Directors may reduce the dividend or pay no dividend.

Where will the securities be traded?

Applications will be made to the FCA for the Offer Shares to be admitted to the premium segment of the Official List and to the London Stock Exchange for the Offer Shares to be admitted to trading on the London Stock Exchange's main market for listed securities. It is expected that such admissions will become effective, and dealings in the Offer Shares will commence, during the period from 21 October 2022 to 21 August 2023.

What are the key risks that are specific to the securities?

The following is a brief description of what the Directors believe, at the time of publication of this document, to be the key material risks specific to the Ordinary Shares.

- It is likely that the price for an Ordinary Share which a Shareholder could achieve on the stock market will be significantly less than the NAV per Share. The market value of, and the returns derived from, the Ordinary Shares may go down as well as up and an investor may not get back the amount invested.

- The Company is a closed-ended investment company. Shareholders will have no right to have their Ordinary Shares redeemed or repurchased by the Company at any time. Shareholders wishing to realise their investment will be required to dispose of their Ordinary Shares on the stock market. Accordingly, the ability of Shareholders to realise any value in respect of their Ordinary Shares is dependent on the existence of a liquid market in the Ordinary Shares and the prevailing market price of such Ordinary Shares. There is a limited secondary market for shares in VCTs (primarily because initial VCT income tax relief is only available to individuals who subscribe for newly issued shares rather than upon the purchase of existing issued shares). The operation of the Company's Share buyback policy is intended to provide a degree of liquidity for investors but if the Company is unable to maintain its Share buyback policy, investors may find it difficult to realise their investments. The Ordinary Shares usually trade at a discount to the NAV per Share.
- A Shareholder who disposes of Ordinary Shares within five years of issue will be subject to clawback by HMRC of any income tax reliefs originally claimed on subscription. Any realised losses on a disposal of Ordinary Shares cannot be used to create an allowable loss for capital gains tax purposes.

Key information on the offer of securities to the public and/or the admission to trading on a regulated market

Under which conditions and timetable can I invest in these securities?

General terms and conditions and expected timetable

It is proposed that the Company raises up to £20 million by way of the Offer, with the availability of an Over-allotment Facility allowing the Company to raise up to a further £30 million at the Board's discretion. The issue of the Offer Shares is subject to Shareholders approving the necessary share issuance authority at a general meeting to be held on 7 October 2022.

The Offer will open on 5 September 2022. The first allotment under the Offer is expected to be on or around 14 October 2022. Thereafter, the Directors reserve the right to allot Offer Shares at any time whilst the Offer remains open. Following the first allotment of Offer Shares, allotments will take place on a monthly basis or at such other times as the Board, in its sole discretion, may determine.

Offer Shares will be issued at a 3.5 per cent. premium to the last published NAV per Share to offset the costs of the Offer. The price of the Offer Shares will be calculated in pence to two decimal places by reference to the Pricing Formula:

$$\text{Price of Offer Shares} = \frac{\text{Last Published NAV per Share}}{0.965}$$

The NAV per Share will be the last published by the Company prior to the date of allotment, adjusted as necessary for dividends declared but not yet paid if the allotment occurs whilst the Shares are classified as ex-dividend.

The relevant Offer Price in respect of each allotment will be announced through a Regulatory Information Service following the relevant allotment of Offer Shares. Dealings in Offer Shares are expected to commence within 5 Business Days of the relevant allotments.

The closing date for the Offer in respect of the 2022/23 tax year will be at 5.00 p.m. on 24 March 2023 (unless fully subscribed earlier, in which case the Board may close the Offer earlier than this date). If the Offer is not fully subscribed at that time, the Directors reserve the right to allow the Offer to remain open for at least part of the 2023/24 tax year, but not beyond 12.00 p.m. on 11 August 2023.

Applications under the Offer will normally be accepted on a first-come-first-served basis (provided cheques are not post-dated and with priority being given to applications with cleared funds), subject always to the discretion of the Board. The Board cannot guarantee a specific allotment date during the relevant tax year and applications which cannot be satisfied at one allotment date will be held for processing until a later allotment date in the relevant tax year.

The minimum subscription per Investor under the Offer is £5,000 in aggregate across both the 2022/2023 and 2023/2024 tax years. Applications in respect of less than £5,000 in aggregate will not be accepted and amounts transferred in relation to such applications will not be processed. Multiple applications under the Offer from the same Investor in the same tax year will not be accepted as a means to achieving the minimum subscription.

The Offer Shares will be available to be issued in either registered form (i.e. certificated) or electronic form (i.e. via CREST). Offer Shares issued close to the end of the tax year may need to be issued in certificated form to allow the investment to be made within the required tax year. Definitive share certificates and income tax certificates

are expected to be despatched by post within 15 Business Days of each allotment of Offer Shares. Temporary documents of title will not be issued in connection with the Offer.

Dilution

In the event that the Offer is fully subscribed (but assuming that the Over-allotment Facility is not used) and assuming an Offer Price of 69.77 pence per Offer Share (based on the NAV per Share as at 31 July 2022), the percentage of the Company owned by Existing Shareholders (assuming they do not subscribe for additional Ordinary Shares under the Offer or otherwise acquire further Ordinary Shares) will decrease to 90 per cent. through the issue of the Offer Shares. In the event the Maximum Subscription is achieved (i.e. including the Over-allotment Facility) and assuming an Offer Price of 69.77 pence per Offer Share (based on the NAV per Share as at 31 July 2022), the percentage of the Company owned by Existing Shareholders (assuming they do not subscribe for additional Ordinary Shares under the Offer or otherwise acquire further Ordinary Shares) will decrease to 79 per cent. through the issue of the Offer Shares.

Expenses of the Offer

Investors under the Offer will indirectly bear the costs of the Offer through the application of the Pricing Formula which determines the Offer Price to be paid for the Offer Shares and includes an allowance for issue costs of 3.5 per cent. The costs of the Offer will be paid by the Administrator out of its fee of 3.5 per cent. of the gross proceeds of the Offer. To the extent that the expenses of the Offer exceed 3.5 per cent. of the gross proceeds of the Offer, the Administrator will bear the excess.

Commission is available to Financial Intermediaries: (i) acting on behalf of "execution only", non-advised UK retail clients; and (ii) following the provision of restricted advice to an Investor that is a Professional Client (as defined in COBS 3.5) of the Financial Intermediary, on the following basis:

- 1 per cent. initial commission and no trail commission; or
- 0.5 per cent. initial commission plus trail commission of 0.375 per cent. of the amount subscribed by the Investor per annum (limited to five years).

All commissions to be paid to Financial Intermediaries will be paid by Canaccord Genuity Wealth Limited.

The introductory commission may be rebated by Financial Intermediaries and reinvested by them on behalf of their clients through additional Offer Shares (the rebate in each case may be in whole or in part in 25 per cent. increments).

The Company is not permitted to pay commission to Financial Intermediaries where advice has been given to UK retail investors in relation to their Subscription under the Offer. However, the Company can facilitate the payment of initial Adviser Charges on behalf of an Investor in relation to their Subscription under the Offer. Any amount of initial Adviser Charges agreed to be facilitated is paid by the Investor from the monies received with their Subscription and is not paid by the Company.

Why is this Prospectus being produced?

Reasons for the Offer and use of proceeds

The Company is seeking to raise further funds under the Offer primarily to allow it to take advantage of attractive investment opportunities in accordance with its investment policy. The net proceeds of the Offer will be pooled with the existing cash resources of the Company and utilised (i) to make new and follow-on investments in accordance with its investment policy and (ii) to help meet annual outgoings (including running costs, directors' fees and market purchases of Ordinary Shares).

The Offer is not underwritten. The total expenses payable by the Company in connection with the Offer (assuming the Offer is fully subscribed and no Offer Shares are issued under the Over-allotment Facility) are expected to be around £0.7 million (including amounts paid by way of fees and irrecoverable VAT where applicable) and the net proceeds of the Offer will amount to £19.3 million. If the Maximum Subscription is achieved, the total expenses payable by the Company in connection with the Offer are expected to be around £1.6 million (including amounts paid by way of fees and irrecoverable VAT where applicable) and the net proceeds of the Offer will amount to £48.4 million.

Conflicts of interest

Oliver Bedford is an employee of Canaccord Genuity Fund Management and therefore has an interest in the arrangements between the Company and the Investment Manager. Oliver Bedford is also a Director of the Company and as such there may be a potential conflict of interest between his duties owed to the Company and to the Investment Manager in relation to these arrangements.

The Company has and may make further investments in the Marlborough Special Situations Fund, which is managed by the Investment Manager. As the Investment Manager to the Company and investment advisor to the Marlborough Special Situations Fund, the Investment Manager adjusts the fee it receives under the Management Agreement to ensure that the Company is not charged twice for its services.

The Investment Manager and its officers and employees may be involved in other financial, investment or professional activities that may on occasion give rise to conflicts of interest with the Company. In particular, the Investment Manager may provide investment management or other services in relation to a number of funds that may have similar investment policies to that of the Company.

Preparing the ground

Risk factors

The risk factors set out below are those which the Directors consider to be material but are not the only risks relating to the Company or the Ordinary Shares. There may be additional risks that the Directors do not currently consider to be material, or which are not presently known to the Directors. Before investing in the Ordinary Shares, potential investors should consult their stockbroker, bank manager, solicitor, accountant or other suitably qualified and independent financial adviser authorised under FSMA if they are in the United Kingdom or, in the case of a potential investor who is located outside the United Kingdom, another appropriately authorised financial adviser.

An investment in the Company should not be regarded as short-term in nature and involves risks that could lead to the loss of all or part of that investment. An investment in the Company is only suitable for investors who are capable of evaluating the merits and risks of such an investment and who have sufficient resources to bear any loss which might result from such an investment.

The Directors believe that the risks described below are the material risks relating to an investment in the Ordinary Shares at the date of this document. If any of the adverse events described below occur, the financial condition, performance and prospects of the Company and the market price of the Ordinary Shares could be materially adversely affected and Shareholders may lose all or part of their investment. Additional risks which were not known to the Directors at the date of this Prospectus, or that the Directors considered to be immaterial at the date of this Prospectus, may also have an adverse effect on the financial condition, performance and prospects of the Company and the market price of the Ordinary Shares. Further, as required by the Prospectus Regulation, the risks that the Directors consider to be the most material risk in each category, taking into account the negative impact on the Company and the probability of its occurrence, have been set out first. Given the forward looking nature of the risks, there can be no guarantee that such risk is, in fact, the most material or the most likely to occur. Prospective investors should, therefore, review and consider each risk.

Potential investors should carefully consider all the information in this document, including the following material risk factors in relation to the Company and the Ordinary Shares, before deciding to invest in the Company.

Risks relating to Venture Capital Trusts

Changes to governmental, economic, fiscal, monetary or political policy

Any change of governmental, economic, fiscal, monetary or political policy, in particular any changes to taxation, tax reliefs and changes to the VCT Rules, could materially affect, directly or indirectly, the operation and/or the performance of the Company (and the portfolio companies in which it invests), the value of and returns from the Ordinary Shares and/or the ability of the Company to achieve or maintain VCT status.

Loss of tax reliefs

The information, including references to tax rules, contained in this document is based on existing legislation. The tax rules or their interpretation in relation to an investment in the Company and/or the rates of tax, or other statutory provisions to which the Company is subject, may change during the life of the Company and such changes could be retrospective. While it is the intention of the Directors that the Company will be managed so as to continue to qualify as a VCT, there can be no guarantee that this status will be maintained. A failure to meet the qualifying requirements could

result in the loss of tax reliefs previously obtained, resulting in adverse tax consequences for investors, including a requirement to repay the income tax relief obtained, and could also cause the Company to lose its exemption from corporation tax on capital gains.

A Shareholder who disposes of Ordinary Shares within five years of issue will be subject to clawback by HMRC of any income tax reliefs originally claimed on subscription. Any realised losses on a disposal of Ordinary Shares cannot be used to create an allowable loss for capital gains tax purposes.

State Aid

As a result of the tax status of VCTs, investments by VCTs in underlying portfolio companies are regarded as state aided investments. Where the European Commission believes that state aid has been provided prior to 1 January 2021 which is not in accordance with the Risk Finance Guidelines, it may require that the UK government recovers that state aid. This may have an adverse effect on Shareholder returns. From 1 January 2021, the requirements to recover unlawful state aid is the remit of the UK Government (in compliance with its ongoing arrangements with the EU). On 28 April 2022, the Subsidy Control Act received Royal Assent. Most of the Act has not yet entered into force and it is unclear

what (if any) impact its provisions will have on the Company.

A condition of the European Commission's State Aid approval of the UK's VCT and EIS schemes in 2015 was the introduction of a retirement date for the current schemes at midnight on 5 April 2025. This was passed into UK law through the Finance (No 2) Act 2015. If the relevant legislation is not renewed or replaced with similar or equivalent legislation, new investors will not be able to claim income tax relief for investments into new shares issued by VCTs after 5 April 2025, making it more difficult for the Company to attract new capital whilst continuing to operate under its current investment policy.

Discount

It is likely that the price for an Ordinary Share which a Shareholder could achieve on the stock market will be less than the prevailing NAV per Share. The Ordinary Shares may trade at a discount to the NAV per Share for a variety of reasons including as a consequence of general market conditions, concerns regarding the general liquidity or marketability of the Ordinary Shares or the actual or expected performance of the Company. The market value of, and the returns derived from, the Ordinary Shares may go down as well as up and an investor may not get back the amount invested.

Liquidity

The Company is a closed-ended investment company. Shareholders will have no right to have their Ordinary Shares redeemed or repurchased by the Company at any time. Shareholders wishing to realise their investment will be required to dispose of their Ordinary Shares on the stock market. Accordingly, the ability of Shareholders to realise the NAV per Share of, or any value in respect of, their Ordinary Shares is dependent on the existence of a liquid market in the Ordinary Shares and the market price of such Ordinary Shares.

Although the existing Ordinary Shares issued by the Company have been (and it is anticipated that the Offer Shares will be) admitted to the premium segment of the Official List and traded on the main market of the London Stock Exchange, if the Company is unable to maintain its Share buyback policy (which has been put in place in order to enhance liquidity in the Ordinary Shares), there may not be a liquid market for the Ordinary Shares. Given that there is a limited secondary market for VCT shares (primarily because initial VCT income tax relief is only available to individuals subscribing for newly issued shares), Investors may find it difficult to realise their investments.

Specific risks relating to the Company

The portfolio

The primary focus of the Company's qualifying portfolio is on investments in AIM-traded companies. Investment in AIM-traded companies, by its nature, may involve a higher degree of risk than investment in companies traded on the main market of the London Stock Exchange. The valuation of the portfolio and opportunities for the Company to realise AIM-traded investments within the portfolio may also depend on market conditions. The fact that a share is traded on AIM does not guarantee its liquidity.

Although the primary focus of the Company's qualifying portfolio is on investments in AIM-traded companies, the Company has built a portfolio of investments in unlisted private companies and will make further investments in unlisted private companies if the Investment Manager identifies attractive investment opportunities. It is unlikely that there will be a liquid market for the shares and other securities that the Company holds in unlisted investee companies and, therefore, it may be difficult for the Company to realise such investments. The value of unlisted stock is often more difficult to determine than the value of stock in listed companies. In addition, valuations of the unquoted investments may be based on unaudited information and may be subject to limited verification or other due diligence. If the realised value of an unquoted investment or other asset held by the Company is less than its valuation, this may have a material adverse effect on future Shareholder returns.

At the point of investment, Qualifying Companies are often small companies which lack commercial maturity and carry high levels of investment risk.

These Qualifying Companies may have limited product service lines and markets. They may also have limited financial resources, negative cash flows and require further funding in time. Qualifying Companies can be dependent for their management on a smaller number of key individuals, over-exposed to a small number of dominant customers, and more vulnerable to exogenous risks such as disruption to supply chains.

As a consequence of these risks, it may take time for new investments in Qualifying Companies to contribute to Shareholder returns and dividends payable by the Company and the levels of those returns may be volatile due to the nature of investing in earlier stage companies. The past performance of the Company or other funds managed or advised by the Investment Manager is not a guide to the future performance of the Company.

Realisation of investments

Investments in AIM-traded companies are likely to be more illiquid than investments in companies traded on the main market of the London Stock Exchange. The Company may not be able to realise investments within a reasonable timeframe or at all. Such illiquidity may affect the ability of the Company to vary its portfolio or dispose of investments in a timely fashion and at satisfactory prices in response to changes in economic or other conditions. This could have an adverse effect on the financial condition and results of operations of the Company as it could reduce the profits and proceeds expected to be realised from such investments by the Company.

Third party service providers

The Company has no employees and all of the Directors have been appointed on a non-executive basis. The Company relies upon third party service providers to perform certain functions. In particular, the Investment Manager, Administrator and Registrar will perform services that are integral to the Company's operations and financial performance.

The Company is dependent on the skills of the Investment Manager to manage its investments. If the Investment Manager ceases to act as investment manager or if key personnel cease to be employed by the Investment Manager or be involved in the management of the Company's portfolio, there is no assurance that suitable replacements will be found. If this occurs, there may be an adverse effect on the performance of the Company and the value of the Ordinary Shares.

The Company is also dependent on those service providers to protect against breaches of the Company's legal and regulatory obligations, including those in relation to data protection. Failure by any service provider to carry out its obligations to the Company in accordance with the terms of its appointment, to exercise due care and skill, or to perform its obligations to the Company at all as a result of insolvency, fraud, breaches of cybersecurity, failures in business continuity plans or other causes, could have a material adverse effect on the Company's operations and performance and on returns to Shareholders. The termination of the Company's relationship with any third party service provider, or any delay in appointing a replacement for any such service provider, could materially disrupt the business of the Company and could have a material adverse effect on the Company's performance and returns to Shareholders.

Economic and global political uncertainty

Geopolitical and economic uncertainty resulting from, among other things, the continuing impact of Brexit, ongoing supply chain disruption, high levels of inflation and associated policy responses by the Bank of England and other central banks have reduced expectations for global economic growth, and may lead to recession in the UK and elsewhere. Reduced economic activity and high inflation is likely to reduce corporate profitability in the short-term and has led to volatility in global equity markets, with particularly sharp falls in the valuation of loss-making growth companies whose value is sensitive to higher interest rates. The war in Ukraine presents challenges to the European security order and may have further profound economic consequences if restricted access to certain commodities over time limits the ability of energy intensive businesses to operate without interruption. UK households are experiencing large increases in household bills that has led to a sharp deterioration in consumer confidence and may limit the discretionary consumption of goods and services. Businesses continue to navigate disrupted supply chains, in part a consequence of new outbreaks of COVID-19, sharply higher energy and other input costs and tight labour markets. As a result, business confidence, trade and investment, employment and economic activity may fall in the UK and elsewhere. Higher commodity prices and supply chain disruption may continue to support high levels of inflation that require further material increases in interest rates in the UK and elsewhere that may depress economic growth and continue to weigh on global equity markets. Such conditions present significant challenges and are to varying degrees adversely affecting, and may continue to adversely affect, the performance of companies in which the Company has invested or may invest, which in turn may adversely affect the performance of the Company. This may also negatively impact the number or quality of investment opportunities available to the Company, all of which could have a material adverse impact on the future investment returns of the Company, the price of the Ordinary Shares and the ability of the Investment Manager to find and realise suitable investments.

Investors and potential investors should note that the Company's Key Information Document may disclose a lower risk score during the Offer until it is updated in line with the new FCA requirements.

- the income and other tax consequences that may apply in their own countries as a result of the purchase, holding, transfer or other disposal of Ordinary Shares.

Prospective investors must rely on their own advisers as to legal, financial, taxation, accounting, regulatory, investment or any other related matters concerning the Company and an investment in the Ordinary Shares.

Information to distributors

Solely for the purposes of the product governance requirements contained within: (a) the UK's implementation of EU Directive 2014/65/EU on markets in financial instruments, as amended ("**UK MiFID II**"); (b) the UK's implementation of Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing UK MiFID II, and in particular Chapter 3 of the Product Intervention and Product Governance Sourcebook of the FCA (together, the "**MiFID II Product Governance Requirements**"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the Ordinary Shares have

been subject to a product approval process, which has determined that the Ordinary Shares to be issued pursuant to the Offer are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties each as defined in UK MiFID II; and (ii) eligible for distribution through all distribution channels as are permitted by UK MiFID II (the “**Target Market Assessment**”).

Notwithstanding the Target Market Assessment, distributors (such term to have the same meaning as in the MiFID II Product Governance Requirements) should note that: the price of the Ordinary Shares may decline and investors could lose all or part of their investment; the Ordinary Shares offer no guaranteed income and no capital protection; and an investment in the Ordinary Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Offer.

For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of UK MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Ordinary Shares.

Each distributor is responsible for undertaking its own target market assessment in respect of the Ordinary Shares and determining appropriate distribution channels.

Regulatory status of the Ordinary Shares

As the Company is a Venture Capital Trust, the Ordinary Shares will be “excluded securities” under the FCA’s rules on non-mainstream pooled investments. Accordingly, the promotion of the Ordinary Shares is not subject to the FCA’s restriction on the promotion of non-mainstream pooled investments. The Company intends to conduct its affairs so that its Ordinary Shares can be recommended by Financial Advisers to retail investors in accordance with the rules on the distribution of financial instruments under UK MiFID II. The Directors consider that the requirements of Article 57 of the UK MiFID II Delegated Regulation are met in

relation to the Ordinary Shares and that, accordingly, the Ordinary Shares should be considered “non-complex” for the purposes of UK MiFID II.

UK PRIIPS Laws

In accordance with the UK PRIIPs Laws, a Key Information Document in respect of the Ordinary Shares has been prepared by the Company and is available to investors at www.hargreaveaimvcts.co.uk. If you are distributing the Ordinary Shares, it is your responsibility to ensure that the relevant Key Information Document is provided to any clients that are “retail clients”. Investors should note that the procedures for calculating the risks, costs and potential returns disclosed in the KID are prescribed by the law. The figures in the KID may not reflect the expected returns for the Company and projected performance returns cannot be guaranteed.

With effect from 1 January 2023, the FCA has mandated that a minimum risk score of 6 will apply to all Key Information Documents prepared by VCTs in accordance with the UK PRIIPS Laws. Investors and potential investors should note that the Company’s Key Information Document may disclose a lower risk score during the Offer until it is updated in line with the new FCA requirements.

Without limitation to the foregoing, by making a subscription for or purchase of Offer Shares, or otherwise providing us with personal data, each Investor or prospective investor (and any third party acting on behalf of an Investor or prospective investor) acknowledges that it has been informed that such information will be held and processed

by the Company (or any third party, functionary, or agent appointed by the Company, which may include, without limitation, the Registrar) in accordance with and for the purposes set out in the Company's Privacy Notice which include:

- the performance of the Company's contract with an Investor, or the Company taking necessary steps prior to entering into a contract with a prospective investor;
- acting in a way that is necessary for the Company's legitimate interests, including carrying out the business of the Company and the administering of interests in the Company; and
- complying with the legal, regulatory, reporting and/or financial obligations of the Company in the UK or elsewhere (or of any third party, functionary or agent appointed by the Company), including verifying the identity of an Investor or a prospective investor to comply with statutory and regulatory requirements in relation to anti-money laundering procedures.

Where necessary to fulfil the purposes set out above and in the Privacy Notice, the Company (or any third party, functionary, or agent appointed by the Company, which may include, without limitation, the Registrar) will for the avoidance of doubt (and as further described in the Privacy Notice):

- disclose personal data to third party service providers, affiliates, agents or functionaries appointed by the Company or its agents to operate and administer the Company; and
- transfer personal data outside of the UK and the EEA to countries or territories which do not offer the same level of protection for the rights and freedoms of Investors or prospective investors; provided in each case that adequate safeguards are in place for the protection of such personal data, in accordance with Data Protection Legislation.

Investors or prospective investors and any third parties acting on behalf of Investors or prospective investors, are responsible for informing any third party individual to whom the personal data relates of the disclosure and use of such data in accordance with these provisions. Individuals have certain rights in relation to their personal data; such rights and the manner in which they can be exercised are set out in the Privacy Notice.

Dear Investor,

The Offer

5 September 2022

Further to the announcement released by the Company on 9 June 2022, the Board is pleased to launch a new offer for subscription (the "Offer") to raise up to £20 million, together with an Over-allotment Facility which will allow the Company to raise up to an additional £30 million. This follows the success of the Company's previous offer for subscription, which closed on 20 October 2021, under which the Company raised gross proceeds of £40 million.

The Investment Manager has made good progress deploying the proceeds of the 2021/2022 offer with the Company expecting to return to full investment within its portfolio of Qualifying Companies in the financial year commencing 1 October 2022. The Offer will provide the Company with additional capital for further investment in accordance with its investment policy, in many cases in support of existing portfolio companies as they continue to grow and invest. At the same time, the Offer will allow new and existing investors to gain or add to their exposure to public companies traded on AIM and to private companies through an investment company listed on the premium segment of the London Stock Exchange's main market for listed securities, whilst benefitting from a tax efficient structure.

The Offer will remain open until 5.00 p.m. on 24 March 2023 for Investors seeking tax relief in the 2022/23 tax year and 12.00 p.m. on 11 August 2023 for Investors seeking tax relief in the 2023/24 tax year, unless the Offer is fully subscribed at an earlier date.

In line with previous offers, Canaccord Genuity Wealth Limited will offer an 'early bird discount' of up to two per cent. on the initial fee for those applications received by CGWL by 5.00 p.m. on Friday, 28 October 2022, subject to a maximum aggregate subscription under the 'early bird offer' of £15 million. The two per cent. discount (to the standard 3.5 per cent. initial fee) will only apply to applications which do not trigger the payment of introductory commission to a Financial Intermediary. In such cases, the available discount will fall to one per cent. Discounts are paid through the allotment of additional Offer Shares to the subscriber. CGWL reserves the right to vary the terms of the 'early bird offer', including to revoke such offer, at any time and in its sole discretion.

The portfolio

The Company is an established Venture Capital Trust that aims to generate capital gains and income from its portfolio and to make distributions to Shareholders from capital or income whilst maintaining its status as a Venture Capital Trust. Although the Company's Qualifying Investments are primarily in companies that are listed on AIM, it also has investments in private companies. The Company may also make Non-Qualifying Investments in equities and exchange traded funds listed on the main market of the London Stock Exchange, fixed income securities, bank deposits and the Marlborough Special Situations Fund.

The Company offers investors exposure to a mature and well-diversified portfolio of small companies managed by Hargreave Hale (trading as Canaccord Genuity Fund Management). As at 31 July 2022, of the 70¹ Qualifying Companies in the Company's portfolio, 64 are listed on AIM and represented 55.9 per cent. of the Company's NAV by market value. The portfolio of Qualifying Investments also includes 6 investments in private companies, which represented 9.3 per cent. of the Company's NAV by market value as at 31 July 2022. Evidence of the Company's commitment to diversification can be found in the top 10 Qualifying Investments, which represented 26.4 per cent. of the Company's NAV as at 31 July 2022. In keeping with the investment policy, as at 31 July 2022 the

¹ Excludes companies with nil value

Company had a focused portfolio of 20 main market listed Non-Qualifying Investments which the Investment Manager believes balances the desire to drive Shareholder returns with the need to support portfolio liquidity.

The balance of the portfolio comprises readily realisable bank deposits and a small investment in the Marlborough Special Situations Fund.

The portfolio of Qualifying Investments has been built steadily since launch in 2004. The Investment Manager's preference for long term investment has allowed these investments to mature over time with 13 companies now held for more than 10 years. Consistent with the VCT Rules, Qualifying Companies are often very small at the point of investment; however, the passage of time means that the market capitalisation of Qualifying Companies within the Company's portfolio typically varies from less than £10 million to greater than £1,000 million, with a weighted average of £248.8 million as at 31 July 2022. Revenues and profits vary significantly, too. Some companies are pre-revenue whilst others have revenues in the hundreds of millions, the weighted average being £91.8 million as at 31 July 2022. Whilst many Qualifying Companies are loss making at the point of investment, the increasing levels of maturity within the portfolio means that many Qualifying Companies are profitable. The weighted average profit before tax across the Company's portfolio of Qualifying Companies is £3.1 million as at 31 July 2022.

The Company has the ability to invest across all available investment sectors, although the VCT Rules tend to promote investment into sectors such as technology, healthcare and consumer discretionary. The sector exposures are well balanced and represented 31.3 per cent., 24.3 per cent. and 20.9 per cent. of the Company's NAV respectively as at 31 July 2022.

Further information on the Company's investment portfolio can be found on page 53 of this document.

Investment Outlook and performance

As 2022 has progressed, markets have become increasingly challenging. This trend accelerated during the second and third quarter as a result of the deteriorating economic outlook, itself a consequence of very high levels of inflation being experienced in the United Kingdom and elsewhere and the higher interest rates that have followed as central banks act to bring inflation back into line with policy targets in the medium term.

Reflecting the deteriorating outlook for inflation, which hit 10.1 per cent. in the United Kingdom in July 2022, the Bank of England increased the base rate from 0.1 per cent. in December 2021 to 1.75 per cent. in August 2022 as it withdrew the historic level of monetary stimulus to the UK economy and started to tighten financial conditions. Higher inflation has been partially offset by wage settlements within the United Kingdom, particularly within the private sector; however, this has not been sufficient to prevent real wage growth turning negative. This, along with alarm about the outlook for household energy bills through the winter, has very significantly undermined consumer confidence and is impacting consumer facing companies. In addition to increased labour costs, many companies continue to experience supply chain disruption and increases in energy and other input costs such as transport and raw materials. Taken together, these amount to a serious drag on corporate profit margins and, more broadly, the outlook for economic activity in the UK. In its August 2022 Monetary Policy report, the Bank of England forecasts GDP growth of 3.5 per cent. in 2022, falling to -1.5 per cent. in 2023 as a consequence of the UK economy falling into a 15 month recession starting in the fourth quarter of 2022, with GDP shrinking by more than 2 per cent. from peak to trough.

Looking ahead, and noting the significant decline in equity markets and the holding period required by the VCT Rules, the Investment Manager believes that now may be a good time for investors to provide the Company with further capital for investment into Qualifying Companies. Previous recessions, often accompanied by heavy falls in equity markets, have spawned innovation and led to the Investment Manager seeing an increased amount of investment opportunity in Qualifying Companies, often attractively priced. Although the Investment Manager is not expecting a rapid recovery in the economic outlook or equity markets, it does believe that inflation will peak in 2023 and that the current challenges will ultimately give way to a more benign environment that will lay the foundations for strong performance over the medium and long term.

In the ten months to 31 July 2022, the unaudited NAV per share decreased from 100.39 pence to 67.33 pence. A special dividend of 2.50 pence was paid on 29 October 2021, a final dividend of 3.15 pence was paid on 10 February 2022 and an interim dividend of 1.00 pence was paid on 29 July 2022, giving a NAV total return to investors of -26.41 pence per Ordinary Share, which translates to a loss of -26.31 per cent. as at 31 July 2022. The

NAV total return (dividends reinvested) for the period was -27.81 per cent. compared with -25.14 per cent. for the FTSE AIM All-share Index Total Return and +3.76 per cent. for the FTSE All-Share Index Total Return.

The opportunity

The Board believes that the Offer is an attractive investment opportunity for both Existing Shareholders and new investors for the following reasons:

- The Company offers access to a diversified and maturing portfolio of companies, which the Board and the Investment Manager believe have the potential to develop and grow. As at 31 July 2022, the Company had investments in 93² companies valued at £136.4 million (unaudited).
- The Investment Manager has a strong track record of identifying promising early-stage growth companies on AIM.
- Notwithstanding the challenging conditions, companies within the portfolio in general have shown resilience, further developed their products or services and, in many cases, have grown revenues. The Board and the Investment Manager remain confident that the portfolio has good growth prospects.
- The Investment Manager's experienced investment team continues to see a steady flow of VCT qualifying opportunities from companies in the AIM market and also in the unquoted sector, which may need capital in the short and medium term.
- The Company has a well-established track record of paying out tax free dividends to Shareholders and its dividend policy is to target a tax free dividend yield equivalent to 5 per cent. of the Company's year-end Net Asset Value subject to performance, the availability of distributable reserves, cash resources and the VCT rules.
- The Company aims to improve liquidity for Shareholders who wish to sell their Ordinary Shares and to maintain a discount of approximately 5 per cent. to the last published NAV per Share (as measured against the mid-price) by making secondary market purchases of its Ordinary Shares in accordance with parameters set by the Board and subject to the availability of distributable reserves and the Company's cash requirements.

Tax benefits

Investors who pay income tax in the United Kingdom should be able to claim up to 30 per cent. income tax relief at the point of investment provided they pay sufficient income tax to offset against the claim for income tax relief and commit to holding their Ordinary Shares for at least five years. Other tax reliefs available to Investors include an exemption from income tax on any dividend distributions made by the Company and an exemption from capital gains tax on disposal of their Ordinary Shares. Investors should note that VCT investments are not loss allowable for the purposes of capital gains tax. Tax reliefs can be subject to change and are dependent on an individual's circumstances, and we encourage Investors to consult their accountant or financial adviser and confirm their suitability before proceeding with an investment in the Company. Please see Part 5 of this document for further information on the tax implications of an investment in the Company.

Dividend Reinvestment Scheme

Information on the Dividend Reinvestment Scheme operated by the Company is set out in paragraph 2.2 of Part 2 of this document. Investors may elect to participate in the DRIS when applying for Offer Shares by completing the DRIS Mandate Form set out at the end of this document. Investors should read the DRIS terms and conditions before completing the DRIS Mandate Form. Supporting growth

Part 2: The Company

2.1 Investment objectives, key policies and investment process

Investment objectives

The investment objectives of the Company are to generate capital gains and income from its portfolio and to make distributions from capital or income to Shareholders whilst maintaining its status as a Venture Capital Trust.

Investment policy

The Company intends to achieve its investment objectives by making Qualifying Investments in companies listed on AIM, private companies and companies listed on the AQSE Growth Market, as well as Non-Qualifying Investments as allowed by the VCT Rules.

Qualifying Investments

The Investment Manager will maintain a diversified portfolio of Qualifying Investments which may include equities and fixed interest securities as permitted by the VCT Rules. Investments will primarily be made in companies listed on AIM but may also include private companies that meet the Investment Manager's criteria and companies listed on the AQSE Growth Market. These small companies will be UK based or have a UK presence and, whilst of high risk, will have the potential for significant capital appreciation.

To maintain its status as a VCT, the Company must have 80 per cent. by value as measured by the VCT Rules of all of its investments in Qualifying Investments throughout accounting periods of the VCT beginning no later than three years after the date on which those Shares are issued. To provide some protection against an inadvertent breach of this rule, the Investment Manager targets a threshold of approximately 85 per cent.

Non-Qualifying Investments

The Non-Qualifying Investments must be permitted by the VCT Rules and may include equities and exchange traded funds listed on the main market of the London Stock Exchange, fixed income securities, bank deposits that are readily realisable and the Marlborough Special Situations Fund. Subject to the investment controls below, the allocation to each of these investment classes will vary to reflect the Investment Manager's view of the market environment and the deployment of funds into Qualifying Companies. The market value of the Non-Qualifying Investments (excluding bank deposits) will vary between nil and 50 per cent. of the net assets of the Company. The value of funds held in bank deposits will vary between nil and 30 per cent. of the net assets of the Company.

Investment controls

The Company may make co-investments in investee companies alongside other funds, including other funds managed by the Investment Manager.

Other than bank deposits, no individual investment shall exceed 10 per cent. of the Company's net assets at the time of investment.

Borrowings

The Articles permit the Company to borrow up to 15 per cent. of its adjusted share capital and reserves (as defined in the Articles). However, it is not anticipated that the Company will have any borrowings in place and the Directors do not intend to utilise this authority.

To the extent that any future changes to the Company's investment policy are considered to be material, Shareholder consent to such changes will be sought. Such consent applies to the formal investment policy described above and not the investment process set out below.

Investment process and strategy

The Investment Manager follows a stock specific investment approach based on fundamental analysis of the investee company.

The Hargreave Hale fund management team has significant reach into the market and meets with a large number of companies each week. These meetings provide insight into investee companies, their end markets, products and services, or their competition. Investments are monitored closely and the Investment Manager usually meets or engages with their senior leadership team at least twice each year. Where appropriate, the Company may co-invest alongside the other funds managed by the Investment Manager.

The key selection criteria used in deciding which investments to make include, *inter alia*:

- the strength and depth of the management team;
- the business strategy;
- a prudent approach to financial management and forecasting;
- a strong balance sheet;
- profit margins, cash flows and the working capital cycle;
- barriers to entry and the competitive landscape; and
- the balance of risk and reward over the medium and long term.

Qualifying Investments

Investments are made to support the growth and development of a Qualifying Company. The Investment Manager will maintain a diversified portfolio that balances opportunity with risk and liquidity. Qualifying Investments will primarily be made in companies listed on AIM but may also include private companies and companies listed on the AQSE Growth Market. Seed funding is rarely provided and only when the senior leadership team includes proven business leaders known to the Investment Manager.

Working with advisers, the Investment Manager will screen opportunities, often meeting management teams several times prior to investment to gain a detailed understanding of the company. Investments will be sized to reflect the risk and opportunity over the medium and long term. In many cases, the Investment Manager will provide further funding as the need arises and the investment matures. When investing in private companies, the Investment Manager will shape the investment to meet the investee company's needs whilst balancing the potential for capital appreciation with risk management.

Investments will be held for the long term unless there is a material adverse change, evidence of structural weakness, or poor governance and leadership. Partial realisations will be made where necessary to balance the portfolio or, on occasion, to capitalise on significant mispricing within the stock market.

Non-Qualifying Investments

The Hargreave Hale VCT team works closely with the wider Hargreave Hale fund management team to deliver the investment strategy when making Non-Qualifying Investments, as permitted by the VCT Rules. The Investment Manager will vary the exposure to the available asset classes to reflect its view of the equity markets, balancing the potential for capital appreciation with risk management, liquidity and income.

The Non-Qualifying Investments will typically include a focused portfolio of direct investments in companies listed on the main market of the London Stock Exchange. The portfolio will mix long term structural growth with more tactical investment to exploit short term mispricing within the market.

The use of the Marlborough Special Situations Fund enables the Company to maintain its exposure to small UK companies whilst the Investment Manager identifies opportunities to invest the proceeds of fundraisings into Qualifying Companies.

The Investment Manager may use certain exchange traded funds listed on the main market of the London Stock Exchange to gain exposure to asset classes not otherwise accessible to the Company.

Environmental, social and governance considerations

The Investment Manager has integrated a review of environmental, social and governance ("ESG") issues as part of its investment decision-making process for investments in Qualifying Companies that seeks to identify material issues in the following areas:

- role, structure and operation of the board;
- treatment of employees;
- robustness of accounting and internal controls; and
- environmental and/or social impacts of the business.

The Investment Manager will seek to engage and influence companies on any areas of improvement identified through due diligence and material ESG issues that arise during the term of the investment.

The Investment Manager has published its stewardship policy in accordance with the requirements of the UK Stewardship Code 2020, which introduced a requirement to take ESG factors (including climate change) into account in the investment process and for ongoing engagement with investee companies.

Risk management

The structure of the Company's investment portfolio and its investment strategy, has been developed to mitigate risk where possible. Key risk mitigation strategies are as follows.

- The Company has a broad portfolio of investments to reduce stock specific risk.
- Flexible allocations to non-qualifying equities, exchange traded funds listed on the main market of the London Stock Exchange, fixed income securities, bank deposits that are readily realisable and the Marlborough Special Situations Fund allow the Investment Manager to adjust portfolio risk without compromising liquidity.
- Regular meetings with investee companies aid the close monitoring of investments to identify potential risks and allow corrective action where possible.
- Regular board meetings and dialogue with the Directors, along with policies to control conflicts of interest and co-investment with the Marlborough fund mandates, support strong governance.

Co-investment policy

The Investment Manager manages other funds that can invest in the same companies as the Company, including the Marlborough Special Situations Fund, the Marlborough UK Micro Cap Growth Fund and the Marlborough Nano-Cap Growth Fund. Therefore, in appropriate circumstances, the Company will invest alongside other funds managed by the Investment Manager. Where the Company is co-investing alongside other funds managed by the Investment Manager, the Investment Manager will take into account factors such as the risk profile and investment strategy of the participating funds when deciding how much each fund will invest.

Investments through a new issue of shares or securities must be made on the same terms as any other fund(s) managed by the Investment Manager unless the investment is approved by the Board. Subject to any constraints relating to the availability of VCT qualifying shares, any scaling back of applications made by the Investment Manager on behalf of the different funds it manages will be on a *pro rata* basis to the amount originally requested for each fund.

If the Investment Manager intends to invest through a new issue of shares or securities in a company in which another fund managed by the Investment Manager has an existing position, but is not intending to participate in the issue, then the Investment Manager must give due consideration to any potential conflict of interest and, where necessary, refer the matter to the Board for approval.

The Investment Manager provides details of all co-investments made by the Company to the Board on a quarterly basis.

Discount control policy and management of share liquidity

The Company aims to improve liquidity and to maintain a discount of approximately 5 per cent. to the last published NAV per Share (as measured against the mid-price) by making secondary market purchases of its Ordinary Shares in accordance with parameters set by the Board.

This policy is non-binding and at the discretion of the Board. Its operation depends on a range of factors including the Company's liquidity, Shareholder permissions, market conditions and compliance with all laws and regulations. These factors may restrict the effective operation of the policy and prevent the Company from achieving its objectives.

The below chart shows the discount to the NAV per Share as at each month end at which the Ordinary Shares traded over the five years to 31 July 2022.

2.2 Dividends

Dividend policy

The Company's dividend policy is to target a tax free dividend yield equivalent to 5 per cent. of the year end Net Asset Value.

The Company has a well-established track record of paying out tax free dividends to Shareholders. Whether a Shareholder qualifies to receive tax free dividends from the Company or not will depend on the personal circumstances of each individual Shareholder. If an Investor is uncertain as to their tax position they should consult their accountant or financial adviser.

The Company aims to pay an interim dividend in July each year and a final dividend in February. Special dividends may also be paid by the Company following significant realisations of investments.

The ability to pay dividends is also dependent on the Company's available reserves and cash resources, the Act, the Listing Rules and the VCT Rules. The policy is non-binding and at the discretion of the Board. Dividend payments may vary from year to year in both quantum and timing. The level of dividend paid each year will depend on the performance of the Company's portfolio. In years where there is strong investment performance, the Directors may consider a higher dividend payment, including the payment of special dividends. In years where investment performance is not as strong, the Directors may reduce or even pay no dividend.

In common with many other VCTs and in accordance with the terms of the Articles, the Company has revoked its status as an investment company to allow it to pay dividends out of capital profits.

VCTs can distribute realised capital profits from the sale of underlying investments and income by way of dividends, which are free of income tax to Investors (subject to each individual Investor's personal circumstances). The Directors intend that the Company will take advantage of this by distributing some or all of its realised capital profits from time to time. The distribution of realised capital profits will have a negative impact on the Company's NAV per Share.

Dividend history

Dividends are paid after the period end to which they relate. The Company made dividend payments to shareholders equal to 4.40 pence per Ordinary Share in the financial year to 30 September 2021 comprising a final dividend of 2.65 pence for the year to 30 September 2020 paid on 11 February 2021 and an interim dividend of 1.75 pence for the six months to 31 March 2021 paid on 30 July 2021.

Including the special dividend of 2.50 pence per Ordinary Share, there were three dividends payable in relation to the year to 30 September 2021 giving a total distribution of 7.40 pence per Ordinary Share, with the final dividend paid within the current financial year. The dividends payable for the year gave a yield of 4.9 per cent. excluding the special dividend of 2.50 pence per Ordinary Share and 7.4 per cent. including such special dividend.

The chart below shows the annual dividends payable in relation to the last five full financial years to holders of Ordinary Shares. The dividend yield is the dividends payable in relation to a financial year expressed as a percentage of the relevant closing NAV per Share.

Dividend Reinvestment Scheme (“DRIS”)

The Company operates a dividend reinvestment scheme through the Company’s Registrar. The continued operation of the DRIS is conditional on Shareholders passing the relevant resolutions at the Company’s annual general meeting each year. Under the DRIS, Shareholders may elect to re-invest dividends that they are due to receive from the Company in new Ordinary Shares allotted for that purpose. This provides the Company with additional funds for investment. As new Ordinary Shares will be issued, Shareholders are also able to claim tax reliefs on the Ordinary Shares issued under the DRIS, including 30 per cent. income tax relief on their investment (subject to the terms of the VCT Rules and the personal circumstances of the Shareholder). **Please note, however, that Ordinary Shares issued under the DRIS count towards the annual limit for tax reliefs granted to VCT investors.**

Under the DRIS, Shareholders can elect, by completing the DRIS Mandate Form set out at the end of this document, to re-invest all future dividends in new Ordinary Shares. If Shareholders complete the DRIS Mandate Form, thereby confirming that they want to receive new Ordinary Shares in respect of the full number of Ordinary Shares in their holding, the dividends that they would be entitled to receive on Ordinary Shares issued under the DRIS will also be re-invested.

Where a valid election is in place, new Ordinary Shares will be issued under the DRIS at a price equivalent to the greatest of:

- the latest published NAV per Share (net of all dividends previously declared but not yet paid on the Shares);
- the nominal value per Ordinary Share; and
- the mid-market price per Ordinary Share as quoted on the London Stock Exchange,

each as at the close of business on the tenth Business Day preceding the date of issue of such Ordinary Shares.

The Company will not issue more than 10 per cent. of the Company’s issued share capital in any 12 month period under the DRIS. If this limit is reached, the entitlements of each DRIS participant will be scaled back on a *pro rata* basis.

If required, additional Shareholder authority to issue Ordinary Shares under the DRIS may be sought by the Company at further general meetings if deemed appropriate by the Board.

Illustrative investor returns over 5 years, inclusive of income tax relief, offer costs and share price discount

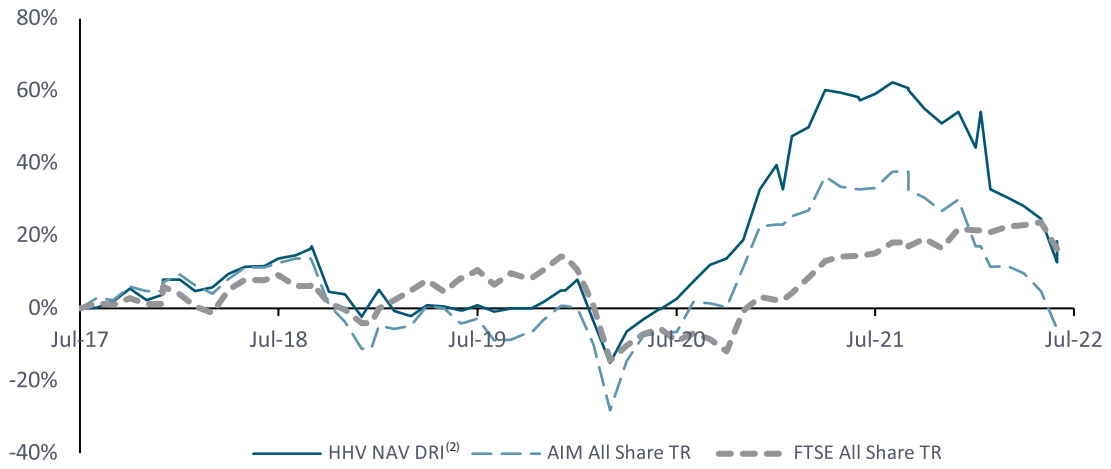

Based on historical NAV performance, a shareholder who held Ordinary Shares for the 5 years to 31 July 2022 could have achieved an illustrative shareholder total return of 52.1 per cent. and 50.7 per cent. on a total return dividends reinvested basis. If achieved, this would equate to illustrative 5-year annualised returns of 8.7 per cent. and 8.6 per cent. respectively.

Calculated on the same basis, the illustrative shareholder total returns over 5 years without income tax relief would be 6.4 per cent. and 5.5 per cent. on a total return dividends reinvested basis. If achieved, this would equate to illustrative 5-year annualised returns of 1.3 per cent. and 1.1 per cent. respectively.

Investors should note that this illustration highlights an illustrative return using published NAV per Share information and other relevant inputs. The illustration assumes the Shares were issued at a 3.5 per cent. premium to the 31 July 2017 NAV per Share in accordance with the Company's pricing formula and then sold at the mid-price of the Company's Ordinary Shares on 2 August 2022, which represented a discount of 6.8 per cent. to the 31 July 2022 NAV per Share as published on 1 August 2022.

The illustrative return is calculated by expressing the illustrative shareholder total return, with and without dividends reinvested, as a percentage of the net book cost, being the Subscription amount less the 30 per cent. income tax relief. The illustrated return also assumes an Investor is able to claim the 30 per cent. income tax relief in full. Past performance is not a guide to future performance.

2.6 Additional information

Corporate governance

The Board is accountable to Shareholders for the governance of the Company's affairs and is committed to maintaining the highest standards of corporate governance. Accordingly, the Board has considered the principles and recommendations of the UK Corporate Governance Code published by the Financial Reporting Council in July 2018 (the "UK Code") and the AIC Code of Corporate Governance published in January 2019 (the "AIC Code") and put in place arrangements which it considers appropriate for the Company to ensure effective corporate governance. Considering the principles applicable to the Company, the Board believes that the Company as at the date of this document complies, save as disclosed below, with the provisions of the UK Code and the AIC Code.

The UK Code includes provisions relating to:

- the role of the chief executive;
- executive directors' and senior managers' remuneration;
- workforce engagement; and
- the need for an internal audit function.

For the reasons set out in the AIC Code and as explained in the UK Code, the Board considers these provisions are not relevant to the position of the Company, as all of the Company's day-to-day management and administrative functions are outsourced to external service providers. As a result, the Company has no executive directors, employees or internal operations.

Due to the size of the Board, it has not set up separate nomination and remuneration committees on the grounds that the Board as a whole considers these matters and it has not appointed a senior independent non-executive director.

Shareholder communications

The annual report and accounts of the Company are made up to 30 September in each year and are normally published in December of each year. The Company also publishes unaudited half yearly financial statements for the period to 31 March in each year.

Duration

Although the Company is an 'evergreen' VCT, the Articles provide that at the annual general meeting of the Company to be held in 2028 a vote on the continuation of the Company for a further five years will be put to Shareholders. Under the Articles, if the continuation of the Company is not approved, the Directors must put forward proposals for the liquidation, reorganisation or reconstruction of the Company as soon as possible, but in any event no later than nine months following the date of the annual general meeting at which the continuation vote was proposed and failed.

At the General Meeting to be held on 7 October 2022, Shareholders will be asked to approve a resolution extending the date of the next continuation vote to the annual general meeting of the Company to be held in 2029 in order to seek to protect the VCT tax relief for investors participating in the Offer.

Share capital authorities

On 3 February 2022, by ordinary resolution, the Directors were granted authority to allot Ordinary Shares up to an aggregate nominal amount of £268,640. On the same date, by special resolution, the Directors were empowered to make such allotments without application of pre-emption rights. On the same date, the Company was authorised to make market purchases of up to 40,268,986 Ordinary Shares.

At the General Meeting to be held on 7 October 2022, in order to ensure the Directors have authority to issue the Offer Shares, Shareholders will be asked to approve resolutions increasing the number of Ordinary Shares the Directors may allot on a non pre-emptive basis in connection with the Offer.

Conflicts of interest

The Investment Manager and its officers and employees may be involved in other financial, investment or professional activities that may on occasion give rise to conflicts of interest with the Company. In particular, the Investment Manager may provide investment management, investment advice or other services in relation to a number of funds that may have similar investment policies to that of the Company.

The Investment Manager will have regard to its obligations under the Management Agreement or otherwise to act in the best interests of the Company, so far as is practicable having regard to its obligations to other clients or funds, should potential conflicts of interest arise.

The Administrator reports to the Board, on an annual basis, with regard to the compliance oversight reviews that have taken place in the previous year so far as they affect the Company. The Administrator also reports, on a quarterly basis, any breaches of law and regulation and any operational errors. This enables the Board to address any issues with regard to the management of the Company as and when they arise and to identify any known internal control failures.

Oliver Bedford is an employee of the Investment Manager and therefore has an interest in the arrangements between the Company and the Investment Manager. Oliver Bedford is also a Director of the Company and as such there may be a potential conflict of interest between his duties owed to the Company and to the Investment Manager in relation to these arrangements.

The Company has and may make further investments in the Marlborough Special Situations Fund, which is managed by the Investment Manager. As the Investment Manager to the Company and investment advisor to the Marlborough Special Situations Fund, the Investment Manager adjusts the fee it receives under the Management Agreement to ensure that the Company is not charged twice for its services.

VCT status and monitoring

The Company has appointed Philip Hare & Associates LLP to advise on tax matters generally and, in particular, on the maintenance of VCT status. HMRC has confirmed that the Company qualifies as a VCT. Philip Hare & Associates LLP will assist the Investment Manager in establishing the status of investments as Qualifying Investments and monitoring these investments and will report directly to the Board twice a year. In order to continue to comply with VCT requirements, the Company must have 80 per cent. of all net funds raised from the issue of shares invested in Qualifying Investments throughout accounting periods beginning no later than three years after the date on which those shares are issued. The Company must also invest at least 30 per cent. of the gross funds raised in Qualifying Investments by the anniversary of the end of the accounting period in which the funds were raised.

As at 31 July 2022, the Company was 85.92 per cent. invested in Qualifying Investments.

Part 3: The Offer

Details of the Offer

The Offer

It is proposed that the Company raises up to £20 million by way of an offer for subscription for Offer Shares, with the availability of an Over-allotment Facility allowing the Company to raise up to a further £30 million at the Board's discretion. The Over-allotment Facility may be utilised for the duration of the Offer. The issue of the Offer Shares is subject to Shareholders approving the necessary share issuance authority at a general meeting to be held on 7 October 2022 and on the Offer Agreement becoming unconditional and not being terminated in accordance with its terms.

The Offer will open on 5 September 2022 and will close at 5.00 p.m. on 24 March 2023 in respect of the 2022/23 tax year (unless fully subscribed earlier, in which case the Board may close the Offer earlier than this date). If the Offer is not fully subscribed at that time, the Directors reserve the right to allow the Offer to remain open for at least part of the 2023/24 tax year, but not beyond 12.00 p.m. on 11 August 2023.

The first allotment of Offer Shares under the Offer is expected to be on or around 14 October 2022. Thereafter, the Directors reserve the right to allot Offer Shares at any time whilst the Offer remains open. Following the first allotment of Offer Shares, allotments will take place on a monthly basis or at such other times as the Board, in its sole discretion, may determine. Following each allotment, an announcement will be released through a Regulatory Information Service, including details of the relevant Offer Price and total number of Offer Shares allotted. The Directors reserve the right to accept Application Forms and to allot and arrange for the listing of Offer Shares in respect of Application Forms received under the Offer on or prior to the closing date of the Offer as the Directors see fit. An announcement will be released stating that the Offer has closed and with a summary of the results of the Offer.

Under the terms of the Offer, Offer Shares are being offered to the public. Investors are invited to subscribe an amount in Sterling rather than apply for a particular number of Offer Shares. Offer Shares will be issued at a 3.5 per cent. premium to the last published NAV per Share to offset the costs of the Offer. The price of the Offer Shares will be calculated in pence to two decimal places by reference to the Pricing Formula:

$$\text{Price of Offer Shares} = \frac{\text{Last Published NAV per Ordinary Share}}{0.965}$$

The NAV per Share will be the last published by the Company prior to the date of allotment, adjusted as necessary for dividends declared but not yet paid if the allotment occurs whilst the Ordinary Shares are classified as ex-dividend. The relevant Offer Price in respect of each allotment will be announced through a Regulatory Information Service following the relevant allotment of Offer Shares. Dealings in Offer Shares are expected to commence within 5 Business Days of the relevant allotments.

The number of Offer Shares to be issued under each allotment will be rounded down to the nearest whole number and fractions of Offer Shares will not be allotted. If there is a surplus of funds from an Investor's Subscription, the balance will be returned (without interest) in the form of a cheque, save where the surplus amount is less than £3.00, in which case such surplus will be retained by the Company. The Offer is not underwritten.

The Offer Shares will rank *pari passu* with the existing Ordinary Shares (save for any dividends or other distributions declared, made or paid on the existing Ordinary Shares by reference to a record date prior to the issue of the relevant Offer Shares).

The net proceeds of the Offer will be pooled with the existing cash resources of the Company and utilised (i) to make new and follow-on investments in accordance with its investment policy and (ii) to help meet annual outgoings (including running costs, directors' fees and market purchases of Shares).

Subscription procedure

Application Forms (both electronic and paper) and cleared funds must be received by the Receiving Agent by 5.00 p.m. on 24 March 2023 to be included in the final allotment of the 2022/2023 tax year (unless fully subscribed earlier), and not later than 12.00 p.m. on 11 August 2023 to be included in the final allotment of the 2023/2024 tax year (unless fully subscribed earlier). The Offer will close at 12.00 p.m. on 11 August 2023, unless the Offer is fully subscribed before this time and/or the Board decides, in its sole discretion, to close the Offer earlier.

Applications under the Offer will normally be accepted on a first-come-first-served basis (provided cheques are not post-dated and with priority being given to applications with cleared funds), subject always to the discretion of the Board. The Board cannot guarantee a specific allotment date during the relevant tax year and applications which cannot be satisfied at one allotment date will be held for processing until a later allotment date in the relevant tax year.

The minimum subscription per Investor under the Offer is £5,000. Applications in respect of less than £5,000 will not be accepted and amounts transferred in relation to such applications will not be processed. Multiple applications under the Offer from the same Investor in the same tax year will not be accepted as a means to achieving the minimum subscription. Investors should note that the maximum aggregate subscription by an individual in VCTs in any tax year which will be eligible for the full tax relief is £200,000 (which includes shares in VCTs subscribed for under dividend reinvestment schemes). Each person in a marriage or civil partnership may be eligible to obtain individual tax relief in respect of £200,000 in each tax year under the Offer.

Persons wishing to participate in the Offer should complete an Electronic Application Form (available at <https://www.hargreaveaimvcts.co.uk/>) accompanied by electronic payment and following the instructions given. Persons who complete an Electronic Application Form shall only be permitted to make payment by electronic means. Cheques or banker's drafts must not be submitted in respect of Electronic Application Forms. The Board may, at its sole discretion, treat as invalid Electronic Application Forms in respect of which a cheque or banker's draft is presented for payment. The Board is of the view that the Electronic Application Form is the most efficient and cost-effective way for Investors to participate in the Offer and the Board encourages Investors to utilise this method where possible in preference to completing a Paper Application Form. However, Investors may also subscribe by completing the blank Paper Application Form that accompanies this document in accordance with the instructions printed thereon. The completed Paper Application Form together with your cheque or banker's draft in respect thereof should be sent by post, or delivered by hand (during normal business hours only), to Canaccord Genuity Wealth Limited, c/o Talisman House, Boardmans Way, Blackpool FY4 5FY.

The full terms and conditions of subscription are set out in Part 7 of this document.

Dilution

In the event that the Offer is fully subscribed (but assuming that the Over-allotment Facility is not used) and assuming an Offer Price of 69.77 pence per Offer Share (based on the NAV per Share as at 31 July 2022), the percentage of the Company owned by Existing Shareholders (assuming they do not subscribe for additional Ordinary Shares under the Offer or otherwise acquire further Ordinary Shares) will decrease to 90 per cent. through the issue of the Offer Shares. In the event the Maximum Subscription is achieved (i.e. including the Over-allotment Facility) and assuming an Offer Price of 69.77 pence per Offer Share (based on the NAV per Share as at 31 July 2022), the percentage of the Company owned by Existing Shareholders (assuming they do not subscribe for additional Ordinary Shares under the Offer or otherwise acquire further Ordinary Shares) will decrease to 79 per cent. through the issue of the Offer Shares.

Costs

Costs of the Offer

Investors under the Offer will indirectly bear the costs of the Offer through the application of the Pricing Formula which determines the offer price to be paid for the Offer Shares and includes an allowance for issue costs of 3.5 per cent. The costs of the Offer will be paid by the Administrator out of its fee of 3.5 per cent. of the gross proceeds of the Offer. To the extent that the expenses of the Offer exceed 3.5 per cent. of the gross proceeds of the Offer, the Administrator will bear the excess.

The maximum gross proceeds of the Offer (assuming the Offer is fully subscribed and the Over-allotment Facility is not used) will be £20 million. The total expenses payable by the Company in connection with the Offer (assuming the Offer is fully subscribed and no Offer Shares are issued under the Over-allotment Facility) are expected to be around £0.7 million (including amounts paid by way of fees and irrecoverable VAT where applicable) and the net proceeds of the Offer will amount to £19.3 million. If the Maximum Subscription is achieved, the total expenses payable by the Company in connection with the Offer are expected to be around £1.6 million (including amounts paid by way of fees and irrecoverable VAT where applicable) and the net proceeds of the Offer will amount to £48.4 million.

'Execution-only' Financial Intermediary commissions

Commission is available to Financial Intermediaries: (i) acting on behalf of 'execution only', non-advised UK retail clients; and (ii) following the provision of restricted advice to an Investor that is a Professional Client (as defined in COBS 3.5) of the Financial Intermediary, on the following basis:

- 1 per cent. initial commission with no trail commission; or
- 0.5 per cent. initial commission plus trail commission of 0.375 per cent. of the amount subscribed by the Investor per annum (limited to five years).

All commissions to be paid to Financial Intermediaries will be paid by Canaccord Genuity Wealth Limited.

The introductory commission may be rebated by Financial Intermediaries and reinvested by them on behalf of their clients through additional Offer Shares (the rebate in each case may be in whole or in part in 25 per cent. increments).

Commissions will only be paid if, and to the extent that, they are permitted under legislation and regulations. Annual trail commission will be paid on or around the annual anniversary date of allotment.

Should an 'execution-only' Investor subsequently decide to seek financial advice from their execution-only Financial Intermediary in respect of their holding in the Company, any annual trail commission in respect of an investment under the Offer must cease and either the Company or CGWL must be notified accordingly.

Financial Intermediary Adviser Charges

The Company is not permitted to pay commission to Financial Intermediaries where advice has been given to UK retail investors in relation to their applications under the Offer. Investors will be separately liable for any Adviser Charges that they have agreed with their Financial Intermediary and the Company shall have no responsibility to any Investor or Financial Intermediary in respect of any such Adviser Charges. However, the Company can facilitate the payment of Adviser Charges on behalf of an Investor in relation to their Subscription under the Offer. Any facilitation of the payment of such Adviser Charges by the Company shall be subject to the Terms and Conditions of the Adviser Charges Agreement set out in the section of this document titled "Terms and conditions of the Adviser Charges Agreement". To the extent that an Investor wishes the Company to facilitate the payment of any Adviser Charges, such Investor should complete the relevant sections of the Application Form. Any applicable tax relief for Investors will only be available on the actual subscription amount which is applied to subscribe for Offer Shares on behalf of such Investor and will not be available in respect of any Adviser Charges that are paid by or on behalf of an Investor.

It should be noted that any amount of Adviser Charges which may be facilitated as outlined above should not be considered as implying an appropriate level of Adviser Charges. Adviser Charges are for the Investor and the Financial Intermediary to agree, depending on the level of advice and service being provided.

Settlement and dealings

The Offer Shares will be available to be issued in either registered form (i.e. certificated) or electronic form (i.e. via CREST). Offer Shares issued close to the end of the tax year may need to be issued in certificated form to allow the investment to be made within the required tax year. Definitive share certificates and income tax certificates are expected to be despatched by post within 15 Business Days of each allotment of Offer Shares. Temporary documents of title will not be issued in connection with the Offer.

Offer Shares will be capable of being transferred by means of the CREST system. Those successful Investors who wish to take advantage of the ability to trade in Ordinary Shares in uncertificated form, and who have access to a CREST account, may arrange with their CREST operator to convert their holdings into dematerialised form. Shareholders should be aware that Offer Shares delivered in certificated form are likely to incur higher dealing costs than those in respect of Offer Shares held in CREST.

Application has been made to the FCA and the London Stock Exchange for the Offer Shares to be admitted to the premium segment of the Official List and to trading on the London Stock Exchange's main market for listed securities, respectively. The Offer Shares will be in registered form and will be transferable. The ISIN code of the Ordinary Shares is GB00B02WHS05, the SEDOL number is B02WHS0 and the LEI code for the Company is 213800LRYA19A69SIT31.

Typical investor

A typical investor for whom the Offer is designed is an individual who is a UK income tax payer over 18 years of age with an investment range of between £5,000 and £200,000 per tax year who considers the investment policy as detailed in paragraph 2.1 of Part 2 of this document to be attractive and can accept the high level of risk associated with an investment into a VCT. Investment in a VCT will not be suitable for every type of investor and should be considered as a medium to long term investment with a minimum holding period of five years.

Before deciding whether to subscribe for Offer Shares, potential investors are strongly encouraged to consult an independent adviser authorised under FSMA and to carefully consider the suitability of an investment in the Company in the light of their personal circumstances.

Tax

Investors should be aware of the tax implications of investing under the Offer and holding the Ordinary Shares. Further information in relation to taxation is set out in Part 5 of this document.

Valuation policy

Investments in shares quoted on AIM, the AQSE Growth Market and the main market of the London Stock Exchange (including ETFs) will be valued at the prevailing bid price. All unquoted investments will be valued in accordance with IPEV Guidelines.

Fixed income securities are valued at the closing bid on the valuation date with income accrued according to the convention specified in the loan instrument. In order of preference, the price should be set according to the following:

- (a) the closing bid as published on the LSE;
- (b) the bid price published by brokers on platforms such as Bloomberg; or
- (c) pricing sheets published by third party brokers.

In the absence of any third-party pricing information, the Investment Manager will use a valuation model that includes as input variables the time to maturity, the coupon and accrual convention and the required rate of return within the market. The valuation of fixed income securities that are valued in this way will be reviewed by the Board at least quarterly.

If no clear market data on the required rate of return for fixed income securities is available, the Investment Manager will assume the required rate of return is the highest permissible under the VCT Rules or use best practice if otherwise advised by a suitably knowledgeable person.

Where the fixed income security has an option to convert into an equity, the Investment Manager will separately value the option to convert by applying the Black Scholes option pricing model to each of the different conversion scenarios with the option then priced using a probability based weighted average.

Part 5: Taxation

Introduction

A Venture Capital Trust is a company, broadly similar to an investment trust, which has been approved by HMRC and which subscribes for shares in (or lends money to) small unquoted companies, including those traded on AIM. VCTs and their investors enjoy certain tax reliefs. In return for these tax reliefs, HMRC requires each VCT to comply with complex legislation that restricts the Company's investment activity to a tightly defined group of small UK companies.

The following paragraphs, which are intended as a general guide only and are based on current legislation and HMRC practice, summarise advice received by the Directors as to the position of the Shareholders who hold Ordinary Shares other than for trading purposes. Investors should note that the tax legislation of an investor's country of residence for tax purposes (if not the UK, being the Company's country of incorporation) may have an impact on the income received from the securities.

Tax reliefs for VCT investors resident in the UK

The tax position of individual investors, resident in the UK, in VCTs is summarised below. Investors should take their own tax advice from a professional adviser ahead of making an investment in the Company. The tax reliefs are restricted to a maximum investment of £200,000 in any single tax year.

Income tax

Relief from income tax on investment

Investors who subscribe for new shares can claim income tax relief at the rate of 30 per cent. of their investment, subject to the £200,000 maximum or that amount that reduces their income tax liability to nil.

Income tax relief is restricted if, within 6 months of the subscription for shares in a VCT (before or after), the investor has disposed of shares in that VCT or in a VCT that merges with the VCT, if the merger was known about at the time the shares were issued. Investors who hold their VCT shares for less than 5 years may have to repay some or all of their 30 per cent. income tax relief.

Dividend tax relief

Investors will not be liable for income tax on dividends paid by the VCT. Dividend tax relief can be claimed on VCT shares purchased through the secondary market as well as through a new share issue.

Withdrawal of relief

Relief from income tax on a subscription for VCT shares will be withdrawn if the VCT shares are disposed of (other than between spouses or in the event of death) within five years of issue or if the VCT loses its approval within this period.

Capital gains tax

A disposal by an Investor of Offer Shares will give rise to neither a chargeable gain nor an allowable loss for the purposes of UK capital gains tax.

Capital gains tax relief can be claimed on VCT shares purchased through the secondary market.

Share Buybacks

Notwithstanding a clear intention that VCTs are intended to be a tax free investment, Investors can be subject to income tax when their shares are purchased by the Company. Where an Investor sells shares back directly to the Company any gain made on those shares could be treated as a taxable distribution, and become subject to income tax. However, the Directors have been advised that this does not apply in respect of shares sold to a third party, such as a market maker, through the market, having been held for the requisite holding period. Whilst it is hoped that this anomaly will at some point be ironed out in the legislation, Investors who consider selling shares directly to the Company for a higher price than they paid originally, should seek advice in this regard. The Company will also seek to inform Investors of any developments on this point.

Obtaining tax reliefs

The Company will issue tax relief certificates to Investors. These can be used to claim income tax relief through an immediate adjustment to an Investor's tax coding from HMRC or through the end of year tax return.

Category of potential investors

VCTs are not suitable for every category of investor. The Offer is designed for individuals over 18 years of age who:

- pay UK income tax;
- can invest between £5,000 and £200,000 in a tax year;
- can tolerate a high level of investment risk; and
- can accept a minimum holding period of five years.

Before deciding whether to subscribe for Offer Shares, Investors are strongly encouraged to consult an independent adviser authorised under FSMA and to carefully consider the suitability of an investment into the Company in the light of their personal circumstances.

VCTs' obligations

A VCT must, *inter alia*:

- not be a close company;
- have each class of its ordinary share capital quoted on the main market of the London Stock Exchange or any other EU regulated market;
- derive its income wholly or mainly from shares or securities;
- have 80 per cent. (by value) of all funds raised from the issue of shares invested in Qualifying Investments throughout accounting periods of the VCT beginning no later than three years after the date on which those shares are issued;
- have at least 70 per cent. by value of Qualifying Investments in Eligible Shares (investments made prior to 6 April 2018 from funds raised before 6 April 2011 are excluded from this requirement);
- have at least 30 per cent. of all new funds raised by the Company invested in Qualifying Investments within 12 months of the end of the accounting period in which the Company issued the shares;
- have no more than 15 per cent. by value of its investments in a single company (as valued in accordance with the VCT Rules at the date of investment); and
- not retain more than 15 per cent. of its income derived from shares and securities in any accounting period.

A VCT must not, *inter alia*:

- make an investment in any company that:
 - has (as a result of the investment) received more than £5m from State Aid investment sources in the 12 months ending on the date of the investment (£10m for Knowledge Intensive Companies);
 - has (as a result of the investment) received more than £12m from State Aid investment sources in its lifetime (or £20m for Knowledge Intensive Companies);
 - made a commercial sale more than seven years ago (or 10 years for Knowledge Intensive Companies) except where previous Risk Finance State Aid was received by the Company within the 7 (or 10) years following the first commercial sale or where the Company is entering a new geographical or product market and a turnover test is satisfied; or
 - will use the investment to fund an acquisition of another company (or its trade and assets).
- make any investment which is not a Qualifying Investment unless permitted by section 274 ITA; and/or
- return capital to shareholders before the third anniversary of the end of the accounting period during which the subscription for shares occurs.

Qualifying Investments

A Qualifying Investment consists of new shares or securities issued directly to the VCT by a Qualifying Company that at the point of investment:

- has gross assets of less than £15m prior to investment and £16m post investment;
- undertakes a Qualifying Trade;
- is a private company or is listed on AIM or the AQSE Growth Market;
- has a permanent UK establishment;

- will deploy the money raised for the purposes of a Qualifying Trade within 2 years;
- has less than 250 employees (or less than 500 employees in the case of certain Knowledge Intensive Companies); and
- has not been set up for the purpose of accessing tax reliefs or is in substance a financing business.

The Finance Act 2018 introduced a principles based approach known as the risk to capital condition to establish whether the activities or investments of an investee company can qualify for VCT tax reliefs. This condition has two parts:

- whether the investee company has an objective to grow and develop over the long term; and
- whether there is a significant risk that there could be a loss of capital to the investor of an amount exceeding the net return.

Approval as a VCT

A VCT must be approved at all times by HMRC.

A VCT cannot be approved unless the tests detailed above are met throughout the most recent complete accounting period of the VCT and HMRC is satisfied that they will be met in relation to the accounting period of the VCT which is current when the application is made.

The Directors intend to conduct the affairs of the Company so that it satisfies the conditions for approval as a VCT and that such approval will be maintained. HMRC has granted the Company approval under section 274 ITA as a VCT. The Company intends to comply with section 274 ITA and has retained Philip Hare & Associates LLP to advise it on VCT taxation matters.

Withdrawal of approval

Approval of a VCT may be withdrawn by HMRC if the various tests set out above are not satisfied.

Withdrawal of approval generally has effect from the time when notice is given to the VCT but, in relation to capital gains of the VCT only, can be backdated to not earlier than the first day of the accounting period commencing immediately after the last accounting period of the VCT in which all of the tests were satisfied. The above is only a summary of the conditions to be satisfied for a company to be treated as a VCT.

5.9.3 A Director shall not vote nor be counted in the quorum at a meeting of the Directors in respect of a matter in which they have any material interest otherwise than by virtue of their interest in shares, debentures or other securities of, or otherwise in or through the Company, unless their interest arises only because the case falls within one or more of the following paragraphs:

- (b) the giving to a third party of any security or indemnity in respect of a debt or an obligation of the Company or any of its subsidiary undertakings for which they have assumed responsibility in whole or in part under a guarantee or indemnity or by the giving of security;

During a Relevant Period, all sums carried and standing to the credit of the capital reserve may be applied for any of the purposes for which sums standing to any revenue reserve are applicable except and provided that during a Relevant Period no part of the capital reserve or any other money in the nature of accretion to capital shall be transferred to the revenue reserves of the Company or be regarded or treated as profits of the Company available for distribution (as defined in section 829 of the Act) or be applied in paying dividends on any shares in the Company. In periods other than a Relevant Period, any amount standing to the credit of the capital reserve may be transferred to the revenue reserves of the Company or be regarded or treated as profits of the Company available for distribution (as defined by section 829 of the Act) or applied in paying dividends on any shares in the Company.

5.14 General meetings

Annual general meetings shall be held at such time and place as may be determined by the Directors and within a period of six months beginning on the day following the Company's accounting reference date.

If within half an hour from the time appointed for the meeting a quorum is not present, the meeting, if convened by or upon the requisition of members, shall be dissolved. In any other case it shall stand adjourned to such time and at such place as the Chairman shall appoint. At any such adjourned meeting the member or members present in person or by proxy and entitled to vote shall have power to decide upon all matters which could properly have been disposed of at the meeting from which the adjournment took place. and failed. For these purposes, an ordinary resolution will not have been carried only if those members in person or by proxy who vote against the resolution hold in aggregate not less than twenty-five per cent. of the issued capital of the Company at such time entitled to attend and vote at such a meeting.

At the General Meeting, Shareholders will be asked to approve a resolution amending the date of the next continuation vote to the annual general meeting of the Company to be held in 2029 in order to seek to protect the VCT tax relief of investors participating in the Offer.

Following the final allotment under the Offer, the Company and the Administrator will agree on the aggregate costs of the Offer. If the aggregate fee paid by the Company to the Administrator exceeds the costs of the Offer by more than £25,000, then CGWL will rebate any surplus to the Company subject to a maximum rebate of £100,000. In addition, (i) where gross proceeds of between £45 million and £50 million are raised under the Offer, the value of the cap applicable to the rebate will increase by £50,000 (resulting in an aggregate cap at this level of £150,000) and (ii) where gross proceeds of £50 million or more are raised under the Offer, the value of the cap applicable to the rebate will increase by £100,000 (resulting in an aggregate cap at this level of £200,000).

Under the terms of the Management Agreement, the Investment Manager is entitled to a management fee equal to 1.7 per cent. of the Net Asset Value of the Company as at the last Business Day immediately preceding the relevant payment date. The management fee is payable quarterly in arrears. The Management Agreement may be terminated by either party on not less than 12 months’ notice in writing.
- 8.3 An agreement dated 25 June 2019 (as amended) between the Company and the Administrator under which the Administrator agreed to provide administration services to the Company. Under the terms of this agreement, the Administrator is entitled to a fee of £195,000 per annum (plus VAT) payable quarterly in arrears on 31 December, 31 March, 30 June and 30 September in each year. The agreement may be terminated by either party on not less than six months’ notice in writing.
- 8.4 An agreement dated 8 January 2021 between the Company and JTC (UK) Limited under which JTC agreed to provide company secretarial services to the Company. The agreement may be terminated by either party on not less than six months’ notice in writing or such shorter notice period as may be agreed in writing between the parties.
- 8.5 An agreement dated 5 April 2019 (as amended) between the Company and the Administrator under which the Administrator has agreed to provide the Company with custody services in respect of the Company’s assets. Under the terms of this agreement, the Administrator is entitled to a fee of £30,000 per annum (inclusive of VAT if applicable) payable quarterly in arrears on 31 December, 31 March, 30 June and 30 September in each year. The fee will be reviewed by the parties on an annual basis. The agreement may be terminated by either party on not less than six months’ notice in writing.
- 8.6 An agreement dated 30 June 2021 between the Company and Equiniti Limited under which Equiniti agreed to provide registrar services to the Company. Under the terms of this agreement, the Registrar is entitled to a fee of £20,000 per annum (plus VAT) payable quarterly in arrears (increasing to £23,000 plus VAT in year two and to £23,000 plus VAT (plus adjustment for the Whole Economy Average Weekly Earnings Index) from year three). The agreement may be terminated by either party on not less than six months’ notice in writing.
- 8.7 An offer agreement dated 2 September 2021 between the Company and the Administrator under which the Administrator was appointed to administer an offer for subscription on behalf of the Company and to act as receiving agent in relation to such offer. Under the terms of this offer agreement, the Administrator received a fee of 3.5 per cent. of the gross proceeds of the offer for providing these services. The Administrator agreed to discharge commissions payable to Financial Advisers in respect of accepted applications for offer shares submitted by them, including any trail commission. The Administrator also agreed, if the aggregate fee paid by the Company to the Administrator exceeded the costs of the Offer by more than £25,000, to rebate any surplus to the Company, subject to a cap of £100,000.

9. Related party transactions

- 9.1 Other than the agreements, deeds and shareholdings referred to in paragraph 8 above and as described in paragraph 9.2 below, there have been no related party transactions relating to the Company between 1 October 2021 and the date of this document.
- 9.2 As announced on 14 December 2021, following a review of board remuneration and taking into account peer group analysis and inflation, the Board decided to increase each Director's remuneration with effect from 1 January 2022. The fee payable to Oliver Bedford is paid directly to the Investment Manager and therefore the fee payable to the Investment Manager by the Company on behalf of Oliver Bedford constitutes a related party transaction. Following aggregation of both the agreement to increase the fee payable to the Investment Manager on behalf of Oliver Bedford and the Company's entry into the offer agreement with CGWL in September 2021 (which constituted a smaller related party transaction), the Board's agreement to increase Oliver Bedford's annual fee, which will be paid directly to the Investment Manager, was a smaller related party transaction as defined in Listing Rule 11.1.10R.
- 9.3 As announced on 2 September 2022, the Board decided to increase each Director's remuneration with effect from 1 October 2022. Following aggregation of the agreement to increase the fee payable to the Investment Manager on behalf of Oliver Bedford in this instance and with the increase that took effect from 1 January 2022, and the Company's entry into the offer agreement with CGWL in September 2021 (which constituted a smaller related party transaction), the Board's agreement to increase Oliver Bedford's annual fee, which will be paid directly to the Investment Manager, with effect from 1 October 2022 was a smaller related party transaction as defined in Listing Rule 11.1.10R.

10. Specific disclosures in respect of Closed-Ended Funds

- 10.1 The Company is not regulated to conduct investment business under FSMA, nor authorised by the FCA although it is registered with the FCA as a small UK registered AIFM.
- 10.2 The Investment Manager intends to structure the Company's investments in accordance with the Company's objectives of spreading investment risk and in accordance with the published investment policy as set out in paragraph 2.1 of Part 2 of this document. The investment policy is in line with the VCT Rules and the Company will not deviate from it in any material respect without prior Shareholder approval.
- 10.3 The Company is not authorised by the FCA (or an equivalent overseas regulator) although VCTs need to meet a number of conditions set out in tax legislation in order for the VCT tax reliefs to apply. The Company must also comply with the continuing obligations of listed companies under the Listing Rules and the Disclosure Guidance and Transparency Rules.
- 10.4 The Company is regulated by the VCT Rules in respect of the investments it makes as described in Part 5 of this document. The Company has appointed Philip Hare & Associates LLP as its VCT status adviser. Philip Hare & Associates LLP will report twice yearly to the Directors as a part of the Company's annual and interim reporting obligations. In respect of any breach of the VCT Rules, the Company, together with Philip Hare & Associates LLP, will report directly and immediately to HMRC to rectify the breach and announce the same immediately to Shareholders through a Regulatory Information Service.
- The Company will not conduct any trading activity which is significant in the context of its group (if any) as a whole. No more than 10 per cent., in aggregate, of the value of the total assets of the Company at the time an investment is made may be invested in other listed closed-ended investment funds, except where those funds themselves have published investment policies which permit them to invest no more than 15 per cent. of their total assets in other listed closed-ended investment funds. The Company will, at all times, invest and manage its assets in a way which is consistent with its objectives of spreading investment risk and in accordance with its published investment policy. The Company will also invest and manage its assets to ensure compliance with the Listing Rules, the Prospectus Regulation Rules and the VCT Rules and restrictions.
- 10.5 The Board acts independently of the Investment Manager and a majority of the Directors (including the Chairman) are considered to be independent of the Investment Manager.

- 10.6 The Company will not:
- 10.6.1 invest more than 15 per cent. of its gross assets in any single company, in accordance with the VCT Rules, nor will the Company control the companies in which it invests in such a way as to render them subsidiary undertakings;
 - 10.6.2 invest directly in physical commodities;
 - 10.6.3 invest in any property collective investment undertaking; or
 - 10.6.4 invest in any derivatives, financial instruments, money market instruments or currencies other than for the purposes of efficient portfolio management (i.e. solely for the purpose of reducing, transferring or eliminating investment risk in the underlying investments of the collective investment undertaking, including any technique or instrument used to provide protection against exchange and credit risks).
- 10.7 The Administrator is responsible for the determination and calculation of the Net Asset Value of the Company on a weekly basis. The Net Asset Value of the Company will be communicated to Shareholders through a Regulatory Information Service provider with the same frequency as the determinations. The calculation of the Net Asset Value of the Company will only be suspended in circumstances where the underlying data necessary to value the investments of the Company cannot readily, or without undue expenditure, be obtained. Details of any suspension in making such calculations will be announced through a Regulatory Information Service.

11. **Mandatory takeover and/or squeeze-out and sell-out rules**

The Company is subject to the City Code on Takeovers and Mergers (the "**Code**"). Under Rule 9 of the Code, if:

- any person acquires, whether by a series of transactions over a period of time or not, an interest in shares which (taken together with shares in which persons acting in concert with him are interested) carry 30 per cent. or more of the voting rights of a company; or
- any person, together with persons acting in concert with him, is interested in shares which in the aggregate carry not less than 30 per cent. of the voting rights of a company but does not hold shares carrying more than 50 per cent. of such voting rights and such person, or any person acting in concert with him, acquires an interest in any other shares which increases the percentage of shares carrying voting rights in which he is interested,

then, unless that person, and where appropriate any concert parties, have obtained the consent of the Panel on Takeovers and Mergers (the "**Panel**"), the acquirer will be required to make a cash offer for the outstanding shares of the company at a price not less than the highest price paid by the acquirer, or a concert party, for shares in the company in the preceding 12 month period.

The Company is also subject to sections 974-991 of the Act. Under these sections, where a takeover offer is made, and the offeror acquires or contracts to acquire, not less than 90 per cent. of the shares to which the offer relates (where the 90 per cent. is both value of shares and voting rights) then the offeror is entitled to require the holders of any shares who have not accepted the offer to compulsorily transfer those shares to the offeror. The consideration offered to those who have not accepted any offer and whose shares are being compulsorily acquired must, generally, be the same as that offered under the earlier offer.

In addition to the above, under sections 983-985 of the Act, where a successful takeover offer is made, or the offeror acquires or contracts to acquire 90 per cent. of the shares (both as to value and voting rights) then a holder of shares to which the offer relates who has not accepted the offer may require the offeror to acquire those shares on the terms of the offer or on such other terms as may be agreed. The offeror is required within one month of such right arising to notify a shareholder who has not accepted the offer notice in the prescribed manner.

Other than as provided for by the Act and the Code, the Company is not subject to any other rules relating to mandatory takeover bids and/or squeeze-out and sell-out rules in relation to the Shares.

As at the date of this document, the Company is not aware of the existence of any mandatory take-over bids or any attempt to acquire Shares under any squeeze-out or sell-out rules.

Part 7: Terms and conditions of the Offer

The following terms and conditions apply to the Offer.

Save where the context otherwise requires, words and expressions defined in the Prospectus have the same meanings when used in these terms and conditions and in the Application Form. Words importing one gender (where appropriate) include any other gender and words importing the singular shall (where appropriate) include the plural and vice versa.

The Application Form forms part of these terms and conditions of the Offer.

1. The maximum amount to be raised under the Offer is £20 million with the Over-allotment Facility (which can be used at any time during the Offer) of a further £30 million. If the Board (in consultation with the Investment Manager) decides to utilise the Over-allotment Facility, the Company will make a Regulatory Information Service announcement as soon as reasonably practicable.
2. The contract created by the acceptance of applications under the Offer (in whole or in part) in the manner set out herein will be conditional upon (i) the Offer Agreement referred to in paragraph 8.1 of Part 6 of the Prospectus becoming unconditional and not being terminated in accordance with its terms; (ii) the passing of Resolution 1 and Resolution 2 which will be put to Shareholders at the General Meeting and (iii) Admission of the Offer Shares conditionally allotted pursuant to the Application Form and Subscription becoming effective.
3. In the event that the Offer does not proceed due to relevant conditions not being satisfied, any application monies received in respect of the Offer will be returned, without interest, at the risk of the person entitled thereto.
4. Where payment is being made by cheque, or banker's draft (such methods of payment only being valid in respect of Paper Application Forms and not, for the avoidance of doubt, in respect of Electronic Application Forms), the right is reserved by the Company to present all cheques and bankers' drafts for payment on receipt by the Receiving Agent and to retain share certificates and subscription monies, pending clearance of successful subscribers' cheques and bankers' drafts. The Company and its agents may treat Application Forms as valid and binding even if not made in all respects in accordance with the prescribed instructions or not complying fully with these terms and conditions and the Company and its agents may, at their discretion, accept an Application Form in respect of which payment is not received by the Company prior to the closing of the Offer. The Company and its agents reserve the right to waive in whole or in part any of the provisions of these terms and conditions, either generally or in respect of one or more applications. In particular, but without limitation, the Company may accept an application made otherwise than by way of the Application Form where the Investor has agreed in some other manner satisfactory to the Company and its agents to subscribe in accordance with these terms and conditions. If any application is not accepted in full or any contract created by acceptance does not become unconditional, the subscription monies or, as the case may be, the balance thereof will (save where the amount is less than £3.00, in which case you authorise such amount to be paid to the Company and used for its own purpose) be returned (without interest) in Sterling by returning each relevant Investor's cheque or banker's draft or by crossed cheque in favour of the Investor, through the post at the risk of the person(s) entitled thereto or by bank transfer, at the risk of the person entitled thereto, to the same bank account from which the monies were received as identified in the Application Form. In the meantime, Subscription monies will be retained by the Receiving Agent in a separate account. The Company may require the Investor to pay interest or its other resulting costs (or both) if the cheque or banker's draft accompanying his or her application is not honoured on first presentation. If the Investor is required to pay interest he or she will be obliged to pay the full amount determined by the Company to be the interest on the amount of the cheque or banker's draft from the date on which such remittance is not honoured until the date of receipt of cleared funds. The rate of interest will be 3 per cent. per annum. Monies which are not sufficient to buy one Offer Share under the Offer will not be returned to Investors but will be retained by the Company and fractions of Offer Shares will not be issued.
5. CGWL is acting as receiving agent in relation to the Offer.
6. The Offer is not underwritten. The allotment of Offer Shares will be subject to having the requisite authorities from Shareholders from time to time. The Offer will be suspended if at any time the Company is prohibited by statute or other regulations from issuing Offer Shares or to the extent that the Company has insufficient Shareholder authority to issue Offer Shares.

7. The Company reserves the following rights:
 - 7.1. To change the basis of allocation under the Offer at the discretion of the Directors after consultation with the Investment Manager and the Sponsor, and to reject in whole or in part and scale down and/or ballot any application or any part thereof. Application Forms which are not accompanied by cheques available for immediate presentation or by other valid payment means will be dealt with at the Directors' discretion. If any dispute arises as to the date or time on or at which an application is received, the Directors' determination shall be final and binding. Multiple applications under the Offer from the same Investor in the same tax year will not be accepted as a means to achieving the minimum subscription.
 - 7.2. To scale down the number of Offer Shares available for subscription under the Offer at any time prior to the closing of the Offer.
 - 7.3. To close the Offer earlier than the closing date if fully subscribed.
 - 7.4. To accept Application Forms and to allot and arrange for the listing of Offer Shares in respect of applications received under the Offer on or prior to the stated closing date of the Offer as the Directors see fit.
 - 7.5. To withdraw the Offer at any time prior to satisfaction of the applicable conditions set out in paragraph 2 of this Part 6.
8. By completing and delivering an Application Form you:
 - 8.1. irrevocably offer to subscribe for Offer Shares at the relevant Offer Price representing the amount in pounds Sterling specified in section 7 of your Application Form (or such lesser number for which your application is accepted) on the terms of and subject to the conditions of the Prospectus (including these Terms and Conditions of the Offer and the Terms and Conditions of the Adviser Charges Agreement (contained in the section of the Prospectus titled "Terms and conditions of the Adviser Charges Agreement"), if applicable) and the Articles of Association of the Company;
 - 8.2. agree that, in consideration for the Company agreeing that it will not issue or allot any Ordinary Shares which are subject to the Offer to any person other than by means of the procedures referred to in the Prospectus, your application shall not be revoked (save in accordance with 'withdrawal rights' under section 87Q of FSMA and Prospectus Regulation Rule 3.4.1 where a supplementary prospectus to the Prospectus is issued by the Company) and this paragraph shall constitute a collateral contract between you and the Company which will become binding upon (i) in the case of Electronic Application Forms, submission of the Electronic Application Form and (ii) in the case of Paper Application Forms, despatch by post to, or (in the case of delivery by hand) on receipt by, CGWL of your Paper Application Form;
 - 8.3. warrant that your remittance will be honoured on first presentation and agree that if it is not so honoured you will not be entitled to receive a share certificate, or have Offer Shares allotted to your CREST account (as the case may be), in respect of the Offer Shares applied for unless and until you make payment in cleared funds for such Offer Shares and such payment is accepted by the Company in its absolute discretion (which acceptance may be on the basis that you indemnify it against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of your remittance to be honoured on first presentation) and you agree that, at any time prior to the unconditional acceptance by the Company, it may (without prejudice to other rights) avoid the agreement to allot such Offer Shares and may allot such Ordinary Shares to some other person, in which case you will not be entitled to any payment in respect of such Offer Shares;
 - 8.4. agree that if, following the issue of all or any Offer Shares applied for pursuant to the Offer your remittance is not honoured on first presentation, the Offer Shares may, subject to the Articles and forthwith upon payment by CGWL of the Offer Price of the Offer Shares to the Company, be transferred to CGWL at the relevant Offer Price per Offer Share and any director of CGWL is hereby irrevocably appointed and instructed to complete and execute all or any form(s) of transfer and/or any other documents in relation to the transfer of the Offer Shares to CGWL or such other person as CGWL may direct and to do all such other acts and things as may be necessary or expedient, for the purpose of or in connection with, transferring title to the Offer Shares to CGWL or such other person, in which case you will not be entitled to any payment in respect of such Offer Shares;

- 8.5. agree that, in respect of those Offer Shares for which your application has been received and is not rejected, acceptance of your application shall be constituted, at the election of the Company either (i) by notification to the London Stock Exchange of the basis of allocation (in which case acceptance shall be on that basis) or (ii) by notification of acceptance thereof to CGWL;
- 8.6. agree that any share certificate to which you may become entitled and any monies refundable to you may be retained by CGWL pending clearance of your remittance and any investigation of any suspected breach of these terms and conditions and pending any verification of identity which is, or which the Company or the Receiving Agent may consider to be, required for the purposes of (i) the UK Money Laundering Regulations, as amended, updated, replaced or superseded from time to time, (ii) the Common Reporting Standard and/or (iii) FATCA, and that such monies will not bear interest;
- 8.7. subject as provided in paragraphs 8.3 and 8.4, authorise CGWL to send a share certificate, or have Ordinary Shares allotted to your CREST account (as the case may be) in respect of the number of Ordinary Shares for which your application is accepted and/or to return electronic payments or send a crossed cheque, by post, at the risk of the person entitled thereto, to the address of the person named as the applicant in the Application Form;
- 8.8. warrant that if you sign the Application Form on behalf of somebody else you have due authority to do so on behalf of that other person and such person will also be bound accordingly and will be deemed also to have given the confirmations, warranties and undertakings contained herein and undertake to enclose your power of attorney or a copy thereof duly certified by a solicitor with the Application Form;
- 8.9. agree that all applications, acceptances of applications and contracts resulting therefrom under the Offer shall be governed by and construed in accordance with English law, and that you submit to the jurisdiction of the English Courts and agree that nothing shall limit the right of the Company to bring any action, suit or proceedings arising out of or in connection with any such applications, acceptances of applications and contracts in any other manner permitted by law or in any court of competent jurisdiction;
- 8.10. confirm that in making such application you are not relying on any information or representation in relation to the Company other than the information contained in the Prospectus (as may be supplemented by a supplementary prospectus), or any part thereof and accordingly you agree that no person responsible solely or jointly for the Prospectus or any part thereof or involved in the preparation thereof shall have any liability for any such other information or representation and you acknowledge that no person is authorised in connection with the Offer to give any information or make any representation other than as contained in the Prospectus (as may be supplemented by a supplementary prospectus) and, if given or made, any information or representation must not be relied upon as having been authorised by the Company or any of its agents;
- 8.11. authorise CGWL, or any persons authorised by it, as your agent, to do all things necessary to effect registration of any Ordinary Shares subscribed by you into your name or into the name of any person in whose favour the entitlement to any such Ordinary Shares has been transferred and authorise any representative of CGWL to execute any document required therefor;
- 8.12. agree that, having had the opportunity to read the Prospectus, you shall be deemed to have had notice of all information and representations concerning the Company and the Offer Shares contained therein;
- 8.13. confirm that you have reviewed the restrictions contained in paragraphs 10 and 11 below and warrant that you are not a "US Person" as defined in the US Securities Act, as amended, nor a resident of Canada, Australia, Japan, New Zealand or the Republic of South Africa and that you are not applying for any Offer Shares with a view to their offer, sale or delivery to or for the benefit of any US person or a resident of Canada, Australia, Japan, New Zealand or the Republic of South Africa; nor will you offer, sell, renounce, transfer or deliver directly or indirectly any of the Offer Shares to any such person;
- 8.14. agree to CGWL carrying out the necessary enquiries to verify your identity (including an electronic identity check) to ensure compliance with the UK Money Laundering Regulations, the Common Reporting Standard or FATCA;
- 8.15. confirm that you are not applying on behalf of a person engaged in money laundering, drug crimes, terrorist financing or terrorism;

- 8.16. agree on request by the Company or the Receiving Agent on behalf of the Company to disclose promptly in writing to either of them such information as the Company or the Receiving Agent may reasonably request in connection with your application for Offer Shares including, without limitation, any information which either may request in order to comply with Venture Capital Trust or other relevant legislation, satisfactory evidence of identity to ensure compliance with the UK Money Laundering Regulations and information required under the Common Reporting Standard and/or FATCA, and authorise the Company and the Receiving Agent to retain and disclose any information relating to your application as it considers appropriate;
 - 8.17. agree that Dickson Minto W.S. will neither treat you as its customer by virtue of your Application Form being accepted nor owe you any duties or responsibilities concerning the price of the Offer Shares or the suitability for you of Offer Shares or be responsible to you for providing the protections afforded to its customers;
 - 8.18. declare that the Application Form has been completed to the best of your knowledge and that the details relating to you as set out in your Application Form are correct;
 - 8.19. agree that a failure to receive, process or accept your application for Offer Shares does not give rise to any right of action by any person against the Company, the Investment Manager, Dickson Minto W.S., the Receiving Agent or any other person;
 - 8.20. acknowledge that the information provided in connection with your application will be provided to the Receiving Agent, the Investment Manager (and its delegates) and the Registrars to process Application Forms and shareholding details and send notifications to you;
 - 8.21. warrant that you are not under the age of 18;
 - 8.22. agree that you will not be entitled to exercise any remedy of rescission for innocent misrepresentation at any time after acceptance of your Application Form (provided that this does not affect any other right you may have);
 - 8.23. acknowledge that the Receiving Agent and/or the Investment Manager and/or the Company (or their delegates and agents) may, if necessary, disclose information to HMRC and the IRS to satisfy their FATCA or CRS obligations or to other regulatory bodies if required, or considered obliged, to do so in accordance with any statute or regulation or by governmental, judicial and law enforcement bodies; and
 - 8.24. agree that all documents and cheques sent by post to, by or on behalf of the Company or CGWL, will be sent at the risk of the person(s) entitled thereto.
9. The Company reserves the absolute right to inspect (either itself, through the Receiving Agent and/or the Investment Manager or through other agents) all Application Forms, and may consider void and reject an Application Form that does not in the sole judgement of the Company satisfy the terms and conditions of the Offer. If an Application Form is not completed or in the Company's determination (in its absolute discretion) has not been validly completed, provided that the Application Form is otherwise in order and is accompanied by the appropriate Subscription monies, the application for Offer Shares may be accepted as a valid application in whole or in part at the Company's discretion.
 10. No person receiving a copy of the Prospectus or an Application Form in any territory other than the United Kingdom may treat the same as constituting an invitation or offer to them, nor should they in any event use such Application Form unless, in the relevant territory, such an invitation or offer could lawfully be made to them or such Application Form could lawfully be used without contravention of any registration or other legal requirements. 11. The Ordinary Shares have not been and will not be registered under the US Securities Act, as amended, and, subject to certain exceptions, the Ordinary Shares may not be offered, sold, renounced, transferred or delivered, directly or indirectly, in the United States or to any person in the United States. Persons subscribing for Ordinary Shares shall be deemed, and (unless the Company is satisfied that their respective Ordinary Shares can be allotted without breach of United States securities laws) shall be required, to represent and warrant to the Company that they are not a US Person, being a person in the United States ("US Person") and that they are not subscribing for such Ordinary Shares for the account of any such person and will not offer, sell, renounce, transfer or deliver, directly or indirectly, such Ordinary Shares in the United States or to any such person. As used herein, "United States" means the United States of America (including each of the States and the District of Columbia), its territories or possessions or other areas subject to its jurisdiction. In addition, the Company has not been and will not be registered under the US Investment Company Act. The Investment Manager is not registered under the United States Investment Advisers Act of 1940, as amended.
12. Investors will be separately liable for any Adviser Charges that they have agreed with their Financial Intermediary and the Company shall have no responsibility to any Investor or Financial Intermediary in respect of any such Adviser Charges. Any facilitation of the payment of such Adviser Charges by the Company shall be subject to the Application Form and in particular to the Terms and Conditions of the Adviser Charges Agreement set out in the section of the Prospectus titled "Terms and conditions of the Adviser Charges Agreement". To the extent that an Investor wishes the Company to facilitate the payment of any Adviser Charges, such Investor should complete the relevant sections of the Application Form, in which case the Terms and Conditions of the Adviser Charges Agreement shall apply. It should be noted that any amount of Adviser Charges which may be facilitated by the Company should not be considered as implying an appropriate level of Adviser Charges. Adviser Charges are for the Investor and the Financial Intermediary to agree, depending on the level of advice and service being provided.
13. If (i) no advice has been provided by an authorised Financial Intermediary to an Investor in respect of their application for Offer Shares (i.e. the Investor is 'execution only') or (ii) only restricted advice has been provided to an Investor that is a Professional Client (as defined in COBS 3.5), CGWL offers to pay introductory commission to the Financial Intermediary at the rate of one per cent. on the value of successful applications submitted through them or introductory commission of 0.5 per cent. plus trail commission of 0.375 per cent. of the amount subscribed by an Investor per annum (limited to five years). The introductory commission may be waived by joint agreement between CGWL and the Financial Intermediary and reinvested by the Financial Intermediary on behalf of its clients in additional Offer Shares (the rebate in each case may be in whole or in part in 25 per cent. increments). If the Financial Intermediary agrees to waive and reinvest introductory commission on behalf of its client, the Investor will be issued additional Offer Shares, at the relevant Offer Price, which in aggregate represent the amount of introductory commission waived by the Financial Intermediary. No further fees or commission will be paid in respect of such additional Offer Shares.

Such commissions will only be paid if, and to the extent that, it is permitted under legislation and regulations and will be paid by CGWL. 'Execution only' financial intermediaries should keep a record of Application Forms submitted bearing their FCA number to substantiate any claim for commission.

Annual trail commission will be paid annually by CGWL on or around the annual anniversary date of allotment and further provided that no personal recommendation or financial advice is provided by the Financial Intermediary to the client (where the client is a UK retail investor). The administration of annual trail commission will be managed by CGWL which will maintain a register of Financial Intermediaries entitled to trail commission.

For the avoidance of doubt, should an Existing Shareholder decide to seek financial advice from their existing 'execution only' Financial Intermediary in respect of participating in the Offer or otherwise, any trail commission which is currently being paid to that Shareholder's Financial Intermediary pursuant to an existing holding in the Company must cease and either the Company, the Investment Manager or CGWL must be notified accordingly.
14. Investors and 'execution only' Financial Intermediaries should note that annual trail commission will not be payable if the relevant Financial Intermediary subsequently gives personal recommendations or advice in respect of a holding to a UK retail client. Either the Company, the Investment Manager or CGWL must be immediately notified that annual trail commission payments should cease. It is the responsibility of the

Investor and the Financial Intermediary to notify the Company if a personal recommendation or advice is given and payments for this (or for any other reason) must cease (though the Company and CGWL also reserve the right to cease payments if they believe advice may have been given or for any other reason in their absolute discretion).

In respect of existing trail commission arrangements with Financial Intermediaries, such payments will continue (to the extent permitted under legislation and regulations), but not if (in the case of UK retail clients) subsequent financial advice or personal recommendations in respect of the holding is given. As a result, should an Existing Shareholder decide to seek financial advice from their existing 'execution only' Financial Intermediary in respect of participating in the Offer, any annual trail commission which is currently being paid to that Financial Intermediary in respect of an existing holding by that Shareholder in the Company must cease and either the Company, the Investment Manager or CGWL should be notified accordingly (though the Company and CGWL also reserve the right to cease payments if they believe advice may have been given or for any other reason in their absolute discretion).

If a Shareholder ceases to be a client of an 'execution only' Financial Intermediary and becomes a client of another 'execution only' intermediary, the new 'execution only' intermediary firm will not be entitled to receive trail commission in respect of the client's shareholding, except where the new intermediary has undertaken a business acquisition of the original intermediary firm and a novation agreement (or agreement of similar effect) is in place in respect of the client.

15. The Company (after consultation with CGWL) may change the arrangements in respect of CGWL and the availability and terms of commission payable and if such changes are made, the Company will release an announcement through a Regulatory Information Service. The Company may also provide or publish one or more amended Application Forms pursuant to which applications under the Offer will be accepted.
16. Where commission is payable, CGWL will collate the Application Forms bearing the Financial Intermediaries' stamps (or other applicable method of authentication if submitting an Electronic Application Form) and full address details and calculate and pay the introductory and any trail commission payable by CGWL.
17. CGWL will seek confirmation annually from all Financial Intermediaries receiving commission (both introductory and trail commissions) from CGWL as to their continued ability to receive commission payments. CGWL reserves the right to terminate such commission payments if Financial Intermediaries do not provide such annual confirmation to CGWL's satisfaction, in its sole discretion.
18. If the Company is required to publish a supplementary prospectus, subscribers who have yet to be entered on to the Company's register of members will be given two business days to withdraw from their application under the Offer. In the event that notification of withdrawal is given by post, such notification will be effected at the time the subscriber posts such notification rather than at the time of receipt by the Company.
19. In the event that applications are received for an amount in excess of the Maximum Subscription, the Directors reserve the right to exercise their discretion in the allocation of successful applications although the allocation will usually be on a first come first served basis. The right is also reserved to reject in whole or in part any application or any part thereof and to treat as valid any application not in all respects completed in accordance with the instructions relating to the Application Form.
20. third parties who are involved in carrying out functions related to the services provided under the Offer Agreement and/or Registrar Agreement. Personal data may be disclosed to third parties, including affiliates of the Receiving Agent and/or Registrar, outside of the UK and the EEA in countries which do not have similar protections in place regarding personal data and its use (provided that the Company, Receiving Agent and/or Registrar (as applicable) shall ensure that any third parties outside the UK and the EEA to whom personal data is disclosed have put in place proper security measures to ensure at least the same level of protection of the personal data as is required under Data Protection Legislation in the UK.

By becoming registered as a holder of Ordinary Shares or otherwise providing the Company with personal data, a person becomes a data subject and acknowledges that the processing of personal data by the Company, Receiving Agent and/or the Registrar of any personal data relating to them will take place in the manner described above. Data subjects have certain rights in relation to their personal data, including the right to receive a copy of the information that is held about them. For more details, please see the privacy notice referred to above.

21. To the extent permitted by law, all representations, warranties and conditions, express or implied and whether statutory or otherwise (including, without limitation, pre-contractual representations but excluding any fraudulent representations), are expressly excluded in relation to the Offer Shares and the Offer.
22. The rights and remedies of the Company and its agents under these terms and conditions of the Offer are in addition to any rights and remedies which would otherwise be available to them and the exercise or partial exercise of one will not prevent the exercise of others.
23. The dates and times referred to in these terms and conditions of the Offer may be altered by the Company with the agreement of the Investment Manager, CGWL and the Sponsor.
24. The application of the proceeds of the Offer is subject to the absolute discretion of the Directors.
25. Without prejudice to any of the foregoing terms set out in these terms and conditions, the Company may make non-material amendments to these terms and conditions of the Offer for the purpose of expedient processing of Subscriptions or Application Forms, or in order to comply with applicable law and regulation.
26. Save where the context otherwise requires, words and expressions defined in the Prospectus have the same meaning when used in the Application Form and any explanatory notes in relation thereto.

An Electronic Application Form is available to complete via the Company's website at <https://www.hargreaveaimvcts.co.uk/>.

Section 1: Personal details

Insert your full name, address, date of birth, country/place of birth, nationality, email address and telephone number in block capitals in section 1. No joint applications are permitted.

You must be the intended beneficial owner of the Offer Shares (please do not use a nominee name as this may jeopardise your entitlement to VCT tax reliefs). If you would like your Offer Shares to be issued directly to a nominee and/or into CREST, please also complete Section 3.

Applications may only be made by persons aged 18 or over.

Section 2: Tax residency

The UK Government requires the financial services industry to collect and review details of financial accounts and assets held by persons that have tax residency in jurisdictions other than the UK. This information is reported to HMRC for onward transmission under the exchange of information articles contained within the various treaties and conventions to which the UK is a party.

Investors are required to list all countries in which they are resident for tax purposes in section 2. Investors should include the relevant tax reference number, which is often referred to as a Tax Information Number (TIN).

If you are a US citizen please select the box on the second page of the Application Form. A US citizen is a person who is (a) born in the United States, (b) naturalised as a US citizen or (c) has a parent who is a US citizen. Further, a person can be deemed a 'tax resident' of the United States by virtue of the 'substantial presence test' or if they hold a 'green card'.

Section 3: Registration details

Any Offer Shares allotted to you will be in a registered form capable of being transferred by means of the CREST system. Investors who wish to take advantage of the ability to trade in Offer Shares in uncertificated form, and who have access to a CREST account, may arrange to have their Offer Shares allotted directly to their CREST account, or subsequently to convert their holdings into dematerialised form in CREST. Investors should be aware that Offer Shares delivered in certificated form are likely to incur higher dealing costs when sold than those in respect of Offer Shares held in CREST. The Company's share register will be kept by Equiniti Limited, Aspect House, Spencer Road, Lancing, West Sussex BN99 6DA. Offer Shares issued close to the end of the tax year may need to be issued in certificated form to allow the investment to be made within the required tax year.

Section 4: Source of wealth

Please provide details of how you acquired the money you plan to subscribe under the Offer. If you select "Earned income", please disclose your occupation where indicated. If you select "Pension income", please disclose your previous occupation where indicated. If you select "Savings", please provide further details of how these savings were generated. If you select "Other" please provide as much detail as possible in the box provided. In some cases, you may be required to provide further information and documentary evidence.

Section 5: Financial advice

Please indicate whether you have received financial advice or a personal recommendation in connection with your application for Offer Shares. If you have received financial advice or a personal recommendation, please complete this section and ensure your Financial Intermediary completes section 14.

Section 6: Adviser Charges

Commission cannot be paid to Financial Intermediaries in respect of advised sales of retail investment products sold to retail investors in the UK. Therefore if your Financial Intermediary provides you with advice in respect of this application for Offer Shares or otherwise, neither CGWL nor the Company will pay commission to your

Financial Intermediary. Instead, your Financial Intermediary will need to agree Adviser Charges with you which you will be responsible for paying. The Company can, however, facilitate the payment of Adviser Charges on your behalf so that you do not have to make a separate payment to your Financial Intermediary. The remuneration will be an Adviser Charge for advice provided to you in relation to the Company and this charge will be withdrawn from the funds the Company receives from you. This is what is meant by facilitating the payment of this charge by the Company and the facilitation service is subject to the terms and conditions set out in the Terms and Conditions of the Adviser Charges Agreement set out in the section of the Prospectus titled "*Terms and conditions of the Adviser Charges Agreement*". You will need to discuss and agree the amount and method of paying any Adviser Charges with your Financial Intermediary.

The Adviser Charge is treated separately to your investment and will not attract any income tax relief. By way of example, you can apply to make an investment of £10,000 ('*Total Investment*' box in section 7) and pay Adviser Charges of £200 ('*Adviser Charge*' box in section 6), which will require a cheque from you for £10,200 ('*Total amount payable*' box in section 8).

Alternatively, you can submit a cheque for £10,000 ('*Total amount payable*' box in section 8), of which £9,800 ('*Total Investment*' box in section 7) will be invested in new Offer Shares (and therefore attract income tax relief) and £200 ('*Adviser Charge*' box in section 6) will be paid to your Financial Intermediary as Adviser Charges.

Payments of Adviser Charges on behalf of Investors will be paid by the Company only in respect of the amount stated in the '*Adviser Charge*' box in section 6. The Terms and Conditions of the Adviser Charges Agreement set out in the section of the Prospectus titled "*Terms and conditions of the Adviser Charges Agreement*" will apply. In addition, no payment will be made by the Company unless the relevant application is successful and the Company is in receipt of sufficient cleared funds from Investors in the amount set out in the '*Total amount payable*' box in section 8 (which must comprise an aggregate of the amounts set out in the '*Total Investment*' box in section 7 and the '*Adviser Charge*' box in section 6).

If you require the Company to facilitate the payment of any such Adviser Charges on your behalf, please select the box in section 6 and specify the amount (in pounds Sterling) of the Adviser Charges that you require the Company to pay on your behalf in the '*Adviser Charge*' box in section 6. By selecting the box in section 6 you are acknowledging and agreeing that the Terms and Conditions of the Adviser Charges Agreement set out in the section of the Prospectus titled "*Terms and conditions of the Adviser Charges Agreement*" apply and by signing the Application Form you are agreeing to the Terms and Conditions of the Adviser Charges Agreement. You will also need to ensure your Financial Intermediary completes the relevant parts of section 14 of the Application Form.

Please note that the Adviser Charges that you are instructing the Company to pay should relate to such advice or services provided to you by your Financial Intermediary in connection with the Offer only. The Company will only accept instructions from you to facilitate the payment of the Adviser Charges by using the Application Form unless it agrees otherwise at its absolute discretion.

The Terms and Conditions of the Adviser Charges Agreement are set out in the section of the Prospectus titled "*Terms and conditions of the Adviser Charges Agreement*" and are important. You should take time to read them before you sign and complete section 13 of the Application Form. If you are uncertain about any aspect of the Terms and Conditions of the Adviser Charges Agreement or how to complete the Application Form, you should discuss this with your Financial Intermediary or any other professional adviser acting on your behalf.

Section 7: Amount to be invested

Insert the sums you are subscribing for in section 7. The minimum subscription per Investor under the Offer is £5,000 in aggregate across both the 2022/2023 and 2023/2024 tax years. Applications in respect of less than £5,000 in aggregate will not be accepted and amounts transferred in relation to such applications will not be processed.

Multiple applications under the Offer from the same Investor in the same tax year will not be accepted as a means to achieving the minimum subscription.

Section 8: Total amount payable

The total amount payable by you will be the aggregate of the amounts set out in section 6 (if applicable) and section 7. Please complete this total amount in pounds Sterling in the box provided in section 8. If completing an Electronic Application Form, please check the total amount in section 8 is calculated correctly before submitting. Payment by you must be in respect of this total amount.

Section 9: Payment options

The Company reserves the right to decline to allot Offer Shares if an Investor's funds have not cleared by the date of allotment or if the funds cannot be matched to the details provided in the Application Form. Please therefore ensure that your completed Application Form and funds are submitted well in advance of the intended allotment date. This is particularly important if you wish to be issued Offer Shares in the final allotment prior to the tax year end.

Please note the transmission and clearance times for the following methods of payment:

- Cheques – seven business days after being banked by the Receiving Agent;
- BACS – three business days;
- Faster Payments – usually same day, but please be aware that this may take up to two business days; and
- CHAPS – same day (depending on the cut-off time of your bank).

Investors may choose from the following methods of payment.

(a) **Personal Cheques, Building Society Cheques or Bankers' Draft(s) (Paper Application Forms only)**

Payment by personal cheque, building society cheque or banker's draft must be made in pounds Sterling and drawn on a branch of a bank or building society in the UK which is either a member of the Cheque and Credit Clearing Company Limited or the CHAPS Clearing Company Limited or which has arranged for its cheques or bankers' drafts to be cleared through the facilities provided by members of either of these companies. Cheques must be drawn on the personal account of the individual investor.

Building society cheques and bankers' drafts will only be accepted where embossed or stamped with the name of the account holder and drawn from the account of the individual Investor.

Cheques and bankers' drafts should be attached to the completed Paper Application Form.

(b) **Electronic payment**

Electronic payments will only be accepted from a UK bank or building society which is either a member of the Cheque and Credit Clearing Company limited or the CHAPS Clearing Company Limited.

The Investor's surname and initials should be quoted as the reference for the payment. Investors must provide details of the account in order to allow CGWL to reconcile the electronic payment to your Application Form.

Electronic payments will only be accepted from the personal account of the individual Investor and where the details of the bank transfer match the details provided in the Application Form. Payments from third party accounts will not be accepted.

In order to comply with the Money Laundering, Terrorist Financing and Transfer of Funds (Information on the Payer) Regulations 2017, as amended by the Money Laundering and Terrorist Financing (amendment) Regulations 2019 (the "**UK Money Laundering Regulations**"), CGWL will conduct an electronic identity check on all Investors, regardless of the size of the consideration or payment method. The identity of the Investor will need to be verified in accordance with the UK Money Laundering Regulations.

In addition, the Company reserves the right to request that an Investor provides any documentary evidence required for the Company to verify the identity of the Investor. The Company may reject the application of any Investor on the basis of the results of any electronic identity check or if it is not satisfied that the necessary documentation has been provided, where requested, to allow it to verify the identity of the Investor.

Section 10: Dividend payments

Please complete your nominated bank account details in section 10 of the Application Form, unless you have elected to participate in the Dividend Reinvestment Scheme or have requested that your Offer Shares be issued to a nominee. If this section is not completed, there may be a delay in the payment of dividends to you.

Please complete this section even if you are an Existing Shareholder and have previously provided a mandate. Where your new Offer Shares are added to an existing holding account designation, this instruction will (unless your holding is in CREST) be applied to your aggregated holding (i.e. to both your existing Ordinary Shares and your new Offer Shares) irrespective of any previous dividend payment instruction.

If you are an Existing Shareholder and would like to withdraw from the Dividend Reinvestment Scheme (for the avoidance of doubt, in respect of all Shares, both new Offer Shares and existing Ordinary Shares), please select the relevant box. This withdrawal election (which will apply only if your Application Form is accepted, following the allotment of Offer Shares to you and subject to any notice periods required under the terms of the Dividend Reinvestment Scheme) will apply to all Ordinary Shares held in the existing holding account designation to which your Offer Shares are added. If you hold multiple holdings under different holding account designations, please provide all holdings account designations to which you wish the withdrawal election to apply.

Section 11: Shareholder communication

Please complete this section to indicate if you would like to receive Hargreave Hale AIM VCT plc related marketing communications, interim management statements and monthly factsheets by email.

If you would like to opt in to electronic communications in respect of your shareholding in the Company, please select the relevant box in this section.

Section 12: Authority in relation to providing shareholding information to Financial Intermediaries

CGWL requires your permission to share your personal information with your Financial Adviser. By selecting the relevant box(es), you can positively identify to CGWL which information it can share with your Financial Adviser. The information that can be shared will fall into one of two categories: (a) correspondence confirming the receipt of your Application Form; and (b) Shareholder Information (see Definitions) regarding this investment and any prior investments in the Company.

Section 13: Declaration /signature

Please sign and date the Application Form in section 13. The Application Form may be signed by someone else on your behalf, if duly authorised by power of attorney to do so. Any power of attorney pursuant to which the Application Form is signed (or a duly certified copy thereof) must be enclosed for inspection or forwarded under separate cover if submitting an Electronic Application Form.

Section 14: Authorised Financial Intermediaries

Financial Intermediaries who wish to receive payment from the Company for applications in accordance with this section should complete section 14A and provide their full name and address, telephone number and FCA number. Financial Intermediaries will also need to arrange for signature by an authorised signatory at section 14F to confirm that (i) the information provided by the Financial Intermediary is correct (ii) it acknowledges and agrees to the Terms and Conditions of the Adviser Charges Agreement (to the extent applicable) set out in the section of the Prospectus titled "*Terms and conditions of the Adviser Charges Agreement*" and (iii) if applicable, it agrees to the rebate of commission as indicated by it at section 14D of the Application Form.

The right is reserved to withhold payment to any Financial Intermediary if CGWL is not, in its sole discretion, satisfied that the agent is so authorised.

Financial Intermediaries should keep a record of Application Forms submitted to substantiate any claim for payment. Claims for payment must be made and substantiated on submission of an Application Form.

Commission

If no advice has been provided by a Financial Intermediary to an Investor in respect of their application for Offer Shares, then authorised Financial Intermediaries should select the first box in section 14B.

If no advice has been provided, CGWL is offering to pay introductory commission to authorised Financial Intermediaries at the rate of one per cent. on the value of successful applications submitted through them or

introductory commission of 0.5 per cent. plus trail commission of 0.375 per cent. of the amount subscribed by an Investor per annum (limited to five years). Introductory commission will only be paid in respect of successful applications and only on the amounts set out in the 'Total Investment' box in section 7.

Financial Intermediaries should select the relevant box in section 14C to choose whether they receive only introductory commission or introductory commission and trail commission.

The introductory commission may be rebated by Financial Intermediaries and reinvested by them on behalf of their clients through additional Offer Shares (the rebate in each case may be in whole or in part in 25 per cent. increments).

If Financial Intermediaries choose to rebate introductory commission in the form of additional Offer Shares for the Investor they should complete section 14D and specify the percentage amount of introductory commission that they require to be rebated.

Section 14F should be signed and dated by an authorised representative of the Financial Intermediary.

Delivery of Application Form

The Board is of the view that the Electronic Application Form is the most efficient and cost-effective way for Investors to participate in the Offer and the Board encourages Investors to utilise this method where possible in preference to completing a Paper Application Form. Electronic Application Forms completed via the Company's website will be automatically submitted once complete and a signed copy will be forwarded via email to the Investor and Financial Intermediary, if applicable.

However, Investors may also subscribe by completing the blank Paper Application Form that accompanies this document in accordance with the instructions printed thereon. The completed Paper Application Form together with your cheque or banker's draft should be sent by post, or delivered by hand (during normal business hours only), to Canaccord Genuity Wealth Limited, c/o Talisman House, Boardmans Way, Blackpool FY4 5FY.

All Application Forms (paper or electronic) must be received no later than 5.00 p.m. on 24 March 2023 for investment in the 2022/23 tax year and no later than 12.00 p.m. on 11 August 2023 for investment in the 2023/24 tax year (unless the Offer is closed prior to those dates). If you post your Paper Application Form you are recommended to use first class post and to allow at least two Business Days for delivery.

If you have any queries on the procedure for application and payment, you should contact CGWL (telephone 01253 376 622) or your normal Financial Adviser.

Terms and conditions of the Adviser Charges Agreement

For the avoidance of doubt, references to “you” in these terms and conditions shall be construed as references to the Investor.

1. Payment of the Adviser Charges

- 1.1. The Company will pay to your Financial Intermediary the Adviser Charges you have instructed it to pay following the allotment of your Ordinary Shares.
- 1.2. The Adviser Charges are strictly a matter between you and your Financial Intermediary. Before instructing the Company to pay any Adviser Charges on your behalf, you should first agree the following with your Financial Intermediary:
 - 1.2.1. you have received financial advice in relation to your application for Offer Shares;
 - 1.2.2. the level of the Adviser Charges; and
 - 1.2.3. that your Financial Intermediary will accept payment in accordance with these Terms and Conditions of the Adviser Charges Agreement.
- 1.3. The Company will only pay Adviser Charges to your Financial Intermediary in respect of Offer Shares subscribed for by you in the Company.
- 1.4. When the Company pays the Adviser Charges to your Financial Intermediary, this is a payment that is made at your direction and on your behalf. Any Adviser Charges facilitated by the Company are not a payment for any services provided by your Financial Intermediary to CGWL or the Company.
- 1.5. The Adviser Charges are in addition to and separate from the Subscription amount specified in respect of your Offer Shares.
- 1.6. The Company will act only in accordance with your instructions in respect of the payment of Adviser Charges, except where the Company expressly indicates otherwise in these Terms and Conditions of the Adviser Charges Agreement.
- 1.7. The Company will act on the instructions of your Financial Intermediary only where your Financial Intermediary is asking the Company to reduce or stop paying the Adviser Charges. The Company will not extend or increase the Adviser Charges without your instruction.
- 1.8. If after reasonable efforts, the Company or its agents have been unable to pay the Adviser Charges to your Financial Intermediary, the Company will not pay the Adviser Charges and CGWL will notify you of this action.
- 1.9. The Company will not pay interest to you or your Financial Intermediary for the non-payment or late payment or on a refund of the Adviser Charges. The Company will not pay the Adviser Charges in advance of you receiving a service from your Financial Intermediary.

2. Rights to stop payment of the Adviser Charges

In exceptional circumstances, the Company (acting through its agent or otherwise) may stop the payment of all or part of the Adviser Charges and the Company or its agent will endeavour to notify you as soon as possible of the action it has taken. These circumstances include the following:

- 2.1. if the Company or its agent reasonably believes that the payment of the Adviser Charges would be in breach of any relevant laws or regulations; or
- 2.2. if the Company or its agent reasonably believes that your Financial Intermediary was not appropriately authorised by the FCA or exempt from authorisation under FSMA or any replacement regulator at the time of providing you with advice or services in relation to your investment; or
- 2.3. if your Financial Intermediary ceases to trade; or
- 2.4. if the Company or its agent believes your Financial Intermediary may be insolvent; or
- 2.5. if services to facilitate payment of Adviser Charges are terminated.

3. Change of Financial Intermediary

You should let CGWL know as soon as possible if you change your Financial Intermediary. In such circumstances, the Company will continue to pay any outstanding Adviser Charges to your existing Financial Intermediary unless you advise CGWL otherwise. If you wish the Company to pay the Adviser Charges to a new Financial Intermediary, you will need to contact CGWL and arrange to complete a new Application Form. CGWL will only accept one Application Form for each new Financial Intermediary. Any such Application Form will replace any existing Adviser Charges agreement which you have in place in relation to the Offer and the Company will no longer facilitate payment of the Adviser Charges to your previous Financial Intermediary. On a change of Financial Intermediary, CGWL and/or the Company may provide details of the Adviser Charges paid under the Application Form to your new Financial Intermediary to the extent required to enable your new Financial Intermediary to provide you with advice and services in connection with your Ordinary Shares and signing the Application Form is your consent to allow CGWL and/or the Company to do so. However, you may still be liable to pay the Adviser Charges to your previous Financial Intermediary under the terms of your agreement or arrangement with them.

4. Information about the charges

CGWL may ask you to check the information that it provides to you and to bring any errors or omissions contained in such information to its attention.

5. Value added tax (VAT)

All instructions from you to pay the Adviser Charges will be treated as including any VAT where it is applicable at the rate prevailing at the time of the payment of the Adviser Charges and taking into account any changes to the rate of VAT howsoever occurring.

6. Third party rights

These Terms and Conditions of the Adviser Charges Agreement do not give any rights to any person other than you, the Company and CGWL. No other person (including any Financial Intermediary) shall have any right to rely on any of these terms and conditions.

7. Variation

The Company or its agent may amend or cancel these Terms and Conditions of the Adviser Charges Agreement if it has a valid reason for doing so, by giving you 30 days' notice in writing in advance.

8. Law

These Terms and Conditions of the Adviser Charges Agreement will be governed by and interpreted in accordance with the laws of England and Wales. The courts of England and Wales will have exclusive jurisdiction over any dispute arising from these Terms and Conditions of the Adviser Charges Agreement.
